### Laurier Being Misrepresented

What the Ottawa Citizen Says With Regard to Him.

### SERVICE ACT MUST STAND

IS ANSWER GIVEN BY LAURIER TO QUEBEC.

The Liberal Leader Opposed to the Suggestion that the Conscription Measure Should be Rescinded. Ottawa, Oct. 8.—The Ottawa Citizen publishes editorially the following comment upon the Liberal leader's stand: "The Citizen does not pretend to be in the confidence of the Liberal party any more than it can claim to be the depository of the political secrets of the Conservative organization, but it is obvious that the political situation as it exists at present is being obscured for purely partisan purposes, and that the attitude of Sir Wilfrid Laurier is being misrepresented in the administration press. The following excerpt from a local journal may suffice to illustrate the partisan view point of the action of the Liberal leader in proffering his resignation as leader of his party at this juncture.

"The Ottawa organ of the Government says: 'Sir Wilfrid Laurier's resignation comes as the climax of three weeks of Liberal negotiations and conferences. To those who have been watching the undercurrent of politics it is seen to bear a strong relation with negotiations for a union government. As long as Sir Wilfrid retained the leadership of the Liberal party the achievement of union was difficult; many Liberals who recognized that a union cabinet under the direction of Sir Robert Borden was demanded by the requirements of the war were loath to abandon the man who had led them in ill repute and good for so many years.'

Positions Not Related. The Citizen continues: "The matter of a union government is, however, not related in any way to the position assumed by Sir Wilfrid. The facts are that the Quebec wing of the Liberal party insists upon the agreement to rescind the conscription measure and to make this promise to the Quebec element before the election. With anti-conscription as a war cry the province, this element asserts, could be swept for the Liberals. But Sir Wilfrid has, according to the best information, absolutely refused to agree to this proposition. He takes the stand that conscription is now the law of the land, that it must be obeyed and that, come what may, it must stand on the statute books as far as the calling to the colors of the required 100,000 men is concerned.

Give One Alternative. "The Liberal leader has placed his alternative before the Quebec section; if this element will not accept his view he will at once step down. Only on condition that the

### "HAD ALMOST GIVEN UP."

Barnia, Ont.—"About 27 years ago I was taken very bad, my blood, too, was in bad shape. I got so I had to go to bed and I was there for over three months. I could not eat and could not sleep. I had three of the best doctors I could get but it just seemed nothing was going to help me. I had almost given up. I thought I would never be any better and was willing to give up and die rather than suffer as I was. A neighbor of mine told me of Dr. Pierce's wonderful medicine and I decided to use them. My husband bought me six bottles of 'Favorite Prescription.' I had not taken it long until I felt better. In less than six weeks I was out of bed, and in less than six months I was cured and have been well ever since. Do all my own work. I have raised three children, two are married and have children. They have used it and they are healthy, so are their children. I am sure it was all on account of my having them use the medicine.

"I keep all of Dr. Pierce's medicines in the house. Have 'Favorite Prescription,' 'Golden Medical Discovery' and 'Santol-Weed'—anything prepared by Dr. Pierce is good. I also have a copy of the 'People's Common Sense Medical Adviser,' which I have had 26 years; it has been very valuable to me."—Mrs. J. WAT, 232 Ontario St., Barnia, Ont.

If you are a sufferer, if your daughter, mother, sister needs help, get Dr. Pierce's Favorite Prescription in liquid or tablet form from any medicine dealer to-day. Then address Dr. Pierce, Invalids' Hotel, Buffalo, N. Y., and get confidential medical advice entirely free.

A most valuable book in any home is Dr. Pierce's Common Sense Medical Adviser. A splendid 1008-page volume, with engravings and colored plates. A copy will be sent to anyone sending fifty cents in stamps, to pay the cost of wrapping and mailing only, to Dr. Pierce, Buffalo, N. Y.

Dr. Pierce's Pleasant Pellets are the original little liver pills, first put up nearly 50 years ago.

Free Demonstration of George Washington Coffee, at the Bon Marche Grocery

Friday and Saturday. Everybody Invited.

### TORONTO MAN HAD LOST 26 POUNDS

Suffered 30 Years And Was So Weak Couldn't Walk a Block Without Help.

"Only those who have suffered with rheumatism like I did before I began taking Tanlac know how terrible the pain is, and it is impossible to describe it," said Richard Faulkner, who has been a butcher in Toronto for many years and lives at 68 McGill street, recently. "The rheumatism bothered me mostly in my legs," he continued, "especially my feet and ankles, but it extended also into my arms and shoulders, and for nine or ten years now I have simply suffered torture from it. Just that nagging, almost unbearable pain that seemed to strike clean to the bone, and all day at my work I would almost go mad I suffered so. I could get no rest and many a night I have had to get out of bed and walk the floor. I just couldn't sleep on account of the misery. My legs would get stiff and draw up so I couldn't walk. I just had to hobble around and the boys who worked with me expressed pity for me. I have also had a bad stomach trouble for thirty years, and this together with exposure to cold and dampness in the shops, no doubt brought on the rheumatism. My appetite was all gone and what I forced myself to eat disagreed with me terribly. Gas went into my stomach, and kept me in misery for hours, feeling like I would choke to death. After breakfast I would become nauseated in a few minutes and vomit up all I had eaten. I also had a hurting in my right side and pains around my heart. I couldn't eat for my stomach. I had fallen twenty-six pounds from my usual weight, and was so weak and crippled up that my son would have to meet me at the car line—and help me home.

"I certainly was in bad shape and when I look back now and think of the awful suffering Tanlac has relieved me of, I don't see how I stood it as long as I did. But Tanlac has just about cleared me of it all. My stomach is now in fine shape and the rheumatism is so much better that I can hardly tell I ever had it. All the pain and stiffness has gone out of my joints and I'm feeling altogether like a different man. I couldn't sleep for a better appetite. I'm not troubled with indigestion any more and it has been a long time since I could enjoy eating like I do now. I have already gained several pounds of my lost flesh back and to say my wife and I are both delighted with what Tanlac has done for me doesn't half way express our feelings. Tanlac is by far the best of all the many medicines I have ever tried and I will gladly tell anyone trying to find relief what I have found out about it.

Tanlac is sold in Kingston by A. P. Chow. Law as it stands will be respected and obeyed in Quebec will Sir Wilfrid retain the leadership. This ultimatum of the Liberal leader has brought about the present crisis in the fortunes of that party. It is not related in any way to the appointment of certain nominal Liberals to office in the present administration, and has no reference whatever to union government in the Quebec Liberals fall into line Sir Wilfrid will continue as leader; if not, he will abdicate.

The public will be interested in knowing the facts. Sir Wilfrid must be given credit for loyalty to his convictions and respect for the law of the land. His position in this matter must immeasurably increase his influence in all parts of the Dominion outside the Province of Quebec, and even in that part of the country which is not the support of the anti-conscription element. The Citizen has differed with Sir Wilfrid's view of the conscription measure, but recognizes in the present instance he is showing himself above party influence and the life rather than precipitate confusion, if not worse, in this country by an abuse of power."

### DROWNED NEAR WASHBURN

THOMAS MARTIN MET DEATH ON SUNDAY WHILE FISHING.

Was Subject to Epilepsy and Fell Off Locks—Body Found Floating by Thomas Keyes.

While fishing at the lower side of the locks on the Rideau Canal near Washburn on Sunday afternoon, Thomas Martin, aged about thirty years, was drowned. Although no one was near him at the time it is believed that while in the act of changing his position he slipped and fell in the water. He was subject to weak spells at times due to epilepsy, and it is quite probable it was one of these that was directly responsible for his death.

Later in the afternoon, shortly after three o'clock, his body was seen floating about one hundred yards below the locks by Thomas Keyes, who was in his boat. Mr. Keyes immediately called to H. McBroome, who was nearby, and the body was recovered.

The man's relatives were notified and the remains were taken to his late residence in the village.

The late Mr. Martin was unmarried, and survived by his mother, Mrs. William Martin, and one brother, George. Deceased was a farmer in Washburn, and his sudden death was a distinct shock to the community in which he lived.

### URUGUAY BREAKS WITH GERMANY

Finds it Necessary to Espouse Cause of Defenders of Justice.

### VOTE OF THE DEPUTIES

TO SEVER RELATIONS WAS 74 TO 23.

The President Has Received Authority to Revoke the Uruguayan Decree of Neutrality When He Deems it Necessary.

Montevideo, Uruguay, Oct. 9.—Uruguay has severed diplomatic and commercial relations with Germany and sent passports to the German minister. Action was taken after President Viera, in a message to parliament, declared the time had come for Uruguay to enroll herself "in the league of honor mentioned by President Wilson."

President Viera declared that the Uruguayan government had not received any direct offence from Germany, but that it was necessary to espouse the cause of the defenders of justice, democracy and small nationalities and to conform its honest, passionate policy unaffected by any question of material interest.

The president also received authority from parliament to revoke the Uruguayan decrees of neutrality whenever he deems it necessary.

The vote in favor of the severance of relations by the chamber of deputies was 74 to 23.

The presidential decree, besides providing that his passports be handed to the German minister, stipulates that the German consuls in Uruguay. The Uruguayan minister to Germany is recalled and the Uruguayan consuls in Germany are ordered home.

A great crowd assembled during the session and there was an enthusiastic demonstration when the decision was announced.

### LATE PROF. CODD'S FUNERAL

Queen's Staff and Students Paid Their Last Tribute.

With quiet and impressive solemnity amid the deepening shadows of Convocation Hall at Queen's University the last sad rites for the dead were conducted over the remains of the late Prof. A. E. Codd by Principal Gordon on Monday afternoon.

Professors and students attended to pay their last respects to a departed colleague and teacher whose presence has been sorely missed in the university halls for over a year. As a scholar and instructor the late Prof. Codd was sympathetic and eager, and at no time was he more happy than when he was discoursing to a class on the beauties and humor of Vergil's Georgics or on some other theme of Latin literature. He caught the spirit of the classics and understood their inner nature.

Principal Gordon spoke glowingly of the accomplishments of the deceased, and mourned with the rest of the university his demise.

His devotion to his chosen work was the principal reason for his mastery as a teacher, and his geniality and co-operative spirit which he displayed among his colleagues gave him a growing influence which was cut off all too short.

The university was grieved to learn of the weakness which caused him to relinquish his duties, and it still more deeply grieved to learn of his death.

After the service in Convocation Hall the remains were conveyed to Cataract cemetery, where the service at the graveside was conducted by the Rev. Malcolm MacGillivray, D.D.

Dean J. C. Connell, Dr. James Third, Prof. A. L. Clarke, Prof. Brovedani, Prof. Norman Symons, and G. Y. Chown acted as pallbearers.

### FUNERAL OF MRS. CATHERINE LITTLE

The funeral of the late Mrs. C. Little took place from the family residence, 168 King street, at 9 o'clock, Saturday morning, to St. Mary's Cathedral, where solemn requiem mass was sung by Rev. Father Hanley, interment being made in St. Mary's cemetery.

Many friends and acquaintances attended the church and the casket was covered with beautiful flowers which testified to the high esteem in which deceased was held by all who knew her.

The pallbearers were: Walter Yellowby, Robert Yellowby, Mr. Mathewson, Mr. Jarvis, Mr. Doyle, V. Graham.

### Now Major Edgar, D.S.O.

Major D. K. Edgar, son of the late Sir James Edgar, Toronto, has been awarded the D.S.O. Major Edgar has been with the Royal Engineers in the Indian army for ten or twelve years past, and has served in Mesopotamia for the past two years. He is a graduate of the Royal Military College, Kingston.

Probs: Wednesday, fair at first, then showers.

### EAT LESS AND TAKE SALTS FOR KIDNEYS

Take a Glass of Salts If Your Back Hurts or Bladder Bothers.

The American men and women must guard constantly against kidney trouble, because we eat too much and all our food is rich. Our blood is filled with uric acid which the kidneys strive to filter out, they weaken from overwork, become sluggish; the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health.

When your kidneys feel like lumps of lead; your back hurts or the urine is cloudy, full of sediment or you are obliged to seek relief two or three times during the night; if you suffer with sick headache or dizzy, nervous spells, acid stomach, or you have rheumatism when the weather is bad; get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys; to neutralize the acids in the urine so it no longer is a source of irritation, thus ending bladder disorders.

Jad Salts is inexpensive; cannot injure, makes a delightful effervescent lithia-water beverage, and belongs in every home, because nobody can make a mistake by having a good kidney flushing any time.

### WEDDED IN TORONTO.

Arthur W. Martin, Formerly of Kingston Was the Groom.

There was a quiet wedding in the Church of the Redeemer, Toronto, on Saturday when Rev. C. J. James married Gertrude Aharbanel, daughter of Mr. and Mrs. William Martin Adair, of Toronto, to Arthur W. Martin, eldest son of the late William C. Martin and Mrs. Martin of Kingston. The bride wore her travelling suit of dark brown tweed, with seal skin collar and black and grey hat with a touch of orange; Miss Jacqueline Martin, also in brown, was her sister's bridesmaid, and Irving Martin his brother's best man. The altar was decked with flowers, and the whole service in which the congregation took its part, most reverent and impressive. Mr. and Mrs. Martin left directly after the ceremony for their honeymoon trip. Among those present for the wedding were Miss Mildred Macmorine, Miss Marjorie Pense, Miss Nora Martin and Miss May Rogers of Kingston.

Mrs. H. A. Lavell, Barris street, was one of a deputation of ladies that presented in Toronto the work of the Women's Missionary Society to the General Board of Missions of the Methodist Church.

### MUCH INTEREST.

Baseball Fans Crowded to Whig's Bullied.

Judging by the interest that was displayed at the British Whig bulletin on Saturday and Sunday interest in the world's baseball series has not lagged even in war time. Great crowds waited patiently for the scores to come in. Arrangements had been made by the Whig with the telegraph companies to rush through the scores by innings, and they arrived in Kingston just as quickly as in any of the other Canadian cities.

On Saturday White Sox were the favorites among the crowd when it was known that Cleotis was going to pitch. McGraw's boys had their admirers, however, and quite a few bets were made. Many held the opinion that Chicago would take the first game and the Giants the end to such hazards, and the sensible man is now keeping his opinion to himself.

Throughout the series the British Whig will bulletin the results and a full account of the games will be run in the paper.
