HAVANA RED SOX TO PLAY

CITY LEAGUE BRINGING THEM HERE FOR CIVIL HOLIDAY.

"Pop" Watkins Will Have His Boys on the Scene for a Big Battle on Monday—Two Other Games Scheduled for the Week-end.

Everything is all set for the big baseball week-end that has been arranged by the officials of the City League when three games will be staged at the cricket field on Saturday and on Monday, which has been proclaimed a civic holiday.

On Saturday C.L.C. and Athletics will get in line for what should be a banner game in the regular city league schedule. Athletics are out for a win and hope to take the honors from the shell makers.

Monday will also be a gala day, as two games are on the programme for the local fans. In the morning at ten o'clock C.L.C. and Victoria will play.

In the afternoon our old friend, "Pop" Watkins, will lead his Havana Red Sox into battle at three o'clock against Athletics.

The colored boys from the south will be welcome once more on a Kingston diamond, where they have a large following of friends. The jokes of the linemen and their songs are just as much an attraction as their ball playing, in which they are adepts. The local boys are going to make a good run for the honors, and the Red Sox will have to hop if they want to come out on top.

THORPE'S TERRIFIC DRIVE IN PHILADELPHIA

Bangs Ball Over Left Field Fence—But it Was Only Practice.

Jim Thorpe, the best all around Indian athlete ever developed, and who is now playing with the Cincinnati Reds, accomplished a feat Wednesday at the Phils' grounds that no other ball player has ever succeeded in doing during the 30 years the park has been in use.

During the batting practice, with Eller pitching against him, Thorpe leaned on a straight, fast one and drove it over the left field fence, the ball disappearing into Lehigh avenue near the exit gate, which is about in the middle of the bleachers.

It was a tremendous blow and the early bird fans who witnessed the prodigious feat gave the Indian a most vigorous recognition of his wonderful drive. The only unfortunate part of the affair for Thorpe was that his smash was made during practice. Had Thorpe produced his clout during the progress of the game he would have created a sensation.

Edward Delahanty, who was one of the greatest sluggers who ever played ball, once drove the ball into the hanging left field seats which at the time decorated the Phils' ball park. Del's feat occurred during the game and was the record smash for length until Thorpe's lost Eller's groove ball.

MUST TAKE A CHANCE.

No Redress Through Commission for Gambling Ball Players.

Baseball players who indulge in gambling and expect redress through the National Baseball Commission are doomed to disappointment, according to a decision handed down by the commission at Cincinnati.

"Investigation established," says the commission, "that this obligation was incurred by the player as the result of gambling in a card game, and that at the suggestion of the claimant gave him his note for the amount."

"Following the precedent in all other cases in which financial obligations are contracted by players disposes the claim and serves notice that redress of that nature will not be recognized as enforceable."

Several complaints have been made to the commission in the past few years, and it is expected that this finding will settle the matter for good and all.

In twenty-three no-hit baseball games pitched in the American League in this and other years, 12 have been registered in April, May, September and October, when cold weather prevails, against only ten in the summer months, June, July and August.

IT WON'T BE BARROW

International League Leader Will Not Succeed Tener.

There is no foundation to the reports that have been current for a couple of months or more to the effect that President Edward G. Barrow of the International League is to succeed John Kinley Tener as chief executive of the National League. Several weeks ago Tener announced that he would not again be a candidate for the presidency of the league. Since that time several names have been associated with the office, among them that of Barrow.

Roy Reeves, secretary to President Tener, said that there is nothing whatever in the story, so far as Barrow is concerned.

Cobb Drawn in Draft.

Ty Cobb was notified this week that his number had been drawn in the military war draft, and therefore the king of batsmen may soon be shouldering a gun instead of a bat.

The Detroit fans and Manager Jennings are not feeling greatly perturbed at present, as Cobb's number is a high one, and there are excellent chances of him not being taken in the first draft. Besides Cobb, Heilman, Boland, Yelle, Ehmkke, Cunningham and Daley have been notified.

Notice of the withdrawal of the Cornwall club from participation in the N.L.U. schedule for the remainder of the season has been forwarded to the secretary of the N. L. U.

Sporting Notes

It is understood that Pitcher Dan Tiptoe, who was with the Leafs, has caught on with Baltimore.

Beals Becker, of Kansas City, has strengthened his hold on first place among the American Association batters this week. He is hitting .349.

After winning nineteen consecutive games and tying the major league record, "Snipe" Conley, pitcher for the Dallas club, was beaten on Saturday.

Word has been received of the wounding of Pte. Charlie Borthwick, one of the best known of Stratford's soccer players. He participated in the all-Ontario series several years ago.

Salt Lake City is likely soon to boast of a municipal golf course.

Chicago and Cleveland yachts will race for the Sir Thomas Lipton trophy off the port of Chicago August 23rd, 24th and 25th.

New York High school boys are practicing shooting with sub-target gun machines, each school being equipped with the machines.

Brooklyn Celtic soccer team has for the fifth season in succession won the New York State Football League
