Military News

Brigadier G. S. Cartwright, Royal Engineers, formerly of Kingston, twice-mentioned in despatches in the present war, has been gazetted chief engineer.

Greatcoats will be taken into wear on and after November 1st. When greatcoats are worn, waist belts will be worn outside. Coats are to be neatly pleated at the back and made to fit snugly. Also greatcoats must be buttoned up the entire length, and must not be turned down at the throat to form lapels.

It is gradually sinking in the minds of the men touched by the Military Service Act that they must be registered for exemption or service before November 10th. This is shown at the medical boards, where the men are constantly coming in for examination. Since the board started its work 1,641 men have appeared before the doctors. There are large numbers yet to come, but with about 100 passing through daily the work should be completed by schedule.

Many new men are joining the 72nd Battery of Kingston from Ottawa. It is expected there will be enough men in a few days to fill up this unit.

W. B. Caldwell, Y.M.C.A. representative, has completed furnishing the quarters at Brock street church for soldiers and it is now ready for use.

Lieut.-Col. R. L. Gardner has been detailed as assistant medical officer at St. Luke's Hospital.

Lieut.-Col. G. R. Philip has been taken on duty with the Board of Pension Commissioners.

Lieut. W. M. Marsden has been appointed to the Depot Battalion.

Every unit in the district is now in winter quarters. The Army Service Corps and the Engineers, which have been at Barriefield camp during the past summer, are now in barracks at Fete de Pont. There is still a quantity of canvas and other camp material at Barriefield, but daily trips are being made to bring that to the stores.

It is understood that the militia authorities intend to at least partly disband the 5th Field Company, Canadian Engineers. It will be remembered that last year a large number of the members of this company attended courses at Queen's University and drew pay at the same time. The department will stop this system and only carry the actual number needed to do the work.

The officers of the headquarters staff have had the armories for the winter, but are using various offices now. The changes have been made to provide for more room in various departments, particularly the pay and records branches.

It is still a matter of doubt as to whether there will be a second depot battalion authorized for Ottawa. Rumor had Lieut.-Col. R. J. Birdwhistle appointed to one there some time ago, but inquiry here revealed the fact that no action had yet been taken in this matter.

Sergt. H. Latt, instructional cadre, has been appointed battalion sergeant-major, Depot Battalion.

Sergt. R. Hancock has been appointed company quartermaster sergeant of the Depot Battalion, having been on the instructional cadre previously.

Lieut. D. M. Jemmett, 5th Field Company, Canadian Engineers, has been appointed as a lieutenant to the Depot Battalion.

Capt. N. C. Sparks, Army Service Corps, has been struck off the strength of the C.E.F.

Capt. G. S. F. Grant, 1st Construction; Capt. E. B. Sparks, C.A.D.C.; Capt. J. M. Thomson, 24th Battalion; Lieut. J. M. Burwash, Forestry; Lieut. A. McEachern, 252nd Battalion; Lieut. J. A. McNabb, 23rd Battalion; and Lieut. W. H. Wathon, 252nd Battalion, have been transferred to the C.E.F. reserve of officers.

Capt. J. E. Freeman, of Harrington, who went overseas with the forestry draft from Ottawa, and was ill for several months in England, has returned and was in the city on Monday afternoon.

Nurses Were Taken Ill.
A number of the General Hospital nurses were taken quite ill on Saturday and it is thought their illness was caused by ptomaine poisoning. They held a masquerade dance in Queen's gymnasium on Friday night and some portion of the food served caused the ill effects.

The Theatres

At the Grand.

For the first time since her advent into motion pictures, Emmy Wehlen has a part which utilizes all her dramatic abilities in Sylvia, the heroine of the Metro Wonderplay, "The Trail of the Shadow," which will be seen at the Grand to-night and Tuesday and Wednesday, matinee and night. It is a play with a punch, a romantic, red-blooded story of the west, a tale of love and adventure. The climax of the story is reached when the villain and hero meet in a death struggle. The finest specimens of Navajo rugs, Indian basketry and breadwork are exhibited. There will also be comedy and other reels, and an excellent act of feature vaudeville.

Have you seen "The Spoilers?"

"Experience" Coming.

The announcement of the coming of "Experience," the play that is being talked of more than any other dramatic offering of the last decade, is one that will probably be regarded as the most important of the season. The play, which was written by George V. Holart, and is being presented by Messrs. William Elliott, F. Ray Comstock and Morris Gest, has broken all records during the past season in the large cities where it has so far appeared and has been generally acclaimed as the most wonderful play in America. It has to its credit a nine months' run in New York, seven months in Chicago, five months in Boston, and five months in Philadelphia. The scenic production promises to be both massive and magnificent, consisting of ten scenes and the presenting company numbers 82 people. "Experience" comes here for three nights as a matinee Saturday, beginning Thursday, November 1st.

Isolde Menges Coming Again.

Isolde Menges will be seen in Convocation Hall on Tuesday evening. She is a violinist who plays with great power, emotional warmth and a full knowledge of the thoughts of great composers expressed in their music. In her work she displays a glowing and ardent temperament, an admirable technical equipment, energy and elasticity of bowing, a precision upon the fingerboard that maintains the accuracy of her intonation even through her most impetuous outbursts. Her style is one of dazzling impetuosity that is stirring and contagious.

At Griffin's.

Robert Warwick, one of the greatest favorites of all moving picture leading men, will headline the bill at Griffin's to-day, Tuesday, and Wednesday in "The Silent Master," a fascinating story of adventure and romance on two continents, ranging from the Paris underworld to fashionable society of New York. This is the second of Robert Warwick's Selwick pictures. The other special feature shows the celebrated Japanese screen star, Sessue Hayakawa, in an adaptation of Wallace Irwin's famous Japanese schoolboy stories, entitled, "Hushinji Togo." These two feature pictures, along with other good subjects, ensures a particularly pleasing programme for the first half of the week.

New Train Service.

Travellers in Central Ontario will greatly appreciate the new through service which is being operated by the Canadian Northern Railway between Kingston, Tweed and Picton, via Harrowsmith, Yarker and Trenton. Trains leave Kingston for Tweed 2:30 p.m. and for Picton 5:40 p.m. For further particulars see latest time table folders, or apply to J. E. Ivey, Station Agent, or M. C. Dunn, Town Agent.

Lionel H. Clarke, Chairman of the Harbor Board, said that Parkdale Beach would be a centre for the poor man.
