My Garden Gate.

By Florence Hess Seidlitz, in Pictorial Clematis white and roses circling the garden gate.

Tiny nests in their branches, where the robins mate, Screened by leaves and petals from the sun's hot ray.

Guarded at night by the starlight, under the milky way.

Did I dream when I planted the flowers and arched them overhead? Just for artistic beauty, I had builded an altar instead?

For under the star's pure light, under the star's pure light, The girl with the cheeks of peach blow, pledged her troth to-night.

'Twas just the same old story, always and ever now. The girl at the gate with the love-light gleaming from eyes of blue.

The white flowers turning to Heaven, recording the same old vow. And the same stars streaming a blessing, on the girl of then and now.

This morning the rose and clematis are filling with fragrance the air. The old gate down in the garden, I open with reverent care.

Every bud and blossom seems bending as if in prayer. Since the girl with the love-light in her eyes, planted an altar there.

DR. I. G. BOGART INJURED.

Ran Into a Telegraph Pole on Friday Afternoon.

While attempting to prevent his Ford touring car hitting a young boy, Dr. I. G. Bogart, in his left arm, ran into a telegraph pole at the corner of Victoria and Princess streets and received minor injuries. The accident occurred about 3.30 o'clock on Friday afternoon when the doctor was making a call. He was hurrying along the street when a youngster started to run across the street. In order that the lad might not be struck and possibly injured, the doctor ran his car into the pole. The car was smashed, and he himself received a severe shock as well as injuries to his left arm. The fire alarm box, No. 24, was also put out of commission but was soon repaired by Chief Armstrong.

A Well Kept Lawn. One of the best kept lawns is that at the Canadian Pacific Railway Station, and its care has brought forth much favorable comment. The lawn was recently extended, and with the care given it and the flower beds, it is one of the city's beauty spots. This good work on the part of the railway is somewhat marred by the appearance on Clarence street, and it would indeed be well if the city would put their boulevard in shape. If this portion was given some attention, it would add much to the appearance of the property.

It is reported at Copenhagen that the German chancellor in his speech Saturday will make new and more definite declarations concerning peace.

When a man says you are always wrong he may be mistaken, but the man who says you are always right is a liar.

The president of the German Farmers' Union says the grain and potato crop outlook is very poor, owing to drought.

COAL SHIPMENTS ARE VERY LIGHT

Anthracite Sent Out of Lake Ontario Ports 40,000 Tons Less Than Last Year.

Oswego, N.Y., July 7.—Shipments of anthracite coal from Lake Ontario ports were lower by 40,000 tons in June this year than they were in June, 1916, according to figures compiled to-day. As the spring months are usually the liveliest ones in shipping circles and there is no promise that coal will move faster in the future than in the past, it will be seen that the Canadian coal situation for next winter already looms up as a serious one, with possibility of much suffering unless the war comes to a speedy end and releases rail tonnage so that the coal can be moved from the mines.

The total shipment of anthracite coal from Lake Ontario ports last month was 80,000 tons, of which 66,386 tons went from Oswego and 13,614 tons from Fair Haven. Anthracite is not ordinarily shipped from either Big Sodus or Sodus. Of the total shipments 50,344 tons went to Montreal and the balance, with the exception of only about 6,000 tons, to Quebec, Kingston and Toronto. The 6,000 tons, divided between all the small St. Lawrence river, Rideau Lakes and Lake Ontario ports, is but a drop in the bucket for each, and these small places may suffer even more than the larger places. In June, 1916, the total shipments were 123,835 tons, of which 95,850 tons went from Oswego.

THREE BUILDINGS DESTROYED

Loss of \$2,500 Suffered at Thousand Island Park.

Thousand Island Park, N.Y., July 7.—Fire broke out in the rear of Nubb's store at Pine View, adjoining Thousand Island Park, on Thursday afternoon. The volunteer fire department of Thousand Island Park and the summer residents of Pine View responded promptly and at 7 p.m. had the flames under control.

Three buildings were burned with a loss estimated at \$2,500. There was no insurance. Prompt action and calm weather probably saved the resort.

JAIL BREAKER CAPTURED

Mrs. Nettie Schwartzinger Located and Sent to Auburn.

Watertown, N.Y., July 7.—Mrs. Nettie Schwartzinger, who escaped from the county jail Sunday by cutting her way through a tin roof with a can opener, was captured in this city and was taken back to Auburn Prison to serve the sentence of not less than one year and three months which was imposed upon her on a charge of bigamy.

The woman was arrested by Police Lieutenant Gilligan and Deputy Sheriff Gates in an apartment in the Hudson block in lower Court street.

PURE BLOOD MAKES HEALTHY PEOPLE

Hood's Sarsaparilla removes scrofula sores, boils and other eruptions, because it drives out of the blood the humors that cause them. Eruptions cannot be successfully treated with external applications, because these cannot purify the blood.
