HARMONY IN KITCHEN APPOINTMENTS

is as desirable as it is in the living room. Pleasant looking linoleum adds much to kitchen attractiveness, especially if with its beauty goes a guarantee of wearing quality as it does here. Our linoleum showing is very complete. Don't fail to see it before renewing your kitchen floor covering.

Kingston Carpet Warehouse

A TREMENDOUS HARVEST

FRONTENAC FARMERS WORKING LONG HOURS.

Never in the History of Canada Has There Been Such a Tremendous Production of Everything on the Farm.

To-day the farmer of Frontenac County is working harder than he ever worked before to take off the greatest crop in history. It has been a magnificent harvest, and when the barns are full of the hay and straw and the threshing complete he will be able to rest and thank Providence for being generous beyond the limit of all expectations.

The fall wheat, which is usually cut just before the hay, has been wonderful. It will undoubtedly establish a record and be remembered as "the big crop of 1917." The hay which followed grew with ideal weather until it demanded every available man to take it off. Much has been lost, but this will come into the barns little the worse for having stood in the fields a longer time than usual.

The potato crop has been tremendous. "Bugs and blight" have come, but the farmers have been able to fight them. The wonderful help of scientific advice has been demonstrated here this season. The Department of Agriculture advocated the use of the Bordeaux formula for fighting potato blight. Thousands of farmers used it and saved their crop. The only isolated cases where potatoes have been damaged have been where the farmers did not take this advice.

The help problem has been a big one. The Government has been doing its best to help the situation, but the farmers can take all the credit for saving the crop under adverse conditions. They have helped each other and worked long hours so that it might be saved. No better showing of co-operation has been made than that by the farmers of Frontenac County this year.

WEDDED LESS THAN YEAR

YOUNG COUPLE ARE TROUBLED BEFORE COL. HUNTER.

Wife Declared That Husband Threatened to Shoot Her When She Was About to Pack Up Her Belongings to Leave Home—Decided to Part.

Married less than a year, a young couple who reside in the county had a quarrel and parted. The bride, who formerly lived in Toronto, has packed off to her relatives while hubby remains here. The case came to a head Tuesday afternoon, when the wife complained to Justice of the Peace George Hunter that her husband had threatened to shoot her if she got a man to come into the house to help her pack up her belongings.

Relatives of the wife came down from Toronto in an automobile to take her back to Toronto, but following hubby's threats, a warrant was taken out for his arrest. Constable Ernest Clark made the arrest, and the accused, his wife and the latter's sister, with the officer of the law, made the trip to Mr. Hunter's office in the automobile.

Col. Hunter tried to have the couple re-united, and asked both to "forgive and forget," but his efforts proved in vain. The couple agreed to disagree and live apart, and the husband was told that he must not interfere with his wife in her taking away her belongings. He must also keep the peace.

In Memory of Pte. C. A. Gregg.

Mrs. Robt. Gregg, Vennachar, Ontario, has sent to the Whig the following short poem, written in memory of her late son, Pte. Charlie Adam Gregg, of the 4th C.M.R., recently killed in France. The poem was composed by a chum, Pte. Geo. Ollar. In sending it in to the Whig, Mrs. Gregg writes that she was very proud of her boy who left to do his bit. "He was a true Christian," she writes, "and I thank God for that. Though the parting was sad, yet he was noble. Had I another son of military age he could sign up." Here speaks the loyal Canadian mother, who, though sorely tested, yet expresses the noblest of patriotic sentiments. The poem follows:

Dearest comrade, thou hast left us:
Here thy loss we deeply feel;
But 'twas God that hath bereft us;
He can set our sorrows heal.
Glorious—
Peaceful be thy silent slumber,
Peaceful in thy grave so low,
That no more will join our number;
Thou no more our sorrows know.
Comrade, thou wast mild and lovely,
Gentle as the summer breeze,
Pleasant as the air of evening
As it floats among the trees.
Yet again we hope to meet thee,
When this day of strife is o'er,
Then in Heaven with joy we'll greet
Thee over on the other shore.

SCHOONER MARSH TO BE DISMANTLED

The Donnelly Salvage and Wrecking Company Tug Has Left For Wreck.

The tug Frontenac of the Donnelly Salvage and Wrecking Company's fleet left on Wednesday morning for the scene of the wreck of the schooner George A. Marsh, which foundered several miles up the lake on August 9th. It is the intention of the crew of the tug to dismantle the vessel sufficiently so that it will not be a menace to navigation. The spars will be taken off, and any loose material that can be reached by the divers will also be removed. As neither the vessel or the cargo is of sufficient value to have the boat lightered and raised the cargo of four hundred and fifty tons of coal will be left in the vessel.

Steamer Thom Ashore. The Donnelly Wrecking Company has been called upon to clear the steamer John S. Thom, ashore at the Devil's Neck, twenty miles above Charlotte, N.Y., and the steamer Cornwall with a wrecking crew left Wednesday for the scene of the wreck. The Thom is owned in Quebec.

BOWLING ON TUESDAY.

Judge Lavell presided at Division Court on Tuesday. There were twenty-seven cases and eleven judgment summonses.

The baseball boys who went to Gouverneur, N.Y., on Tuesday were defeated by a team from Syracuse by 5 to 4. The Kingstonians were treated well.

An inexperienced motorist created quite a sensation at Swift's wharf on Tuesday afternoon when he raced down several of the large crowd of people.

The Minister of Justice will seriously consider the proposition that the bonus of \$100 per year to the prison guards be increased to \$200. Guards were introduced to Hon. C. Doherty by W. F. Nickle, M.P.

Lawrence J. Welch has been appointed accounting inspector at the Kingston Shipbuilding Company by the Naval Board in connection with the building of the trawlers now under construction by the Company.

The young son of Robert Kidd, 39 Main street, was struck by a bicycle on the walk on Tuesday evening. He was knocked to the ground and taken to the General Hospital where four stitches were put in a cut in his head.

WAS SHORT IN HIS PAY
So Youth Stole Wheel and Sold it to Second-Hand Dealer.

The excuse a youth offered in the Police Court on Wednesday morning, for stealing a bicycle and selling it to a second-hand dealer was that he was short in his pay last week, and took this means of making up his loss so that his sister with whom he resides, would not know.

Adjutant Smith, of the Salvation Army, spoke on behalf of the youth, and succeeded in getting him off on suspended sentence. The sister made good the loss to the second-hand dealer. Constable John Naylor located the boy and the wheel.

A drunk, who gave his name as Barnaman, was fined \$10 and costs He got his liquor from Montreal.

From the Niagara District. Baskets of peaches, plums, pears and blackberries arriving daily at Carnovsky's.

All summer hats half price. Any straw hat in the store a dollar.

George Mills & Co.
"Headquarters for Headwear"

Standard Patterns

There are many reasons for the great popularity of the STANDARD PATTERNS — many reasons why they should give the most satisfactory results.

FIRST: Advanced style and variety. Standard styles are always in advance of others, and are designed for use with the newest materials and accessories.

SECOND: Correct measurements. Standard Patterns correspond precisely with the given dimensions — a feature in which they are unique.

THIRD: Superiority of fit. They always fit with a minimum of adjustment. By reason of the seam allowance, peculiar to the Standard Patterns, they may be adjusted to any type of figure. The shape and the line are always correct and graceful.

FOURTH: Simplicity of construction. This makes STANDARD PATTERNS the favorite with home dressmakers. No difficult dressmaking problems.

FIFTH: Experience. There is more than a quarter-century of experience back of STANDARD PATTERNS.

SIXTH: Economy of materials. Users of STANDARD PATTERNS count this as one of their most important advantages. A FULL AND COMPLETE STOCK AT
