THE ENGINEERS VICTORS

IN THE BARRIEFIELD CAMP BASEBALL MATCH

Defeat the Medicals on Wednesday Afternoon By 4 to 3—Notes of the Game.

Promptly at 2 o'clock Wednesday afternoon (Capt.) McGregor called "play"—this being the time arranged for scheduled baseball match between Army Service and Engineers. The diamond at Barriefield camp having been carefully put in shape and the weather ideal, and both teams out for the "lacon," a "cracker-jack" of a contest was assured the large crowd of spectators. The spectators were not disappointed either; right from the time the first ball left the pitcher's hand until "Little Jimmie" of the A.C. was declared out in the ninth inning excitement reigned.

There were a few "muffs" due to the players' high tension, but the play on the whole was considered first class. The pitchers held the batters down close, while the fielding, especially of the Engineers, deserves special mention. Catcher Stagg of the "Service" was a little "fussy" at first but towards the end steadied down. The Engineers have a well-balanced team, and to a great extent this is due to constant practice. The "Service" boys are in clined to place too much confidence in their pitcher who's without question a peer at the game, but it must be borne in mind that he requires constant assistance if his team expect to pull out ahead. Had the Service boys won this game, they would have clinched the championship, as it is.

Both teams were well supported with "rooters" who exchanged many gibes across the field. The "Medical" boys were right on the job to get "pointers." In the evening an exhibition game of soft ball took place between the 24th draft and Special Service resulting 16-1 in favor of the Forestry boys. They must be bush leaguers.

The "Y" movie machine worked off three good reels to a crowded house, Wednesday night.

The baseball game between Headquarters and Special Service has been postponed until Friday at 5.30 o'clock.

It looks as if a soft ball game will be staged for Friday between two officers teams.

Football was inaugurated last night for the first time at the camp. The 24th boys did some light work with the "pigskin."

PORTSMOUTH'S TAX RATE

WILL LIKELY BE 33 MILLS SAME AS LAST YEAR.

Council Decided to Put Down Concrete Walk on Alwington Avenue as Result of Petition and Strong Deputation—Tenders to be Called.

Portsmouth's tax rate will in all likelihood be the same this year as last, namely, 33 mills.

The matter was under consideration at a special meeting of the Council held on Wednesday night and while it was not finally decided it is pretty well understood that there will be no change made in the rate.

As the result of a petition sent to the Council, and a strong deputation which waited on the Council, tenders will be called for a concrete walk to be laid on Alwington avenue. The Council had previously decided to tear up the old board walk and allow a cinder walk to fill the bill until finances were more satisfactory for the work. However, the petitioners felt that as they had been waiting seven years for a walk and especially in view of the fact that they were paying one-fourth of the entire taxes, which is quite correct, that the new walk should be put down.

The case was so fairly and strongly put that Reeve Haliday and his colleagues felt that it was only fair that the walk should go down, so it was agreed to call for tenders and these will be opened at another special meeting of the Council, which will be held on Wednesday next.

"BOB" BUSHELL'S OFFER

Three Baseball Players Should Get Tickets to the Fair.

"Bob" Bushell, the general manager of the Kingston Industrial Fair, was an enthusiastic fan at the baseball game on Wednesday afternoon. He became so interested and so desirous of Kingston registering a win against the Havana Red Sox that at the fifth inning he offered a free ticket to the fair to every local player who would make a hit. Those who should receive the tickets are G. Dick, Somerville, and Sanders.

Mr. Bushell gave the three tickets to the Whig on Thursday morning, and they have been forwarded to the players. "Bert" Daley, who made the sensational home run and the only score for the locals, was presented with the tickets by Mr. Bushell for the "big fair."

HAS HAD MANY CLOSE CALLS

George Cooper is Well and in Thick of Fighting.

Mrs. Cooper, 657 Princess street, has received a letter from her husband, George A. Cooper, from "Somewhere in France". At the time of writing, he was well and very busy, and had been under very heavy fire. He has had many a close call, but has managed to pull through.

The writer stated that he received a nice letter from the Methodist Church at Enterprise, and that he makes good use of it.

As He Was When He Was Wounded Last Autumn.

J. B. Walkem, K.C., has received a letter from his son, Lieut. H. C. Walkem, Royal Engineers, stating that he was in a movable hospital structure and found that it was the same building in which he was treated when he was wounded last fall. It is miles from the place it formerly occupied. Lieut. Walkem also stated that he received quite a surprise when he was given as an assistant a young man who had formerly been with him on the Toronto-Hamilton provincial road construction work.

Boys Stealing Vegetables.

The police are watching for boys who have been stealing vegetables out of a Brock street garden, and if they are caught they will go before the police magistrate. People will have to watch their gardens if they wish to harvest their vegetables. Boys found in gardens give the excuse that they are searching for their baseball. That's the old, old excuse.

The Flags Removed.

A Quakers' Church trustees says that the flags which made such a pretty decoration scheme on the front of the organ, have mysteriously disappeared since objection was received to the Stars and Stripes occupying the top position. Apparently the decorators decided that all or none would come down.
