PROF. S. F. KIRKPATRICK

IS AWARDED TORONTO PRIZE FOR HIS INVENTION

Of a New and Improved Process For the Precipitation of Silver From Its Solution in Ores of Cobalt.

Prof. Stafford F. Kirkpatrick, professor of Metallurgy at Queen's University, has just been advised that the Board of Governors of Toronto University, upon the report of a committee appointed for the purpose, has awarded him the McCharles prize, being a gold medal of the value of \$200 and \$800 in cash, for the invention or discovery of a new and improved process for the precipitation of silver from its solution in the ores of Cobalt, and also a new and improved process for the separation of cobalt and nickel in solution, made from cobalt ores.

The McCharles prize was established at Toronto University in connection with the request of the late Aeneas McCharles who endowed this prize with \$10,000, and is awarded like the Nobel prizes in a small way to any Canadian from one end of the country to the other who invents or discovers any new and improved process for the treatment of Canadian ores or minerals at any time, after such process has been proved to be of special merit on a practical scale, or for any important discovery, invention or device by any Canadian that would lessen the danger of loss of life in connection with the use of electricity, or for any marked public distinction received by any Canadian in scientific research in any useful practical line.

Military News

Sergt. Frederick B. Pense, 5th Divisional Ammunition Column, returned to Petawawa on Wednesday after spending a few days at his home here.

The 14th Regiment band under Bandmaster A. E. Hunt is making remarkable progress and great credit must be given to the men for the good organization which is being built up. On Monday morning this band was on parade at the Cricket Field and the twenty bandmen gave excellent music.

Lieut.-Col. R. J. Gardiner, A.D.M.S. left on Wednesday for an inspection trip to Lindsay, Peterboro, Cobourg and Belleville.

The famous old collie dog "Major" which has since the war been constantly in military circles—with the 21st to England, with the 59th to Brockville and finally back here with the 156th—is now on duty with the Special Service Company. Perhaps no dog has been so constantly with the soldier, and has had such a peculiarly interesting few years of life as this "Major."

The platoon of cyclists at Barrfield Camp has been getting a remarkably good training. Every man, under the expert instruction of the infantry school staff, have learned their work in the same way as is taught officers and N.C.O's. In addition the new signalling course will also enlarge the usefulness as cyclists at the front.

The Military Hospitals Commission is taking up the proposal of having almost as complete a system of handling supplies as the Militia Department. At each of the several units in the city will be places for the storage of non-perishable goods. In some central place a big building will be erected, and this will hold at least a monthly supply for the institutions in this command.

The feeding of hundreds of returned soldiers, some tubercular, some hospital cases following sickness, or major operations, and others who have recovered almost enough to go back into civil life, will be a large undertaking. The working out of this problem is now demanding attention and will probably result in the erection of several new buildings.

At the Theatres

At The Grand.

To-night will be the last opportunity to see Lionel Barrymore in the charming Metro Wonderplay, "The End of the Tour". This picture is proving a big hit with all who see it. The rest of the bill includes the Pathé News, "Tom's Tramping Troupe," and other comedy reels. Lee and Lawrence offer a fine little comedy skit entitled "Mildred Raffles."

For Thursday, Friday and Saturday Gladys Brockwell, the girl of a thousand expressions, appears in the five-act Fox feature, "Her Trampation". This powerful production depicts the power of will, that all-pervading influence which forces us to follow the path of wrong or right. Max Linder, in his third two-reel comedy, "Max in a Tax", is surrounded by his usual comedy company, his beautiful blonde, and his wood-legged war dog "Wash". Other reels and feature vaudeville complete the bill.

At The Strand.

Patrons of this popular playhouse will have their last chance to-night of seeing Bessie Barriscale in "Bawls O' Blue Ridge". "The Purple Mask" and "Her Nature Dance", 2,900 feet of Keystone fun and frolic will also be shown for the last time, for the last three days of this week Charles Ray will be seen in the latest Triangle comedy "The Pinch Hitter, a master production combining sure fire appeals, romance, comedy and clean sport.

At Griffin's.

Violet Heming in "The Running Fight," the feature picture shown at Griffin's before a large audience last evening proved herself to be a very charming young actress. To-night will be the last chance of seeing the final chapter of that very interesting serial "The Secret Kingdom." Patrons who have witnessed the preceding chapters of this serial cannot afford to miss the last chapter. Together with a very funny Lonesome Luke comedy entitled "Luke and the Mermaid," it proves itself to be a bill of unusual merit.

LETTER OF SYMPATHY.

Lieut. J. Ward Writes Regarding the Death of Driver Wright.
Mrs. Maggie Wright, 60 Wellington street, received the following letter regarding the death of her son, Driver M. G. Wright, of the Trench Mortar Batteries, from Lieut. J. Ward:

"There is nothing I could say that would be sufficient to console you for this loss, especially in one so young and promising. He met a soldier's death on the greatest day in Canadian history (April 9th). His was a painless death, instantaneous. The whole battery was very fond of him, and all the members were greatly grieved at his death. I had known him for over a year, and always found him ready and willing to do his duty at any cost. His personal belongings have already been forwarded to you through the usual channel, and you will receive them in due course. Believe me, you have my sincere sympathy, as well as the whole battery. If there is anything I can do for you I shall be pleased to do so."

LATE SOCIAL NEWS.
