Capt. W. K. Macnee is arranging for another demonstration of mine exploding for the probationers at the infantry school. The event will likely take place the latter end of next week and take in probably four mines.

Heavy stone is now being rolled into the road on Barrieffield hill, which is being repaired under the direction of Lieut. T. Scott. A new road diversion across the commons will be made when this is completed and work started on the stretch to the bridge.

The batteries at Petawawa Camp have so progressed in their training the shooting will probably commence about Tuesday next.

A number of men from the Special Service Company will take a course at the school of Infantry.

The batteries at Petawawa Camp are well filled with men. "C" Battery, R.C.H.A., has sufficient men for a complete battery and also for a draft. Many of the other batteries are up to or over strength.

At Lake Ontario Park.

For the first three days of next week the management of Lake Ontario Park has succeeded in obtaining a first class bill. There will be a three-reel photoplay, a comedy play and the Pathé films. The two vaudeville acts to be presented are said to be above the average and no doubt the programme will please the patrons of the park.

MAKING PICTURES HERE

A Proposition To Produce Moving Pictures in Kingston.

The Canadian people have to pay to the manufacturers in the United States approximately \$7,000,000 annually for the use or rental of films manufactured by them. Apart from the question of the character and quality of the pictures shown, there is absolutely no reason why all this money should be sent out of this country for films, when just as good, if not better films can be manufactured here in Canada.

Do you know that in California the pay roll of the motion picture companies is double the amount of any other manufacturing concern?

Do you know that the manufacture of motion pictures is the fifth largest industry in the United States?

In another column to-day a Canadian motion picture company now located at Trenton, and which desires to remove to Kingston, places its proposition before local investors. J. K. Carroll, 56 Brock street, is their local representative, and will be pleased to supply all necessary information.

In his Confederation Day message, Sir Robert Borden says Canada's record is one for pride. Don't forget the date, July 2nd. Boat leaves foot of Clarence street.

At the Theatres

At The Grand.

To-night will be the last chance to see the big double bill at the Grand. June Caprice appears in "A Small Town Girl" which is positively the best production she has yet appeared in. Charlie Chaplin appears in his latest, "The Immigrant" and provides a half hour of laughter. Other reels, and Miss Katherine Hart in popular songs, complete this sterling bill. For the first half of next week Lionel Barrymore appears in "The End of the Tour", a five-act Metro feature of rare power and charm. The company is playing "Camille" through the west, and the receipts dwindle with each performance. To follow the fortunes of the little company with "Buddy" and "Skinney" will provide many delightful and amusing moments. The Pathe News, comedy reels, and feature vaudeville round out this delightful bill. To all those who enjoy the best of projection, the New Gold Fiber screen will particularly appeal.

At the Strand.

A story of the Virginia mountains, with a little orphaned waif as its heroine and a New York fiction writer as its hero is "Bawba o' Blue Ridge," in which Bessie Barriscale will be presented on the Triangle programme at the Strand Theatre for the first three days of next week. The little girl has a great romance. When she left the mountain cabin it was with the man who came into the wilderness just because friendly Cupid had him picked out for her. "Her Nature Dance," a two-part Keystone comedy, and "The Purple Mask" will also be shown.

Kring-Albert Wedding.

A pretty wedding took place at home of the bride's sister, Mrs. J. W. Fullbrook, at 227 Seaton street, Toronto, when Miss Mabel Albert, became the wife of Ernest A. Kring. Both parties belong to Kingston. The ceremony was performed by Rev. Dr. Osten. The bride looked very charming in a suit of pussy willow silk and carried a bouquet of pink and white roses. The happy couple left for a trip to Niagara Falls and other points west, after which they will take up their residence in Toronto.

Stanton-Leadbeater.

At 10 o'clock on June 27th the home of Mr. and Mrs. Albert Leadbeater, Seely's Bay, was the scene of a very pretty wedding when their eldest daughter, Sadie, was united in marriage to Frank M. Stanton, son of Mr. and Mrs. George Stanton, Elgin. To the strains of Lohengrin's Wedding March, played by Miss Selena Pritchard, Athens, the bridal party took their place in the drawing room under a floral arch, where the marriage ceremony was performed by Rev. J. A. Waddell. The bride prettily gowned in white silk crepe de chene was given away by her father. She was attended by Miss Florence Johnston, of Forfar, while Clair Stanton, Seely's Bay, assisted the groom. During the signing of the register Mrs. Fred Stanton, Elgin, sang "O Promise Me." After congratulations had been extended the guests assembled in the dining room where a dainty buffet lunch was served. Mr. and Mrs. Stanton left amid showers of confetti and good wishes for a short honeymoon trip to Toronto and western points. Upon their return they will take up residence in Elgin.

The bride was the recipient of many beautiful gifts, among them a purse of money from the Methodist church of which she was organist.
