

# Keep Cool

Breezy Suits That Defy Hot Weather.

Don't swelter and fret about hot weather, just put on one of these smart, cool skeleton lined pinch-back, plain or form-fitting summer suits and defy the hot days of summer. Open air fabric that lets in the breeze but sturdy enough to resist hard wear, hold shape and look well on you, but cost as little as \$13.00, \$15.00, up to \$25.00.

Soft Loisettes Shirts with soft cuffs. Negligee silk and Loisettes material, \$1.00 up to \$4.50.

Bathing Suits; both two-piece and union styles, \$1.00 up to \$3.50.

Gauze Hose, extremely popular this season, 50c up to \$1.25.

Nainsook Underwear, low priced and extremely comfortable; gauze and light weight underwear; full length and short sleeves are worn most, and more union suits in light weights and gauze are being adopted generally this season.

If Off Your Route, It Pays To Walk.

## ENEMY ATTACKS AGAIN SMASHED

The French Repulse Three Attempts Made by the Germans.

### FRENCH FIRE CRUMBLES

A STORMING ATTACK NORTH OF SANCY.

Violent Artillery Fire Around Craonne—German Aviators Bomb Nancy, But Cause No Casualties.

Paris, July 24.—Two further German attempts to storm the French lines north-west of Braye-en-Laonnois, preceded by violent bombardments last night, were repulsed by the defenders of the Chemin des Dames line, to-day's official report stated. Between Carny and Allies the enemy likewise attempted an attack and likewise failed.

A storming attack directed by the Germans north of Sancy was crumpled in French fire that decimated the enemy's waves. The remaining Germans fled to the trenches, abandoning a number of prisoners.

Around Craonne, the statement said, the enemy artillery fire was violent, especially around the California plateau. German aviators last night bombed Nancy, without casualties to the city.

### THE ODD FELLOWS' RELIEF

THE ANNUAL MEETING TO BE HELD ON WEDNESDAY.

Association Organized Here in 1874—Has 26,500 Members—Proposed Increase in Rates.

The annual meeting in connection with the Odd Fellows' Relief Association will take place in this city on Wednesday, July 26th. This will be the 43rd annual meeting since the Association was organized in this city. It began as a little society, having for its object the supplementing of the benefits given by the subordinate lodges of the I.O.O.F. to the dependents of the deceased members.

It grew from town to town, from city to city, and province to province, until the membership is now scattered pretty well over the whole of the Dominion. It has a membership of about 26,500, and has distributed during the last forty-three years, over four millions of dollars among its beneficiaries.

This year more than the usual interest is taken in the annual meeting, because of certain changes which have been proposed in connection with the constitution, and changes which affect the rates. Pressure towards actuarial solvency have been coming from different sources, and they have induced the directors, under the instruction of the annual meeting in 1916, to call in an actuary, who has made recommendations which will dispose of at this meeting.

There will be representatives present from British Columbia, Alberta, Saskatchewan, Manitoba, Ontario, Quebec, Maritime Provinces, and these will represent the spirit of Odd Fellowship in all its departments and branches. The meeting will probably close Wednesday evening. The committees are in session to-day.

## WAS OVERCOME BY SHOCK

MRS. F. TEMPLE FAINTED WHEN FIRE BROKE OUT.

She is Now in the Hotel Dieu Hospital—Firemen Had Two Other Calls on Monday.

When the head of a match flew off this morning about 6.55 o'clock a lamp exploded and some damage was done in the bedroom of Mrs. F. Temple, 148 Ordnance street. Mrs. Temple was in the act of lighting the lamp when the accident occurred, and in a few seconds the cloth on top of her bureau was blazing.

A call was sent into the police station instead of to the fire station in the excitement, and it was only through the policemen that the fire-fighters learned of the fire. They responded to the call, but the blaze was largely extinguished when they arrived on the scene.

In the meantime Mrs. Temple had fainted through shock and was removed to the home of a neighbor across the street. S. S. Corbett's motor ambulance was summoned, and she was taken to the Hotel Dieu Hospital, where she received medical attention. Mrs. Temple's husband is an artillery instructor at Petawawa Camp.

The firemen also had two other runs on Monday. A small barn in the rear of the home of George Lennox at 125 Nelson street was destroyed. The barn was used for storing an automobile, but luckily at the time of the fire the auto was outside of the barn.

The other call was to the Tread Tire Company's store, 177 Wellington street. A lady living over the shop heard an engine being shut off, and had an idea that there was a fire and sent in an alarm.

## Military News

Signaller Ernie Moore, Belleville, son of S. S. Moore, is worthy of the Military Medal for saving the lives of an officer and private by carrying them back through the hell of shell fire in "No Man's Land" to safety behind the lines, both desperately wounded, and himself with one arm out of commission as the result of contact with a German shell. Ernie Moore was one of the first over at Vimy Ridge and took a gallant part in that glorious victory.

The survivors of the First Division deserve a rest from their labours and a holiday home, and a grateful country should pay this small tribute to their courage, endurance and the manner in which they have shed lustre on the name of Canada.

Pte. Hugh Carmichael has been operated on for appendicitis. He was a student at Queen's University, enlisted with the Divisional Ammunition Column and went overseas with a draft from that unit. On arriving in England he was transferred to the Infantry. He was taken ill while enjoying a leave in Edinburgh and was operated on in the Scottish capital.

Lieut. John R. Francis, of the Canadian Militia has been appointed an equipment officer in the Royal Flying Corps. He was an officer in the Canadian Cavalry and before going to Ottawa, where he enlisted, he was secretary-treasurer of the Brookville Light & Power Department.

### THE GOLF AND COUNTRY CLUB.

The Opening Game Played on the New Grounds.

The first and opening game of the Catarqui Golf and Country Club was played on their new grounds opposite Ontario Park on Saturday afternoon. There were six members present, C. Bermingham, A. B. Cunningham, P. J. Rigby, H. Smyth, J. B. Walker and Senator H. W. Richardson. The grounds for the time the club has been at work on them were in a very fair condition and gave the players a very sporty and interesting game.

Two caddies were also in attendance as retrievers, and they seemed to take as much interest in the game as the players themselves.

No more beautiful site could have been chosen than the one secured by the Club, and in about a couple of months, if not less, the place will no doubt be the mecca of those who love this manly and interesting game. The access to the grounds is by the street cars, and these take you almost to the entrance gate, and you are on the first tee in about five minutes. No finer view of the lake can be obtained from any point in the neighborhood, and on hot summer days no place could be found more pleasant than the links.

An enterprising photographer was on the spot to snap those present, and no doubt such a photograph will be of great interest to future generations of players. The two caddies have been immortalized by their presence in the group.

A beautiful spring near the first tee furnished the refreshments. It is a very useful and necessary adjunct to the property.

A fine sandy beach on the lake shore fronts the links suitable for bathing, and no doubt in the near future a proper bathing house will be built.

Beautiful New Stock to Choose From. Prevost, Brock street, has an extra fine assortment of tweed, chevots and serge, blue and black, for the order department. His ready-made clothing and his furnishing never better assorted. Extra low prices.

Killed By Lightning. A horse belonging to George Doherty of Elginburg was killed last week and his barn damaged by lightning. A cow belonging to William Makin of Sunbury was also killed. In both cases the insurance was paid by W. H. Godwin of the British American Insurance Company.

## At the Theatres

### At The Grand.

The right road and the wrong road are shown in "The Power of Decision," the Metro-Wonderplay with Frances Nelson as the star, which was shown to an appreciative audience last night at the Grand. The central idea of the play is that "Every mortal has within himself the God-given power of decision." This problem confronts Margot, and she is forced to face the alternative of finding an answer for them in her own life, or of drifting aimlessly. Her choice is a wise one, and Margot's moral awakening, as told in this convincing photoplay, is of tremendous value and compelling interest. Other films are: "Perils of the Secret Service", 2, entitled "The Clash of Steel"; a rip-roaring comedy, "A Bundle of Trouble"; and the latest Pathe News. The Two Toomeys presented a pleasing vaudeville act and were a big success with their singing and eccentric dancing. The Grand is "the coolest spot in town."

### At Griffin's.

Margaret Hillington, distinguished star of the speaking stage, was seen for the first time at Griffin's last evening in her first screen production, "Sacrifice." The scenes are unusual in their beauty, and the production is made in the usual thorough Lasky manner. The third episode of "The Mystery of the Double Cross" possesses more than usual interest, and kept the audience excited from beginning to end. To-night and to-morrow, matinee and night, same bill shown.

### At the Strand.

Despite the warm weather last evening a large and appreciative audience attended the Strand to see Charles Ray in his latest screen success, "The Clodhopper." Mr. Ray displays a new phase of his versatility in this picture, doing a dance, "The Clodhopper" with a chorus of little clodhoppers known as "the billion dollar Dances." The final episode of "The Mystery of the Double Cross" also held the boards, and were well received. This programme will be shown again to-night and Wednesday.

### BOARD OF ENQUIRY INTO COLD STORAGE

Experts Selected by Government to Investigate Prices Charged by Companies.

Ottawa, July 24.—George F. Henderson, K.C., Ottawa; Geoffrey Clarkson, Toronto, and A. B. Brodie, Montreal, have been appointed by the Government to make the further investigation of operations of the William Davison Company and Matthews-Blackwell, Limited, promised after the publication of the report of W. F. O'Connor, the Cost of Living Commissioner, upon the business of cold storage companies in Canada. The three members of the board, of whom Mr. Henderson is to be chairman, are to have all the powers of examiners under the cost of living regulations, and commissioners under the Enquiries' Act.

### FAINTED WITH THE HEAT.

Many Workmen Have Been Overcome During the Hot Spell.

Monday and Tuesday were most trying with men working in the local industries, especially those working in the civic light plant and the locomotive works. The heat was so intense at the locomotive works that several of the men fainted. The men were engaged on pretty hot work and as they could not get a breath of fresh air were knocked out. A fireman at the civic light plant also fainted.

The bathing place on King street west is very popular these days. All day Monday and Tuesday the place was crowded with men, women and children who were eager to take a "dip."

The thermometer in front of the police station door showed 86 degrees at 2.30 o'clock Tuesday afternoon. In the shade the thermometer registered 83 degrees.

### Real Estate Transfer.

E. W. Mullin & Son have sold the detached dwelling No. 64 Livingston avenue, to S. Anderson, from the executors of the estate of Nial Wood.

### Too Late for Tuesday's Market.

Fifty 6-quart baskets Red Cherries regular price 75c. Carnovsky's "Cash and Carry" price Wednesday morning will be 50c.

Price control of American meats is part of the scheme of food control planned by the British food dictator, Lord Rhonda.

# ROYAL WORCESTER CORSETS

## Are Your Corsets the Right Size?

If you want your corsets to wear be sure they fit and for correct fitting don't make the mistake of selecting a size too small.

A smart figure is never the result of crowding, but skillful designing such as you find in the Royal Worcester or Bon Ton corsets. The new makes show the many important improvements of the New Modi.

\$2.00, \$2.50, \$3.00, \$3.50, \$4.00, \$5.00

## WHAT TYPE OF BRASSIERE BEST FITS YOU?

No type of Brassiere fits all figures—you must find your own best kind. We have:

### MODEL BRASSIERES

These are made in many fashionable types. Each is the most highly developed type, supporting bust and back without binding, and completely eliminating that ugly corset ridge. 75c, \$1.00, \$1.25.

### WHITE SILK GLOVES

5 different makes to select from. Special values in white silk...50 Special values in white silk .75 Special values in white silk \$1.00 Special values in black silk .50 Special values in black silk .75 Special values in black silk \$1.00

## John Laidlaw & Son

## Rubber Soled Shoes for Summer Pastime!

We carry a full range of rubber sole shoes for Bowling, Tennis and Boating. THE SHOE FOR THE CAMP.
