

School Suits are Ready !!

It's time to be thinking of school suits again. Start the boy to school with a good suit. It will help him along in every way. He will command more respect, have more respect for himself, and take more interest in his work than he will if he is made to wear an unsightly, ill-fitting suit.

Boys' School Suits, pinch back and Norfolk cut, durable materials, strongly put together, well cut and well tailored.
\$6.50, \$7.00, \$7.50 up to \$10.00.

Dressed in one of these excellent school suits the boy will do himself justice. Many of our suits have extra trousers.

PLOTTERS GIVEN WARNING

BY KERENSKY AS TO WHAT WILL HAPPEN THEM

Loyal Russian Forces Ready to Meet Any Attempt at Revolution—No Pity for the Gully.

Moscow, Aug. 28.—Russia is passing through a period of mortal danger, Premier Kerensky told the national conference which assembled in Moscow on Saturday to consider the present situation of the country and plans for a new national government. He declared that any attempt to take advantage of the conference for an attack on the national power, as embodied in the provisional government, would be repressed pitilessly by blood and iron.

Representatives of important political, economic, commercial and scientific organizations and persons prominent in public life are in attendance at the conference.

"Those who think the moment has come to overthrow the revolutionary power with bayonets are making a mistake," said Mr. Kerensky. "Let them take care, for our authority is supported by the soundless confidence of the people and by millions of soldiers who are defending us against the German invasion."

Kerensky spoke resolutely, emphasizing the role he had played in recent events and his determination to guide events in the future.

The premier was greeted with wild applause when he declared:

"All attempts with armed force against the people's power will be crushed with blood and iron."

Still more applause greeted him when, hinting at a counter-revolutionary military conspiracy, he exclaimed:

"Let them be warned who think the time has come when, relying on the bayonet, they can overthrow our revolution." The audience rose and cheered this expression for five minutes.

Kerensky rebuked the Finlanders and other seceding nationalities, his words evoking enthusiasm, and there was no menacing note in his voice when he declared that their pretensions threatened the success of the revolution.

The premier's speech indicated that the government expects further attacks by the military duma and the Moscow deputies, which he denounced in advance.

Military News

Army Service 19, Medicals 4, and the score indicates about the style of play. This was the result of Monday afternoon's game, the winner of which meets Engineers Wednesday for the cup championship. Medicals came in the top and took the field. In the first inning, Army Service completed the diamond four times, and it was not till the fourth inning that Medicals were able to break their hoodoo. Subsequently at different times the "doctors" tried hard to pull together, but the sport on each occasion was short lived. Although the score at no time was close, still the Service boys took no chance, and played hard steady ball throughout.

Several trick plays were pulled off, but McGregor stealing home unnoticed in the fourth drew cheers from the large crowd of interested spectators. Credit is due Derry and Robinson for notching the greatest number of runs, they each getting from in the ninth inning Derry connected well and drove the ball almost into the Medicals' garage. Medicals were minus two of their best players, Muddell and McDonald; but Capt. McGregor deserves special mention for placing a team on the field, especially when two of the players were incapacitated from injuries received in the last game.

"Charlie" Larocque as usual tried the funny stuff, but Belanger caught him nicely in the second inning and from then on he was as close as a steel trap. Derry had good support throughout and pitched well, while McGregor was without question the mainstay of the Medicals. If Service place the same team on the diamond Wednesday against Engineers, they stand a good chance of clinching the league.

The teams line up as follows:
Army Service—Tople, ss; Robinson, cf; Derry, p; Baker, 2b; Stagg, c; Belanger, 1b; Hughes, 3b; Walker, 4; McCamont, rf.

Army Medicals—McCartney, 2b; Woodley, 3b; Mosley, cf; Chapman, cf; McGregor, p; Larocque, ss; Dubeau, c; Porter, rf; Wilson, lb.

Score by innings:
Service— 43000714—19
Medicals— 00211000—4
After the league game, the Cyclists and Eastern Depot teams took the field for a friendly game which was won by Cyclists. At the same time two picked teams were pitted against each other in a soft ball game.

"Charlie" Larocque says he will put Derry's goat in his tent. He tried hard to get it during the game Monday.

The Engineers were right on hand watching the fine points of the game.

"Stunt" Night was on the boards for Monday at the Military "Y". After a hearty sing-song of popular selections, entries were taken for the contest. The marquee by this time was fairly well filled, but when the cheering started, crowds began to congregate. Some side splitting stage stunts were given as well as some very clever acting. About fifteen different numbers were on the programme and for the best performance the judges picked Sergt. Yomel of Special Service whose step dancing was of a high calibre.

The Canadian Central Depot, Medical Stores, under command of Capt. A. P. Chown, C.A.M.C., Kingston, is now located at 12 Great Pultenay street, W., under the administration of the O. C. Canadian troops London area.

The King has sanctioned a change in the colors of the ribbon attached

to and associated with the Meritorious Service Medal. In future the ribbon will be crimson, with white edges and a white line down the centre. Nine inches of ribbon will be issued for each officer or man entitled to wear the honor.

Major G. I. Campbell, C.R.O., addressed a Red Cross meeting in Picton on Tuesday, and was expected in the city on Tuesday night.

Ernest Smith, Yarker, has signed up for service with the Army Service Corps.

Major Thomas Ashmore Kidd has been appointed deputy assistant adjutant and quartermaster general to succeed Lieut.-Col. H. R. Wilson, who leaves the military service on Saturday next. This announcement comes as a pleasant surprise to thousands of friends of the popular young major, and citizens generally are pleased that Brig.-Gen. T. D. R. Hemming has made such a splendid selection. Major Kidd left his home at Burritt's Rapids to go overseas as a subaltern of the 2nd Battalion. He was appointed aide-de-camp to Gen. Hemming on his return after being seriously wounded, and a few weeks ago given the position as casualties officer.

Mr. Proulx, M.P., is asking in Parliament as to the position of Lieut. W. Gibson, registrar in the militia, where located, if he is drawing salary as registrar, and if his military duties could not be performed by a returned soldier.

With the shake-up in the staff at Barriefield, which is being carried on by politicians and others, the name of Lieut. L. I. Johnston, adjutant and quartermaster of the infantry school, has been mentioned on several occasions. The Whig learns that this popular young officer is making more attempts to go overseas as an officer, and is so determined to go he will revert to the ranks if necessary. This should not be necessary. An instructor of Lieut. Johnston's ability should be given an overseas commission.

Major R. E. Porter, Infantry school, has placed his resignation in the hands of headquarters, and will be leaving his position in a few days. The major, during his ten years of office, has proved to be one of the most experienced and capable officers engaged in instructional work. Hundreds of the officers and N.C.O.'s who have been qualified at the infantry school owe their training to him, and it will be a very difficult matter for his place to be filled to advantage.

A draft of five or more medical officers is leaving Barriefield Camp in the immediate future.

Lieut. James G. Bews has been appointed to the Canadian army gymnastic staff as a token of appreciation of his splendid work in charge of the bayonet fighting and physical training at Barriefield Camp.

Through the kindness of Manager Parks and other officials of the Canada Steamship Lines, the returned soldiers in the city are being given trips on the steamer Thousand Islander. On Thursday afternoon and evening last fifty men from the Mowat Hospital and Elmhurst Convalescent Homes were treated to a trip down the river. This was repeated on Saturday with fifty from the Mowat Hospital. The plan will be continued until the end of the season. The Somme Club furnished tea on the boat.

Sergt. F. W. Painbow, C.A.G.S., has been transferred to the depot battalion for duty.

Lieut. W. H. Slinn left on Tuesday for Ottawa to inspect technical stores of the Signal Training Depot.

Retreat is being sounded this week at 6.53 p.m.

Pte. M. Francis, C.A.S.C., has been taken on the strength of the headquarters sub-staff with the rank of quartermaster sergeant. He is in the department of the accounting officer.

Lieut.-Col. E. J. Watt, who trained at Barriefield camp as second in command of the 136th Perth Battalion, and later raised and took to England the 24th Reserve Battalion, has returned to his home. He left on Tuesday for Ottawa, and will probably be in the city in a few days.

GIVES CREDIT TO PROF. MARTIN

For Development of Capt. William Bishop, Canada's Great Aviator

Writing in the Toronto Star regarding Capt. W. Bishop, V.C., who has brought down over forty German aeroplanes, Prof. A. Brickley of Toronto says:

"As a boy the bent of his mind was constructive, mechanical. Education means the educating of faculty; to be of any use it must create interest and curiosity which are the inspiration of work. In Bishop's case activity was necessary for the education that leads to manhood."

"Happily this was supplied at the Military College at Kingston where he was sent at the suggestion of his elder brother, who had been trained there himself. His father speaks with the greatest enthusiasm of the real education received by his son at that institution. I think his home training has had something to do with his ideals, he said, modestly enough for those influences have obviously been profoundly important, but he added, I think that Professor Martin, of the Royal Military College, is entitled to a great deal of the credit for the development of his manhood. He was in residence, under discipline all the time, and was taught the virtue of application. The discipline of the Military College is fine. It is an institution that is not at all properly appreciated."

Alberta Conservatives are said to be demanding a Senatorship for Edward Michener, M.P.P., for Red Deer, prior to the formation of any Union Government.

At the Theatres

At The Grand.

A packed house thoroughly appreciated the enjoyable programme offered at the Grand last night. Dropping the junk problems of modern existence, Harold Lockwood and May Allison, in Robert W. Chambers' "The Hidden Children", have been plunged into a sheer romance, the like of which has rarely been equaled on the screen. Laid in the middle eastern country in Revolutionary times, this account describes the varying fortunes and delectable adventures of two children, Laskiel and Lois, deserted by their mothers during an Indian attack. It is an ideal narrative for youthful enchantment. The Pathe News, a joker comedy entitled "His Coming Out Party", and the fine adventures of Yorkie Norroy in "The Perils of the Secret Service" are also shown. Borra & Delon are wizards of the stringed instruments and offer a very pleasing vaudeville act.

At Griffin's.

Mme. Petrova, the great dramatic actress attracted a large audience to Griffin's, when she appeared for the first time under the management of the Lasky Company. In the gripping and unusual play "The Undying Flame." A weird and mysterious story has been cleverly woven around it. Besides the above unparalleled picture the management also shows the eight episode of "The Mystery of The Double Cross", an exceptionally interesting chapter, and a first class comedy picture. Programme repeated this evening.

OBITUARY

Late Mrs. John Harrigan.

At five o'clock on Tuesday morning the death occurred of Mrs. Mary Harrigan, widow of the late John Harrigan, who was for many years employed as an instructor in the Portsmouth penitentiary. The late Mrs. Harrigan, about sixty years of age, had been ill for several months, and death came peacefully at her residence, 6 Garrett street. Deceased, a Roman Catholic in religion, is survived by five sons, John, Leo and Fred, Kingston; George, Ottawa, and William, who is overseas with Queen's University Ambulance. One daughter, Ina, a graduate nurse, also survives.

The Late Andrew Ryan.

At his summer residence at Loughborough Lake the death occurred of Andrew Ryan, for many years a well known harness maker in the city. Deceased was born in Loughborough fifty-seven years ago, and had been ill since last Christmas. He was a Roman Catholic in religion and a Conservative in politics, and is survived by his wife, residing at 163 Division street.

Late Dennis G. Murphy.

A sad death occurred in the Hotel Dieu on Monday night, when Dennis G. Murphy, a bright lad of fourteen years, passed away after a short illness. The boy was taken to the institution only on Sunday last, but his condition became worse until he passed away on Monday night. He had been in ill-health for some time. The young lad was a son of Mr. and Mrs. Dennis Murphy, 226 Queen street.

THE WORLD'S NEWS IN BRIEF FORM

Tidings From All Over Told in a Pithy and Pointed Way.

There has been a tremendous increase in Russia's war expenditure. Hugh Vallender, caretaker of a building in Hamilton, collapsed on his way to work dying in a short time.

Reeve Charles Silverthorne, of Etobicoke township and a little child were killed in a motor collision with a Radial car.

David Caplin, Hamilton, while going to the station to meet his wife returning from Muskoka, was run over and killed by the train she was on.

Hon. Rodolphe Lemieux, Postmaster-General in the Laurier administration, will be the Liberal candidate in the new constituency, Malcomville, at the next general election.

A despatch from New Glasgow states that orders have been received from Ottawa by the Nova Scotia Steel and Coal Co. directing them to discontinue making shrapnel forgings.
