

A BIG LOSS LOOKED FOR IF THE ROOT CROP CANNOT BE TAKEN IN.

Rev. J. D. Boyd Is Endeavoring To Get Help For the Farmers—Impossible For Many To Get Crop Out of the Ground.

With a view to helping out farmers who are unable to get in their root crop, Rev. J. D. Boyd, chairman of the Agricultural Committee of the Board of Trade, is endeavoring to round up as many men and boys as he can who will lend a helping hand to the men of the soil who are in need of the help. It will be remembered that Mr. Boyd brought up the matter of shortage of labor on the farms at the last meeting of the Board of Trade.

It is stated that there will be a serious loss in the root crop if the farmers do not get the help they need, and this is indeed a great pity, in view of the appeals which were made to the farmers for increased production. The entire root crop is needed to help out the situation. There are many young men and boys who could perhaps give a few days to the work, and if they are willing to do their bit Mr. Boyd would be very glad to have them report to him.

Quite a batch of the young men who have applied for exemption from overseas service are farmers. One young man who made application for exemption stated to a Whig representative that he had two brothers at the front, and that he was working a farm alone, and supporting his mother while his two brothers were overseas.

One farmer has reported that he has a big crop of pumpkins, and that they will not be taken in because he has not the necessary help.

A LOCAL GATHERING.

Organization for Canada's Victory Loan Campaign.

A joint meeting of the executive of Canada's Victory loan with the general committee met yesterday afternoon in the committee room, City Hall, the latter committee meeting in an advisory capacity to the executive. The organization work up to the present was laid before the meeting and received approval. The executive obtained the views of the general committee on several important matters in connection with the organization, which will be of great assistance to them.

W. J. Fair, J. O. Hutton, Stephen Roughton and George E. Smith will be captains of the teams for canvassing, which will begin on the morning of Nov. 12th.

The name of Gen. Hemming, Ernest Cain, W. J. Driscoll, Prof. Iva F. Martin, Prof. H. Mitchell and Prof. O. D. Skelton were added to the general committee.

The Publicity Committee met last night in the Board of Trade rooms with a fair attendance. The chairman, J. G. Elliott, presided and after a general review of the work of the committee in attracting attention to the Victory Loan campaign, Messrs. I. G. Elliott, Francis King and G. K. Martin were appointed a committee to strike the committees necessary for the successful accomplishment of publicity.

FALL PLOWING NOW.

Suggests Efforts to Prepare for Next Year's Crop.

The question has been asked, "Is the Greater Production Committee to do any fall ploughing this year?" There were many owners who were kind enough to allow their land to be used in this cause. The committee ploughed and cultivated the land free and the majority of lots produced excellent results. If there was fall ploughing they would do much better.

COST 18c. PER PRISONER

JAIL OFFICERS HANDLED 116 PEOPLE DURING PAST YEAR

Lieut. C. W. Topping Is the New Jailor—Many Interesting Figures Are Given.

The annual report of the Frontenac jail contains many interesting facts, the principal one being the fact that 116 prisoners of whom eight were females, were in custody in the jail during the year.

There were twenty-two men and two women in the jail on October 1st. The nationalities of the prisoners were as follows: Canadian, 74; English, 3; Irish, 2; Scotch, 4; United States, 4; other countries, 3. The religious leaning of the prisoners were as follows: Roman Catholic, 44; Methodist, 24; Church of England, 12; Presbyterian, 10; other denominations, 2.

There were twenty-three men and two women prisoners who were married and the remainder—sixty-three men and four women—had not entered the matrimonial bond.

During the year no prisoner escaped, which shows the efficiency of the staff. The inmates were engaged in making tile, breaking stone, cutting wood, working on the Court House grounds, sewing, knitting and cleaning. This work brought in a revenue of \$1,366.12.

It cost \$5,891.33 to run the jail during the year up to October 1st. This amount is subdivided into \$3,044.53 for officers' salaries, \$254.84 for ordinary repairs, and \$1,991.96 for food, clothing, fuel and all other items. The average daily cost of maintenance of each prisoner was eighteen cents.

The offences for which prisoners were sentenced to jail and other prisons during the year were: Assault, 2; deserting the militia, 5; drunk and disorderly, 22; forgery, 2; larceny, 3; rape and assault with intent, 3; seduction, 1; trespass, 1; vagrancy, 5; other offences, 31.

The occupations of the prisoners were: Barbers, 1; blacksmith and boiler-makers, 2; cabinet makers and upholsterers, 1; cigar makers, 1; doctors and druggists, 4; engineers and maulers, 1; farmers, 5; laborers, 29; mechanics, 1; merchants and traders, 2; millers, 1; moulders, 1; sailors and fishermen, 3; tailors, 3; no occupation, 5; and other occupations not mentioned, 30.

"HAVE A HEART" AT GRAND.

A Pleasing Musical Comedy Produced on Wednesday Evening.

With a departmental store lingerie room and a lounge room in a seaside hotel as settings, with a plot that hung together well and with a good company of actors, catchy and creamy music, "Have a Heart," a musical comedy, was presented at the Grand last evening before a crowded house and pleased immensely. The production has a comedian of the old school type in "Billy" Kent, the "dickens boy." His song, "Napoleon," was a crackerjack. Katherine Galloway as "Peggy," Flora Zabelle as "Dolly," and Helen Gunther as "Lizzie O'Brien" were delightful both in song and dance. Donald McDonald, Irving Bebe, Joseph del Puente, Ernie S. Adams and Sam J. Burton filled their roles splendidly. The whole company was selected. The chorus numbers and special dances were greatly enjoyed. No more pleasing musical comedy production has been seen here than "Have a Heart."

TO REORGANIZE FACULTIES

University Control to Be Eliminated at Toronto and Queen's

Hon. Dr. Pyne, Minister of Education for Ontario on Wednesday afternoon announced that the reorganization of the University of Toronto and Queen's University faculties is "under consideration."

Dr. Pyne declined, however, to say just what changes are being contemplated and when the proposed reorganization would be undertaken or completed.

"It is not a matter of speed," he remarked.

A few days ago Queen's University was advised of the termination of existing arrangements regarding the faculty. It is believed it is the intention of the Department of Education to entirely eliminate University control.

SUFFERED FROM BACKACHE

RHEUMATISM, DEOPSP.

Dear Mr. Editor—I wish to tell you of a recent experience I had when suffering from backache, weak back, rheumatism, dropsy, and congestion of the kidneys. I tried a new medicine called "Anuric," which has recently been discovered by Dr. Pierce, of whose medicinal and surgical institutions in Buffalo, N. Y., you have no doubt heard for years. This medicine acted upon me in a wonderful manner. I never have taken any medicine so helpful in such quick time. I do wish anyone in need of such a remedy would give it a trial. (Signed) G. H. HEAN.

NOTE: Folks in town and adjoining counties are delighted with the results they have obtained by using "ANURIC," the newest discovery of Dr. Pierce, who is head of the INVALIDS' HOTEL and SURGICAL INSTITUTE, in Buffalo, N. Y. Those who started the day with a backache, stiff leg, aches and muscles, and an aching head (worn out before the day began because they were in and out of bed half a dozen times at night) are appreciating the perfect rest, comfort and new strength they obtained from Dr. Pierce's Anuric. To prove that this is a certain uric acid solvent and conquers headache, kidney and bladder diseases and rheumatism, if you've never used the "Anuric," cut this out and send ten cents to Doctor Pierce for a large sample package. This will prove to you that "Anuric" is thirty-seven times more active than lithia in eliminating uric acid—and the most perfect kidney and bladder corrector. If you are a sufferer, go to your best drug store and ask for a 50-cent box of "Anuric." You run no risk for Dr. Pierce's good name stands behind this wonderful new discovery as it has for the past half century for his "Golden Medical Discovery," which makes the blood pure, his "Favorite Prescription" for weak women and "Pleasant Pellets" for liver ills.

A COMING EVENT.

"Experience," Morality Play, to Come Here.

"Experience," the play which has been talked of more than any other dramatic offering for the past generation, will be presented by the Messrs. William Elliott, F. Ray Comstock and Morris Gest at the Grand Opera House for three nights and a Saturday matinee beginning Thursday, November 1st.

"Experience" is patterned after the style of the old-fashioned morality plays of centuries ago, which were originally fostered by the church, and it is worthy of note that this play has received the endorsement of the clergy in every city and town in which it has appeared. It tells the story of youth—the average young man of to-day—who leaves his country home and familiar surroundings and goes to the city to seek fame and fortune. The play is in ten episodes, each one depicting a different phase of the trials and temptations with which youth is confronted. It tells anew of youth pursuing pleasure, leaving ambition and opportunity by the wayside. We see him become enraptured by the glamour and glitter of the primeval path where pleasure has lured him, and here he meets intoxication, beauty, passion, slander and other of the same set. Also we find youth in the gambling hall—a wonderfully realistic scene where a roulette table and all the other games of a gambling resort are in operation. Here he wins a fortune at first, having the usual run of luck of a novice, then he drops to his last dollar. Now we see youth on the downward path, finally floundering in a Bowerly resort as a waiter and the companion of frailty, a girl of the streets. In the end he conquers over every trial and goes back to love a finer and better man for his experience.

LABOR UNION MINISTER.

The Rise of Hon. Gideon Robertson Has Been Rapid.

The rise of Hon. Gideon D. Robertson from the ranks of labor to membership in a Dominion Cabinet is the most spectacular in the history of Canadian politics. A year ago he was an unknown beyond his own brotherhood of railway telegraphers, but Hon. T. W. Crothers found him, and sent him upon a mission to Calgary, there to see what he could do in bringing to an end the deadlock between the Ferris and the operators' union. He gained the confidence of both men and masters and he succeeded in getting the parties to come to an agreement thus ending a most disastrous situation.

The minister of labor was naturally well pleased with the work of a mission, and saw possibilities of much more good work. So, when the time came to appoint new Senators, he brought forward the name of Mr. Robertson. Mr. Robertson was appointed to the Senate, and has become the first representative of labor in the Upper Chamber. He is also the youngest member of that august body.

Now he finds himself a cabinet minister, the youngest probably, except Hon. Albert Seavigny, and evidently with a grand future before him. From a grain elevator telegrapher to senator and then cabinet minister within a year, is something of a story.

SHOULD BE REMOVED.

Complaint From Catarqui Ward About Bagot Street Dump.

A prominent resident of Catarqui Ward, speaking to the Whig, stated that it was high time something was done by the city to remove the unsanitary conditions of the Bagot street dump. He states that all the people in this ward are up in arms about the matter, and want the dump removed. He points out that if a dumping ground is necessary, a site should be secured in the country. Strong complaints are made about the foul smells from the dump. Dirty rags are lined out on fences to dry, while skins, bones and old junk are also left out.

Married at Ottawa.
