FLIGHT-LT. BILLINGS PROBABLY IN GERMANY

Draft Signed by Him on Sept. 8th at Hanover Presented For Payment.

Ottawa, Oct. 4.—Flight Lieut. Hugh Billings, a well known young Ottawa aviator, who for the past month or so has been given up as dead, is evidently alive and well, a prisoner of war in Germany.

Wednesday morning his parents, Mr. and Mrs. H. B. Billings, of Billings' Bridge, were notified by cable from Mrs. McConnell, a personal friend of the family, who resides in London, Eng., a cable, stating that Hugh had cashed a draft in Hanover and that it had been presented to her for payment in London.

This information, revealing one of the strangest cases of the great war and including details of the heroism of the brave young Ottawa aviator, has naturally overjoyed the family, who had given the young man up as dead.

It is now presumed that young Billings is a prisoner of war. His letters, if any, have been able to write, have evidently ceased to come.

Mrs. McConnell, in her cable to Mr. Billings, added that she had seen the draft and that it was in Hugh's handwriting.

DENONCES WAR PROFITTEERS

Itabi Wise Calls Them "French Rats" Despoiling Soldiers.

New York, Oct. 2.—"Trench Rats" was the term by which Rabbi Stephen S. Wise of the Free Synagogue spoke of war profiteers. "They are fattening on the necessity of American soldiers," he said. "What can Stay-at-Home Do to Win or Lose the War?"

"This is not the war of American arms. It is the war of the whole American people. Germany dragged and dragged her soldiers to the battlefield, while we in America selected our men. This is a war of attrition, of which the great peril of the face of the earth. There can be no draw; there can be no truce. The momentous thing in this war is that the German ideal of dominance must be slain. To win this fight, then, there are just three things we stay-at-homes can do—think right, feel right, and serve right."

Referring to the critics of the war, Rabbi Wise said:

"It is far better, no matter how unjust or unwise it may be, to have such criticism outspoken than to have it suppressed and ineffectual. The burden of the war must fall most heavily where it will rest most lightly. The men who have been through the hell of war will scorn the glorified tax dodgers and grow impatient with war profiteers. These latter must be thought of as on a level with the calling of thieves men and disloyal women who follow in the train of war."

GOOD CHRISTMAS GIFTS.

New War Certificate Popular With People.

Ottawa, Oct. 4.—The success in the issue of war savings certificates is shown in returns made to the department of finance. Up to the end of September 166,000 certificates had been issued, the total receipts being in excess of eleven million dollars.

Several thousand of the new \$10 certificate, which sells for \$8.60, and was issued recently, have already been taken up. Indications are that this small certificate will be popular with the younger folks for Christmas and birthday gifts.

The Hamilton branch of the Canadian Patriotic Fund has purchased some 300 certificates (representing \$7,700) for dependents of soldiers who, during the summer months, saved from their patriotic fund allowances a stated sum each month.

OUR FIRST AUTO TRUCK

IN EMERGENCY ON THURSDAY MOTOR TRUCK KEPT AT STATION

Was Loaded With Chemicals, etc.—For Fighting Small Fires—Auto Equipment Necessary.

Kingston's first auto fire truck went into service on Thursday but only because of the emergency caused by the break in the watermain.

Chief Armstrong and Ald. N. C. Polson, chairman of the Fire and Light Committee were doing much worrying when the water pressure went down. It was to be expected that when the pressure was low a fire would break out somewhere. The expected did not happen, however, and the city was saved.

The enterprise which was shown in partly overcoming the difficulty is worthy of credit. A motor truck from Boyd's garage was secured immediately after the pressure went down. On this truck, which was kept at the upper fire station, was placed chemicals and light apparatus for the purpose of quickly overcoming any small fire. With the aid of horse-drawn lumbering outfits much delay is experienced in getting to a fire.

With a motor truck the apparatus can be on the ground of the fire with practically no delay. Thus preventing large fires in many cases.

From the experience of Thursday the city should put in motor apparatus as soon as possible as some day it might prevent a fire that under present conditions would far exceed the cost of the equipment.

BOLO WAS HELPED BY BERNSTORFF

German Money Furnished to a Big Spy by Former Foe Envoy.

New York, Oct. 4.—Proof that German money was furnished in this country by Count von Bernstorff to Bolo Pasha, under arrest in Paris as a spy, will be forwarded to the French Government, it was announced here by Merton E. Lewis, State Attorney-General.

The Attorney-General, who investigated Bolo Pasha's activities here at the request of Ambassador Jusserand, said that it was a preliminary report submitted by him to the Ambassador at Washington last week, which resulted in the arrest of Bolo Pasha in Paris.

"The conclusions will be substantiated by a mass of documentary evidence," the Attorney-General's statement said, "including photographic reproductions of the checks, bank records and other proofs of the disposition of the German money furnished Bolo Pasha in this country by ex-Ambassador Bernstorff."

Bolo Pasha, who was in the United States between February 22nd and March 17th, 1916, came here, according to Mr. Lewis, to arrange for the transfer of German money to Paris through New York banking institutions, to further peace propaganda in France. He succeeded in getting at least \$1,500,000 over to the French capital through J. P. Morgan & Co. and other banking institutions, the Attorney-General's investigation disclosed. Part of this money, it was revealed, went to Senator Charles Humbert, owner of Le Journal, Paris newspaper, which, however, according to cable despatches, he refunded after becoming suspicious of Bolo.

THE WORLD'S NEWS IN BRIEF FORM

Tidings From All Over Told in a Pithy and Pointed Way.

The latest from Ottawa suggests that Laurier's retirement is certain. French aviators on the west front made forty-seven flights in two days.

One British flyer recently dispersed a company of 500 German troops. Ten months have been gained in the manufacture of American destroyers.

Lieut.-Col. W. S. Dinwick will be in charge of the British Red Cross appeal in Toronto again this year.

Former King Constantine of Greece issued his retirement to announce a gift of 1,000 francs to the Jewish refugees from the Salonika fire.

The Canadian Pacific Fund executive estimates the need of the fund for 1918 at \$12,000,000; up to the end of September there had been paid in altogether nearly \$20,000,000.

Clarence I de Sola, Belgian consul of Montreal, has warned Canadian exporters of the operation in Canada of German agents, who are sending rubber to Germany via Holland.

Horse Races.

One of the highest class race meetings of the season will be held on Monday, Oct. 8th, Thanksgiving Day, at the Fair Grounds. Lovers of harness horses, and everybody who has the price, the time, and the inclination will be there, and it behooves those citizens who have two of the above mentioned three, to acquire the other and come and enjoy the fun at the Fair Grounds on the holiday.

THE HIBERNIANS BUILDING

BROCK STREET EDIFICE WILL BE USED AS NURSES' HOME.

Arrangements Being Made by the Hotel Dieu Authorities to Take Over the A.O.H. Building.

If negotiations now under way go through successfully the nurses of the Hotel Dieu will take over the Ancient Order of Hibernians' building on Brock street as a nurses' home.

At present the Hotel Dieu is using the residence next to the A.O.H. building, but even this extension to the hospital is not sufficient to take care of the demands on the institution for space.

There are thirty-two nurses in the Hotel Dieu, and in the interests of the nurses' comfort and convenience and in the administration of the hospital the Mother Superior and other authorities consider that the A.O.H. building would do a great amount of good. The change would help in a great many ways beside giving more room for patients with the nurses moved to the A.O.H. building.

No definite decision has been arrived at yet, but it is understood that the proposal will go through as the Hotel Dieu is greatly in need of such a place, and this particular building is admirably adapted to the work.

WAIT FOR PROCLAMATION

ACTIVITY IN VARIOUS PLACES TO PREPARE FOR DETAIL WORK

Base Recruiting Office Filled With Men Waiting For Their Examination—One Humorous Case.

The proclamation! Hundreds of young men between the ages of twenty and thirty-four are anxiously waiting for the proclamation which will summon them to service for their country. In the meantime developments are taking place in rapid succession.

In the Base Recruiting Office are dozens of young men who are coming before the medical board to determine if they will have to leave their present positions to don the khaki. One man came out after an examination which declared him to be in class "A". Immediately he made an effort to sell a valuable store which he is now running. As he has a sister to support, the call, if exemption is not granted—will be a hard one on him.

A little spice of humor was added to the proceedings on Thursday morning when Sergt-Major Beale brought in a man who possessed only one leg. Knowing that such a man was absolutely unfit for service a hearty laugh went around the medical board and those in the room. The man brought in, enjoyed the fun more than any of them.

In an office at camp headquarters, Major G. I. Campbell is engaged in work on details of the Act's enforcement.

In Ontario Hall typewriters are piled high, filing cases are scattered all over the room and busy men and girls are preparing for an avalanche of work.

Everything awaits the decision of the Parliamentary Committee on the names of members of the various tribunals and then the proclamation.

Announcement is made that two novelty races will be held as added attractions along with the classes programmed for Monday's race meet at the Fair Grounds.
