"One Meatless Meal a Day" is a good food slogan for war time, or any time—better make it two meatless meals a day—it would mean health and strength for the nation. But be sure and get the right substitute for meat in a digestible form. **Shredded Wheat Biscuit** is the ideal substitute for meat. It is 100 per cent. whole wheat prepared in a digestible form. Two or three of these little loaves of baked whole wheat make a nourishing, satisfying meal at a cost of only a few cents. Delicious with milk or cream or fruits of any kind.
 Made in Canada.

ingham, Hall's Bridge; Lieut. J. A. McNabb, Bridgenorth; Fred Long, Centreville.
 Renfrew—Capt. W. L. Macfarlane, Cobden; Lieut.-Col. L. Irving, Pembroke; Rev. Thomas Natress, Chalk River; Lieut. J. H. Butler, Beachburg; Lieut. E. A. Jamieson, Arnprior; Lieut.-Col. E. J. Watt, Renfrew; Pte. P. T. McEligott, Eganville; Lieut. D. G. Whittle, Killaloe; Lieut. Addison, Barry's Bay; F. Burns, Palmer's Rapids; Lieut. T. N. W. Kingsland, Calabogie.
 Stormont—Major W. H. Magwood, Cornwall; P. J. Kelly, Avonmore; H. W. Young, Finch; Capt. F. J. Cameron, Aultsville.

FINISHES HIS PASTORATE

OF THIRTY YEARS IN CHALMERS PRESBYTERIAN CHURCH.

Rev. Dr. Macgillivray Preaches His Concluding Sermons—"Exhortation" in Morning and "Benediction" in Evening.
 On Sunday Rev. Dr. Malcolm Macgillivray conducted his last services as minister of Chalmers Presbyterian church, the affairs of which he has directed for the past thirty years. Dr. Macgillivray is retiring from the ministry after forty-two years of service and in his seventy-second year. No other minister has occu-

REV. DR. MACGILLIVRAY

pled a Kingston pulpit so long, and none ever endeared himself more to a congregation or was held in higher esteem by the citizens in general than Dr. Macgillivray.

At the morning service Dr. Macgillivray's subject was "Exhortation," based on I. Corinthians, xv, 58: "Be ye steadfast, immovable, always abounding in the work of the Lord, for as much as ye know that your labor is not in vain in the Lord." At the conclusion of the sermon Dr. Macgillivray conducted a baptismal service, when the infant daughter of Mr. and Mrs. Ross McRae was baptised.

There was a large congregation present, and in it were a number who were present when Dr. Macgillivray preached his first sermon in old Chalmers after his induction in September, 1887. There were some present, too, who had worshipped in Chalmers for more than sixty years.
 Dr. Macgillivray announced that during the vacancy Rev. Prof. W. G. Jordan would be moderator of session. He himself would be on the ground and help all he could. He asked that all the church organizations make a stronger effort than ever during the vacancy to keep up their work.

On Sunday evening Dr. Macgillivray delivered a strong sermon on the love of God. He chose as his text 2nd Corinthians, xiii, 14: "The grace of the Lord Jesus Christ, and the love of God, and the communion of the Holy Ghost, be with you all. Amen."

The preacher appealed to all to open their hearts to this great love and to proclaim it. God's love was the greatest thing in the world. He loved everyone. His love did not extend to any upper or lower society alone, but went forth to all classes. It was given freely to everyone. "May this great love abide with you," said Dr. Macgillivray to his congregation.

On the 13th of November Chalmers congregation will gather to do honor to Dr. Macgillivray, who will be presented with an annuity and a purse of several thousand dollars.

FUND DEPENDS ON VOLUNTARY GIVING

System Will be Adhered to During Next Year So Patriotic Fund Decides

The voluntary giving system will be adhered to in raising the Canadian Patriotic Fund for 1918. This was unanimously decided upon at a meeting of the National Executive of the fund held in Ottawa.
 While admitting that the demands upon the Canadian citizens would be considerable, it was felt by those present that the generous spirit of voluntary giving, which had hitherto yielded such phenomenal results, could be depended upon to again respond.
 As a result of the meeting, the head office was instructed to communicate with all branches, setting forth these views, and urging them to "carry on," if possible, to the end of the war.

It is estimated that \$12,000,000 at least will be required for 1918. This will be raised by campaigns in the principal centres.

Removing to Kingston.
 William Young and family of Cloys last week bade adieu and removed to Kingston, where they will reside. Mr. Young took an active part in all matters of business or interest to everybody, says the Cloys writer to the Tread News, and his sterling worth will be much missed in many ways. Cloys certainly will feel his absence for he was a citizen of note.

A Piano Made to Last a Lifetime.
Reasons Why The Williams Piano
 Retains Its Tone.
 1. Full Iron Plate weighing 225 pounds stripped.
 2. The Harmonic Tone Prolonging Bridge cast in the plate insuring rigidity and giving throughout a perfectly graded scale of full resonant tones.
 3. The Brass Agraffes through which each of the tricord strings pass are attached to the Harmonic Bridge, always keeping the strings in their proper position so that each hammer head will strike the full triad (three strings). Brass, unlike iron, will not rust, therefore the strings at this point will not rust. And as brass has a more mellowing influence on tone than iron, a finer quality of liquid singing tone is obtained through the combined use of the Harmonic Bridge and Brass Agraffes.
 4. The Overstrung Brass Bridge produces a deeper and more pronounced tone quality, not otherwise secured.
 5. The Laminated Bridge. The Bridge running diagonally through the centre of the piano, over which each of the treble strings pass is very liable to warp, swell or contract with climatic changes, which would tend to throw the piano out of tune. By gluing nine separate pieces of wood together and capping it with a small solid piece, as is done on all Williams, New Scale pianos, it is easily seen that this bridge cannot be affected by changes in climate. This is why the Williams will retain its tone.
 6. This Artists' Choice piano is equipped with bushed tuning pins, brass flange and best grade of Australian wool hammer heads and ivory keys. The Williams Piano is built on quality.
See This Piano Before Deciding.
