PROTEST FROM BATTETSEA

THAT ROAD NEAR THERE IS IN DANGEROUS CONDITION

And That Foreman Jamieson Is Not Allowed Enough Gravel to Fix It—John Williams Killed and Charles Brebner Wounded in Action.

Battetsea, Sept. 18.—The new county road building job near here is making rapid headway under foreman S. Jamieson. He is doing a first class job in grading and ditching, but the superintendent will not allow him sufficient gravel to crown the road the proper width, and consequently it is extremely dangerous in turning out, especially for loaded vehicles and cars.

Some day a tragedy may occur as a result, possibly followed by an action at law for damages which may cost the county more than the extra gravel required to make the road a safe highway for travellers.

The Red Cross concert and sale held in the Orange Hall on Saturday night, was somewhat marred by the bad weather. However, those present had a very enjoyable time and a substantial sum of money was realized for Red Cross work.

Miss Alice Jamieson has gone to teach school at Wagarville. The schools here are being conducted by Misses Mabel and Sadie Anglin of Pine Grove.

Last Wednesday evening Jason Baxter of California, and Miss Magie Jardine of this place were quietly married at the parsonage by the Rev. E. Codling.

All are glad to learn that W. J. Anglin at present confined in the Kingston General Hospital, after a serious operation, is recovering. William Ormsbee, who recently had his right arm severely injured in a gasoline engine, while engaged in threshing on his farm, is slowly recovering.

He had just completed the threshing of his large crop of grain when he met with the accident. Holder brothers are surrounding their fine dairy farm north of the village with wire fencing. They intend to go into sheep raising on a large scale.

Alexander Turner has moved into the William Keeler house on Church street. Rev. E. Codling and C. M. Vanliven attended the Kingston District meeting on the 14th.

Miss Kate Bruyere, Hamilton, is renewing old acquaintanceship here, the guest of Miss Curson. Mrs. John Miller and sister, Mrs. Craig, are visiting at Sewley's Bay.

Word has arrived that Charles Brebner, nephew of S. Jamieson, was recently killed in action in France, also to the effect that John Williams is now believed to have been killed in action.

HER WHOLE ESTATE GOES TO CHARITY Mrs. Mary Rigley Leaves Legacies to Institutions and Societies in Kingston.

The will of the late Mrs. Mary Rigley, who passed away in the House of Providence on August 4th, 1917, has been entered in the Surrogate Court for probate. The deceased was born in Germany and had no survivors.

A number of local institutions are mentioned in the bequest. The House of Providence will receive \$500, the Orphan's Home, \$300, the Children's Aid Society, \$300, the Infants' Home, \$200, and Sister Mary Rosalia, who nursed her in her last illness, \$100.

The residue of her estate is left in the hands of Rev. T. W. Savary, rector of St. James, church to divide among charitable institutions in the city. Rev. Mr. Savary and John Macdonald, secretary of the Board of Education are the executors.

TO DRAIN HORSESHOE LAKE AND RECOVER DROWNED LANDS AROUND KEELERVILLE.

Some Farmers Joyous While Others Are Angry—Everybody Around Keelerville Coming to the Kingston Fair.

Keelerville, Sept. 18.—All the machinery for excavating and drilling to drain Horse Shoe Lake is here and work will commence at once. The draining of this lake will make considerable low land valuable that has practically been useless.

The land owners around the lake are jubilant over the idea. On the other hand, the farmers upon whom this water is to be dumped are in a rage, as they fear much damage may be done by the overflow of water upon their land.

It is hoped that the water will be let down gradually, and the damage will then be slight, if any.

Quite a number intend taking in Delta fair today and to-morrow. Mr. and Mrs. J. Anglin motored to Belleville and spent the week-end. Mrs. Alpheas Caird is spending a week at Lyndhurst. Mr. and Mrs. David Sleeth are visiting in the city.

The school fair to be held to-morrow at Inverary will be well attended from this district. Douglas Anglin is attending Delta fair today.

The farmers are unable to plough on account of the dry weather and heat. Kingston fair is the topic of the day. Everybody is going to see what Mr. Bushell has in store for them.

SPAN TO BE IN PLACE

On the Quebec Bridge by Thursday Evening.

Quebec, Sept. 19.—Aided by almost perfect weather conditions, the builders of the Quebec bridge were able at five o'clock yesterday afternoon to report the middle span of 5,000 tons lifted 44 feet nearer the point at which it is to be linked with the lofty piers.

Though it had to be lifted 30 feet more, the engineers are confident of completing their work by Thursday evening.

A slight mishap yesterday afternoon for the time being stopped the raising of the span on the bridge. However, it in no way endangers the major operations, for the accident did not occur in connection with the raising proper at all.

The workmen were removing one of the 24-foot sections of the raising chain, after it had done its work, when a breakage occurred in one of the brackets in the southwest corner of the subsidiary hoisting apparatus. A piece of the bracket fell on one of the men, breaking his nose.

The broken bracket was repaired at 3.40 and the next hoist was proceeded with at 3.50, everything working O.K.

At noon to-day after a good morning's work the span had been lifted ninety feet without accident leaving sixty feet still to be covered.

LABOR FAVORABLE TO CONSCRIPTION

An Amendment Voted Down Shows How the Wind is Blowing.

(Canadian Press Despatch.) Ottawa, Sept. 21.—Delegates favorable to conscription went out in the first division in the Trades and Labor Congress on this important question to-day. The question at issue was merely preliminary, but the voting on it showed which way the wind blew.

After much discussion an amendment that congress discuss conscription and a general strike separately was lost on vote. This amendment had been put forward by the anti-conscriptionists.

While many delegates delivered fighting speeches against Canadian labor recognizing the Government's right to conscript, the majority took the view that although conscription was not in accord with the principles of organized labor, it was the duty of laborites and others to obey the law in the present instance.

HAS PUT HIM BACK IN OLD TIME FORM

Hamilton Man Says He Would Nearly Fall on Account of Weakness.

"Honestly, this Tanlac has built me up to where I was before my health began to fail, and I am feeling so good I want to tell everybody about it," said W. H. Dyson, an expert cabinet maker in the employ of the National Car Company and residing at 527 Barton street, Hamilton, the other day.

"I had been going down hill for the last twelve months," he explained, "and was steadily getting worse, in spite of all the medicines I was taking. I didn't have a bit of appetite and just had to force down enough to keep me alive, and many a morning I left home without eating a bite for breakfast and would get along on as little as I could all day. I was troubled with a fluttering of the heart that alarmed me and whenever I stooped down my head got to swimming so I would nearly fall. I couldn't even lie down to rest without becoming so dizzy I had to get right up again to keep from fainting. I was weak and tired all the time, and was on the road to a complete nervous breakdown when I began reading the statements in the papers about Tanlac and decided to give it a trial.

"The way it took hold of my troubles and began strengthening me out from the start was a complete surprise. Tanlac gave my appetite such a boost that I can eat like a regular farm hand, in fact, I get away with five good meals every day and am nearly satisfied at that. I am stronger and heavier than I have been in over a year, my nerves are as steady as a clock, I sleep like a log and get up in the mornings with plenty of vim and energy for the day's work. I always speak a good word for Tanlac whenever I can, for it is such a splendid medicine that I want all the fellows in my shop to get acquainted with it."

Tanlac is sold in Kingston by A. P. Chown.
