VOICE EARNEST PROTEST

AGAINST TESTING CANADA'S WORD AS SCRAP OF PAPER.

A Western Liberal Conscriptorist Vigorously Assails the Borden Franchise Bill, Which is "Bob" Rogers' Voice.

Ottawa, Sept. 11.—"Upon this bill I feel more deeply than I can express. Since war has waged I have repeatedly appealed to my western constituents of alien origin. I have urged service. I have pleaded for patriotic causes. There has been generous response. I have told them again and again—told them with Canadian pride—that Canada and the Empire were fighting for freedom, for liberty, for justice, and, highest of all, for national honor and the pledged word.

"I cannot go to them now. I publish a newspaper in the west. Through my paper and with all my great ends. My ambition has been to create a national sentiment. I broke with my party and voted for conscription. I had confidence that the position I took was right, and that I could appeal with assurance upon that issue to those whom I represent, and for such a noble cause. "I cannot do that now. This Government has repudiated the pledged word of Canada. It has brushed it aside as a scrap of paper. It has repudiated the independence of conscription Liberalism. Those of us who left our party because we believed it our duty to support the Government in a war measure for the national advantage, find now that this Government is not so concerned in war measures for national advantage as it is in election measures for party advantage."

Conscriptorist Liberals' Protest.

In one of the most impressive short speeches heard during the present momentous session of Canada's Parliament, W. A. Buchanan, conscriptorist Liberal member for Medicine Hat, Alberta, thus voiced his earnest opposition to the "wartime election act," sponsored by Premier Borden and drafted by Hon. Arthur Meighen on the mandate of Hon. Robert Rogers. Mr. Buchanan's impressive protest gave the Premier, who was back in the House, and his colleagues an uncomfortable fifteen minutes. For days past the Conservative press has been eulogizing his position, both in Parliament and at the Winnipeg convention, with relation to conscription, and repeatedly has mentioned the young westerner as a "union Cabinet" possibility.

SNIDER SUFFERED MOST ALL IS LIFE

Feels Better Since Tanlac Overcame Trouble Than He Has in Thirty-five Years

"I'm feeling better today than I have in thirty-five years and it's all due to the good work of Tanlac," said James A. Snider, of 17 Jackson street, West, Hamilton, recently. Mr. Snider has the distinction of being one of the fastest coopers in Canada, but was forced by ill health to give up his trade. He has now returned to work, however, and is employed by the Paardeburg Chapter, I.O.D.E. Mr. Snider is well known both in Hamilton and vicinity and although sixty-nine years of age he has the appearance of a man many years younger. Continuing his statement, Mr. Snider said:

"A medicine that will make a person my age gain in weight and relieve them of troubles of thirty-five or forty years standing is certainly wonderful. I had been suffering from a bad stomach nearly all my life. I had no appetite and just had to force myself to eat. At times I felt like there was a hundred pounds weight on my stomach, and I was almost doubled up with misery. Gas would form from what I ate and make my heart flutter, and I often had dreadful smothering spells. I have had the best treatment both in the United States and Canada, and have taken all kinds of medicines. I would feel a little better for a day or so and then feel as bad or worse than ever.

"Tanlac did for me just what others say it has done for them and I want to make this statement because I feel like it may help lots of people who are in the same fix I was. Why, before I took Tanlac I had rheumatism in my knees and the pain was so severe I couldn't straighten up, and now the rheumatism is nearly all gone and I can walk as good as anybody. It has put my stomach in good condition, the gas has stopped forming, and I don't have any more of those awful smothering spells. My food agrees with me and I know it is building me up because I have already gained several pounds and have just finished my second bottle of Tanlac. All the pain is gone now and I want to say I feel better than I have in thirty-five years. I'm going to praise of Tanlac and I'm going to tell everybody I can about the good it has done me."

Tanlac is sold in Kingston by A. P. Chown.

KILLED BY LIGHTNING

Foreigner Found Under Badly Shattered Pine Trees.

Campbellford, Sept. 11.—Everett Annato, a foreigner, who was working at Campbellford with a Grand Trunk construction gang, lost his life during an electrical storm. His body was found in a grove beneath a cluster of pines that were badly shattered by lightning. Dr. Louches, coroner, viewed the remains, but an inquest was not considered necessary. An American military registration card issued at Rockport, Mass., was found in his pocket.

Inspectors Seize Films.

Brockville, Sept. 12.—Government moving picture censors disapproved the quality of the village of Delta by seizing eleven films which had been shipped to a theatre there without having passed the inspection of the official censor. The films belonged to a Montreal firm which is operating the theatre in the village.

Punctuality and persistence are always found in advance of progress.

RINGWORM ON CHILD'S HEAD

Caused Great Distress and Spread to Neck and Ears—Cure Was Speedily Effected When Right Treatment Was Recommended.

Grand Bend, Ont., Sept. 12.—There is no disease of the skin more obstinate than ringworm, and the mother who writes this letter does so fully realizing what it will mean to other anxious mothers to know about Dr. Chase's Ointment. This remarkable cure was brought about two years ago, and as there has been no return of the distressing disease there can be no doubt that the cure is permanent.

Mrs. D. Stebbins, Grand Bend, Ont., writes: "I am going to try to tell you of my experience with Dr. Chase's Ointment. My little girl and son came out on her head which looked like ringworms. They were spreading fast and I tried home treatment but nothing helped her. I took her to the doctor, and he opened some of the sores, which were as big as the yoke of an egg. The sores he gave me to put on was very severe, and the poor child would cry for an hour or more after an application. For six weeks it continued to spread all over her head and came down to her neck and ears. She suffered terribly. At last some kind ladies told me about Dr. Chase's Ointment, so I got a box and from the first time I put it on she was relieved of pain, and the second time the swelling was all gone. Before we had finished the first box the sores were nearly all gone. I have told all the people around here about your Ointment, and I cannot praise it too much. It is now two years since my little girl was troubled in this way, and it never came back, so you can see she is completely cured. You are at liberty to use this statement for the benefit of others who may be suffering in a similar manner."
