THE ENEMY HALTED IN RIGA REGION

Successes of Allies on Western and Italian Fronts Help Situation.

Washington, Aug. 28.—Stubborn Russian resistance on all fronts, together with the striking success of the Allies on the western and Italian fronts, have halted completely the advance of the Austro-Germans on the Riga, Galician and Russian lines, cables to the Russian Embassy last night.

The retirement of the Russians on the Riga front, the cables said, comprised the abandonment of marshy ground in the region of Schlek and Lake Babit.

The Russians are now occupying strong positions held by them in 1916, the Embassy announced.

A division to France, Secretary of War Baker yesterday approved a bill introduced by Senator Brady, of Idaho to accept as a gift 1,000 dogs to be trained for military purposes.

THE TUG CORNWALL ARRIVES SAFELY.

It Was Rumored That the Vessel Had Come to Grief.

Some person started a rumour on Monday evening about six o'clock that the tug Cornwall, belonging to the Donnelly Salvage and Wrecking Company had gone to pieces, while towing the steamer John Thom from Charlotte to receive repairs here.

Much anxiety was caused for a time as it was feared that in the heavy wind the vessel might have come to grief. A telegram from Capt. John Donnelly, however, sent at six o'clock was somewhat reassuring and it was believed that the rumour was false.

The vessel arrived with the steamer Thom at half past one o'clock on Tuesday afternoon with all the members of the crew in good health. The steamer Thom lost her rudder near Charrlotte and will have repairs made here.

(Special to the Whig.)
Toronto, Aug. 28.—It is authoritatively announced that the Duke of Devonshire will sign the Military Service Bill at Government House, Toronto, tomorrow, possibly early in forenoon upon arrival of the document from Ottawa.

STAGGERED BY STATEMENT

The Conclusions of the Live Stock Breeders.
(Special to the Whig.)
Winnipeg, Aug. 28.—Live stock breeders and abattoir men are staggered by the announcement that no more Canadian bacon will go to Britain. The opinion is prevalent that the order will reduce production, will perhaps lower prices, although all the feeding is done with high-priced coarse grains and will divert shipments to the United States yards where large contracts for the Allies are held. It will certainly affect breeding as farmers will be discouraged.

CANADIAN SOLDIERS REQUIRE PROTECTION

From the Government in Regard to Diseases, Says Dr. Chown.
(Special to the Whig.)
Toronto, Aug. 28.—Dr. S. D. Chown, general superintendent of the Methodist church, who has just returned from a visit to the military hospitals in England, when questioned regarding the prevalence of certain diseases among Canadian soldiers said:

"The Government of Great Britain seems to be indifferent to the utterly immoral conditions that prevail in certain parts of London, and they should be stirred up by the Canadian Government to safeguard our soldiers."

"The record of Canadian soldiers as compared with certain others in this regard is very gratifying, indeed. I think that our mothers can draw a great deal of comfort from the fact that their boys are leading purer lives than the average. In fact it is doubtful whether apart from the City of London and the outskirts of a few camps, there is any greater danger than if the boys were at home. A close examination produced official statistics, showing that twenty-five per cent. of the infections were brought over from Canada, 40 per cent. took place in London, 33 per cent. of the cases are relapses, and twelve to fifteen per cent. are contracted in provincial towns."

THE GOVERNMENT TO PAY

THE AUSTRILIANS ARE RETIRING

To Save Whole Divisions From Serious Flanking Moves.

MORALE IS DECREASING

UNDER THE CONSTANT BATTERING FROM THE ALLIES.

The Italians are Now Attacking Along a Chain of Rocky Promontories, of Which Kuk, Monte Santo and the Vodice Are the Three Largest.

(Special to the Whig.)
London, Aug. 28.—Italy's sweep forward from Monte Santo across the plateau of Bainsizza is fast becoming a debacle of defeat for Austria. The Austrian staff has decreed retirements at several places to save whole divisions from flanking moves.

The morale of the retreating troops, constantly battered by Italian, French and British long range guns and attacked incessantly by Italian flyers, is steadily decreasing.

To-day's front despatches indicated not only the retreat of the retreating Austrians across the Bainsizza, but attacks further south by the Italians of a chain of rocky promontories of which Kuk, Monte Santo and the Vodice are the three largest.

Swiss despatches brought word that Austria is scorching with discontent. Italy's victories are causing widespread alarm. The public, which has regarded the Pope's plea as certain of acceptance, is now realizing it is foredoomed to failure.

French troops raided Butte Souain taking prisoners. "Around Verdun, in the Avoncourt Wood and Beaumont sectors, artillery fire was very active."

We refer to the
