**SERVICES OF THANKSGIVING**

HELD IN THREE OF THE CHURCHES ON MONDAY

Rev. W. T. G. Brown Preached in Queen Street Methodist, Rev. E. R. McLean in St. Andrew's and Rev. Mr. Rayner in Bethel.

Rev. W. T. G. Brown preached vigorously at the Union Thanksgiving service in Queen Street Methodist Church on Monday at 11 a.m. He recalled national and individual blessings for which God was to be praised and urged that the church must be the comforter of the people in the days to come. His ministers and people must be full of joy and hope, a consolation to the lonely and bereaved and with mighty faith must touch those who are in great trial and perplexity. The heart of the nation was truly Christian, noble and inspiring. There was more good than evil extant. The homes of the people were happy and peaceful, and the harvest was abundant and excellent. There was every cause for praise and thanksgiving in Canada.

Rev. J. D. Ellis conducted the service, assisted by Rev. G. S. Clendinning, H. Curry and J. Roadhouse. There was a fair attendance, far too small for such an occasion. Miss Goldie Bartels gave a fine violin solo.

At St. Andrew's Church.

"What have we to be thankful for as a nation?" asked Rev. E. R. McLean, of Cooke's Church, preaching at the Thanksgiving Day service in St. Andrew's Church on Monday morning. The speaker referred to the war, and said that we might well thank God for the causes rather than the results.

In the olden days there was always a war on. The present war was a holy war, and we must be thankful over the fact that there were nations that kept their honor and would observe treaties made with some other nations. Just at the present time the demands on the generosity of the people were many, and the Christian church had its place to fill. We had many years of prosperity to be thankful for. Now in this great struggle for righteousness there was a great opportunity presenting itself to the church. The doors had been opened as they had never been opened before. The greatest joy was not in results. Man's chief end is to glorify God.

In spite of the inclement weather there was a good-sized congregation, and the service was a most inspiring one.

At Bethel Church.

The Baptists and the Congregationalists held a union thanksgiving service in Bethel Church, Monday morning, which was well attended. Rev. Douglas Laing presided, and Rev. John Lyall conducted the devotional exercises. Rev. T. de Courcy Rayner delivered the thanksgiving message which was a most inspiring one. He spoke of it as a threefold thanksgiving, 1st, by the mouth, speaking for Christ; 2nd, by the hand, giving for Christ; 3rd, by the heart in consecrating one's life to Christ. The choir rendered a special programme of music.

**LIEUT. C. W. TOPPING APPOINTED JAILER.**

Ontario Government is Forced to Recognize Claims of the Returned Soldiers.

The Provincial Secretary's Department announces the appointment of Lieut. C. W. Topping, of Parham, Ont., to be jailer of the County of Frontenac.

Lieut. Topping went overseas as a private with the original second contingent in the 21st Battalion. He soon rose to be a lieutenant, and was wounded while leading his men at Vimy Ridge. He is a graduate of Queen's University and served nineteen months in the trenches.

The protest of the returned soldiers against the position of jailer being given to R. A. Hamilton, ex-warden of Frontenac, as a political appointment, has thus been successful. The Ontario Government has been forced to recognize their just claim.

**WANTED TO CONSERVE.**

But Large Family With Small Earnings Was Feeling the Pinch.

While the canvassers were most successful in their tour of the city and pledge cars for food conservation are to be seen in many of the houses, the canvassers were met in some districts with arguments that contained good common sense.

"There is no need to ask me to conserve," said one woman whose husband earns \$2 per day, while this has to provide for the two heads of the family as well as five children.

"I intend to save all the food I possibly can, but it looks foolish to be asked to cut down when it takes every cent I get to keep the mill going," said the woman, and the canvassers were free to admit that the woman was right.

**SPEED OF TRAINS.**

Has Been Limited to Ten Miles at Fatal Crossing.

The recent fatality at Vars, when four people lost their lives, including Rev. Dr. Mavety, formerly of this city, was discussed with Sir Henry Drayton, head of the Dominion Railway Commission, by the members of the Ottawa Ministerial Association, who presented the memorial passed by the Ottawa District Methodist Association, deprecating the existence of level crossings in thickly populated centres, and urging better protection.

As a result of the accident an order has been issued limiting the speed of trains at this point to ten miles an hour. Further protection will be considered.

**NERVES OF THE STOMACH**

Were Weak and Inactive as Result of Nervous Prostration—Lost Twenty Pounds—Had to Take Sleeping Powders to Get Any Rest.

St. Catharines, Ont., Oct. 9.—Many people never realize that the movement and action of every organ of the human body is dependent on the energy supplied by the nervous system.

When the nervous system gets run down there is weakness throughout the entire body. You feel tired and languid and your stomach and other digestive organs are similarly affected. Appetite falls, digestion is poor, you do not get the good of what you eat and gradually grow weaker and weaker.

This process can only be stopped by such treatment as Dr. Chase's Nerve Food, which goes directly to create new nerve force and thereby to invigorate the whole human body.

Mrs. Geo. S. Elise, 46 Davidson street, St. Catharines, Ont., writes: "My husband had an attack of nervous prostration, and, although he doctored for some time and tried different other medicines, he could not get relief. He had to resort to sleeping powders given him by the doctor to make him sleep. The greater part of the trouble seemed to be with the nerves of his stomach. He began to lose weight and kept on going down until he had lost twenty pounds. We had read the advertisements in the newspapers for Dr. Chase's Nerve Food, and noticed that it seemed to be doing a lot of good for people troubled with nervousness, so my husband decided to try it. He found benefit almost from the start, and continued this treatment until he had taken about twelve or thirteen boxes. The results were most satisfactory. He is now enjoying good health, sleeps well, and has gained back nearly all the weight he had lost. He also used Dr. Chase's Kidney-Liver Pills occasionally and thinks them an excellent remedy. I have also used this latter medicine for dizzy spells and liver trouble, and was completely cured of these complaints. We think a great deal of Dr. Chase's medicines, and cannot speak too highly of them."

Dr. Chase's Nerve Food, 50 cents a box, a full treatment of 6 boxes for \$2.75, at all dealers, or Edmondson, Bates & Co., Limited, Toronto. Do tute. Imitations only disappoint.

**Building Shelters.**

The G.T.R. bridge and building department is constructing a number of wooden buildings to serve as shelters at different bridges on the railway system for the guards placed at the same during the winter months as a precaution against any possible attempt at destruction.

**Sand Hill Church Event.**

Sand Hill Presbyterian Church was the scene of two very well attended services on Sunday, when Rev. E. R. McLean, Cooke's church, conducted the annual thanksgiving and anniversary services. In the evening a quartette from the Y.M.C.A. rendered several selections.

**Notice.**

**If Stomach Hurts Drink Hot Water**

"If dyspeptic, sufferers from gas, wind or flatulence, stomach acidity or indigestion, gastric catarrh, heartburn, etc., would take a teaspoonful of pure bicarbonate of soda in half a glass of hot water immediately after eating, they would soon forget they were ever afflicted with stomach trouble, and doctors would have to look elsewhere for patients." In explanation of these words a well-known New York physician stated that most forms of stomach trouble are due to stomach acidity and fermentation of the food contents of the stomach combined with an insufficient blood supply to the stomach. Hot water increases the blood supply and bicarbonate of soda instantly neutralized the excessive stomach acid and stops food fermentation; the combination of the two, therefore, being miraculously successful and decidedly preferable to the use of artificial digestants, stimulants or medicines for indigestion.

**Quality Counts**

We are now receiving by express—

"SHIELD BRAND" FRANKFURT SAUSAGES, FRESH PORK SAUSAGE, BLOOD PUDDINGS.

If you want a supply for the week-end kindly let us have your order early Saturday morning.
