

MUST WAIT FOR GAS TANK

UTILITIES COMMISSION NOT TO PROCEED WITH WORK

On Advice of Its Expert—Excavation Not Ready and It Would Be Unwise to Pour Concrete in Cold Weather.

Kingston will have to get along without a new gas holder for another year. On advice of Mr. Burnett, the Toronto consulting engineer and gas expert, the Utilities Commission on Monday afternoon decided that it would not be wise to proceed with the construction of the tank with winter approaching.

PAINS OVER LEFT KIDNEY

Warned This Captain That The Kidneys Were Responsible for His Pains and Aches—Freed of Pain and Suffering by a Well-known Medicine.

Hereford, Que., Sept. 25.—Captain Peabody is well known all through this section, and he is cured by Dr. Chase's Kidney-Liver Pills. He has aroused great interest in this great medicine.

Crawford's Grocery,

getting the hole ready, but they were up against adverse conditions.

Claimed Within Contract Time.

Mr. Wright, representing the contractors, stated that the contract gave sixty working days for the completion of the work.

Mr. Burnett claimed that was not the correct interpretation of the contract. Sixty working days meant work days, that is six days a week.

Mr. Chown said he would not endorse the pouring of cement in such important work late in November.

Mr. Elliott remarked that the commissioners were no doubt agreed that Mr. Burnett's recommendation should be accepted, but regretted they were unable to get the tank by December as expected.

Mr. Chown pointed out that with the steel situation as it is he could see no prospect of getting the tank completed before Christmas and as Christmas time produced the heaviest demand upon the gas supply the tank would not be nearly so badly needed a month later.

To Mr. Elliott, Mr. Burnett explained that he had expected the contractors to have the excavation completed thirty days earlier than it would be in which case it would have been possible to have got the tank finished early in December without causing damage to the concrete.

Mayor Hughes said he was satisfied that the contractors had done their best. They had been paying high wages to get men.

Mr. Burnett—"I have had the same trouble with all the jobs I have been handling of late. It is certainly hard to get labor and material."

Mr. Chown was inclined to place some of the blame upon the Commission which had delayed too long getting out the tenders.

Mr. Wright told the Commission that he had not been able to get more labor than he had and was able to work only about four nights a week. Work had also proceeded on Sundays through necessity.

Mr. Folger stated that there was a peak load on gas as well as electricity, and this peak load sometimes represented 100 per cent. more than the amount of gas stored. It was going to be a hard task to get along this winter.

Mr. Burnett promised to ease up some of the conditions around the plant so that the present tank would furnish a better supply.

On motion of Mr. Elliott, the Commission accepted the recommendation of Mr. Burnett to delay the construction of the tank until the spring. Chairman Toye and T. J. Rigney were appointed to deal with the details of the contracts and report back to the Commission.

New Uptown Office. Manager Folger reported that the Commission's uptown office and electrical appliance department in the Beaugreave building would be ready for occupation about the middle of October. The rent to be paid was \$75 a month. A large sign lit by electricity will be placed in front of the building.

The Commission also reported that the coal it would require for its plants for the winter. The chairman and himself had purchased 6,000 tons of Buck Mountain coal at from \$6.70 to \$7 a ton and 600 tons of hard coal at \$8.50 a ton. Those were pretty low figures, considering the conditions existing.

A complaint was received from a resident of St. Lawrence avenue about a dead water end on that street, which he claimed had caused illness to members of his household. The manager will look into the matter.

Mr. Elliott brought up the question of the inability of some citizens to get even a dead-end water supply. This was a hardship. The manager said that an effort had been made to meet such cases by giving the Commission power to tax vacant property for water, but nothing definite had been done. He was instructed to take up the matter with the city solicitor.

The manager stated that the matter of gas and water extension to Portsmouth had of necessity been held in abeyance.

In attendance at the meeting were R. H. Toye (chairman), G. Y. Chown, Mayor Hughes and R. F. Elliott.

Many a man who has an exalted opinion of himself is a poor judge of human nature.

PTE. W. J. BRYANT

WOUNDED FOURTH TIME

His Mother Receives Word—The Wound is in His Arm.

Mrs. Charles Bryant, Earl street, has received word that her son, Private William J. Bryant, who went overseas with the 29th Battalion two years ago, has been seriously wounded in the arm. This is the fourth time Pte. Bryant has been wounded. He was six months in hospital the last time. Pte. Bryant has a brother at the front.

It is learned that when Pte. Bryant was wounded the third time he had thirty shots in his body. When he was convalescing word came that he would be given leave to come home, but later the news came from him that he was on his way back to France. This young man has surely earned a long rest in dear old home.

THE MILITARY ACT.

To clear up any misunderstanding regarding the requirements of the Military Service Act, and the provision for medical examination previous to the issuance of the proclamation, the chief recruiting officer explains the situation. All men in Kingston, between the ages of 20 and 34 years, single, or widowers without children, may secure free examination before the proclamation. After the proclamation every man between the ages of 20 and 45 must register. Forms for this purpose will be supplied by the postmaster, which must be filled in and returned, accompanied by the medical history sheet, in the case of those wishing exemption. The first proclamation will call up only the men in Class A, or combatants for overseas service, the men for the other classes being required to undergo examination when their particular class is called.

WHILE MAN ATE ICE CREAM

Thief Stole Watch, But Constable Armiel Recovered It. A few days ago a man named Louke, who is engaged on government work, was in the writing room at the Randolph Hotel. The weather was quite warm, and he went out to get a dish of ice cream. He forgot that he had left his watch on the table, and when he came back found that the timepiece was missing. The case was given over to Constable Armiel, who succeeded in tracing the watch and giving it back to the owner, who called at the police station on Monday morning to see if his timepiece had been found.

To Instruct the Deaf. Miss Irene M. A'Hearn, D.A., on the teaching staff of the Ontario School for the Deaf at Belleville, is being sent by the government to Northampton, Mass., for a year's course in advanced work in the training of the deaf.

Suffered Terribly

FOR FOUR DAYS AND NIGHTS FROM

DIARRHOEA

Diarrhoea arises from many causes such as change of diet, change of water, change of climate, catching cold, the eating of unripe fruits or anything that will cause an excess of bile.

On the first sign of any loosening of the bowels it should not be neglected, but should be looked after immediately, for if not diarrhoea, dysentery or some other serious bowel complaint may ensue.

Miss Florence Harfield, 325 Lander Ave., Toronto, Ont., writes: "I was troubled with a violent attack of diarrhoea. I suffered terribly with it for four days and nights, and finally I became so weak I did not think I could stand it any longer. My sister advised me to try a bottle of Dr. Fowler's Extract of Wild Strawberry. I did so, and after I had taken three doses I felt a whole lot relieved. I kept on taking it and by the time I had taken six doses, the diarrhoea had completely stopped. It did not leave me constipated. I think it a wonderful remedy, as it is so quick to act. I will recommend it to all my friends."

There are so many spurious "Strawberry" preparations sold that you should see that the name "Dr. Fowler's" is on every bottle you buy. Price 35c. Manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

STOLEN AUTO LOCATED

W. L. DEAVY'S CAR WAS FOUND AT GATINEAU POINT

Where Thieves Had Left It With Farmer. After Making the Trip From Kingston—Men Who Had Car Claimed They Had a Break Down.

Trace has just been found of a Kingston automobile, which was stolen in this city, on Sept. 8th. It is the property of W. L. Deavy, and the Kingston police have been notified that the car was located at Gatineau Point, near Ottawa. Mr. Deavy went to Ottawa to get the car.

According to the report received from Ottawa, Chief Ross and Inspector Joliat motored to Gatineau Point, to recover a large touring car, which had been left in a damaged condition with a farmer on September 8th, and which had never been claimed. It was left at the home of a farmer named Thomas Martin, and on the night mentioned, it was driven into Mr. Martin's premises by three soldiers and a civilian, who stated that they had broken down, and asked him to take charge of it until they secured some person from the garage in Ottawa to take charge of it. As no person turned up to claim the car Mr. Martin communicated with the police and after an investigation it was found that the car had been stolen in Kingston.

In the car were two rugs, a raincoat, and two pairs of gloves. The car, so it is stated, was stolen from Kingston about the time J. Foley and his associates, who are now serving fifteen months in the Ottawa jail for stealing autos, left Kingston and the police believe they are responsible for the theft.

ARE NOW AT WORK

RAISING KEYSTONE

Steambarge Was Sunk In Fog Off Chippewa Point in 1912.

The work of raising the steambarge, sunk off Chippewa Bay Point, in 1912, while navigating the river in a heavy fog, has been commenced. Already forty tons of coal have been taken out of the hold of the craft.

M. T. Co's Bulletin: The tug Thomson arrived light from Port Dalhousie, and cleared with two barges, to load coal at Oswego; the tug Glyde cleared with one coal and two grain barges for Montreal.

The steamer Lake Michigan and barge Slago discharging coal at the Locomotive Works cleared for Erie, to load coal for Toronto. The schooner Julia B. Merrill arrived at the Grove Inn, with coal, from Sudas.

Would Keep Cattle Pass.

Stanley Freeman, a farmer of Camden township, Lennox and Addington, has flocks and herds of some size in these modern days, and he is taking a legal club to the municipality to preserve a cattle pass used by the lowering him and other quadrupeds low! these many years. Freeman will be protected until the trial of the action, but the township will be permitted to make needed repairs meanwhile.

Utilities Uptown Office.

The Utilities Commission does not expect to occupy its Princess street office above the Strand Theatre until about the first of November. It will give the City Council notice that it will vacate its portion of the city treasury office at the end of the year. The Princess street building will in the meantime be used for demonstrating electrical household supplies. E. Hartrick will be in charge.

Canadian Casualties.

Killed in action—J. B. Kellor, Enterprise; J. Williams, Battersea. Seriously ill—Lieut. W. G. Bailey, R. E. E. Butler, Looneville. Wounded—C. A. Jackson, Flinton; G. McDonald, Apple Hill; W. C. Debenham, Barstow; J. E. Allen, Bancroft; W. A. Ellwood, F. W. Chiswell, Smith's Falls; F. Barnum, Corbyville; M. V. Pringle, Newburgh; H. Allison, Rednersville; H. Amel, Cardinal; J. Bain, Crow Lake.

Hospital Women's Auxiliary.

At a meeting of the Women's Aid of the General Hospital Monday afternoon plans were completed for tag day on Saturday the 6th of October. A committee was appointed to nominate officers for the ensuing hospital year and who will be elected at the meeting next month.

Is Soliciting Aid.

Miss Annie Wilson, of the British Methodist Episcopal churches in Canada, is in the city on her annual visit soliciting aid for the general organization in the province.

Sergeant Instructor of Wireless.

Lorne Hicks, Kingston, has returned to duty after spending several weeks with his parents in Peterborough. He was accompanied by Mrs. Hicks.

Try This If You Have Dandruff

There is one sure way that never fails to remove dandruff completely and that is to dissolve it. This destroys it entirely. To do this, just get about four ounces of plain, ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

You will find, too, that all itching and digging of the scalp will stop instantly, and your hair will be lustrous, glossy, silky and soft, and look and feel a hundred times better.

You can get liquid arvon at any drug store. It is inexpensive, and four ounces is all you will need. This simple remedy has never been known to fail.

COOK'S Cotton Root Compound. A safe, reliable purgative medicine. Sold in three sizes of strength—No. 1, \$1.00; No. 2, \$1.50; No. 3, \$2.00 per box. Sold by all druggists, or sent prepaid on receipt of price. Free pamphlet. Address: THE COOK MEDICINE CO., TORONTO, ONT., Canada.

You Couldn't Help Feeling Comfortable
