

Production

Increased effort and efficiency in labor, more economy and less waste in living, building up capital by hard work and greater savings, will enrich you and your country. The men and women at home must produce more to cover war's waste.

ASSETS: \$73,000,000

It is easier to make money than to save it. A Savings Account at the Bank of Toronto will help save what your increased effort provides.

PROCLAMATION

Tussock Moth

Whereas the Tussock Moth has put in its appearance in large numbers in this district and is threatening to ravage many of the trees in the city or blight them seriously, and whereas it has been represented to me as Chief Magistrate of the City that concerted action should be taken by the citizens to stay the ravages of this pest:

Now therefore I call upon all citizens to move in this matter and endeavor to stamp out the pest by spraying the trees with arsenic of lead which can be easily procured and applied in the proportion of two heaped spoonsful to an ordinary bucket of water, or by an application of Paris Green in the proportion of one pound to forty gallons of water. I am advised by experts that the former remedy is much the more efficacious and is guaranteed not to injure the foliage in any way.

J. M. HUGHES, Mayor. Kingston, Aug. 14th, 1917.

The death took place Tuesday of Arabella McPhail, receiving treatment at Brockville. She was thirty-three years of age.
