"The Eye, Ear and Nose" of a Suit

Doctors who specialize in their practice become expert in their particular specialty, and men and women seek them out when they are afflicted with the malady to which the doctor has devoted his study and experience.

Thirty tailors contribute to the making of each individual suit; and each tailor is a specialist, having become expert in the making of his specialty.

- One man makes collars.
- Another makes pockets.
- A third makes linings.
- A fourth fits the lining.
- A fifth shapes the shoulders.
- A sixth sews in sleeves—so on.
- And thus the thirty specialists produce a Semi-ready Coat, and the Chief Examiner pronounces it good before there is sewn in the pocket the "Shield that Shields."

EXPRESSING THANKS.

For the Fine Business Qualities of the Cheese Commission.

Belleville, Oct. 31.—At a meeting of the Belleville Cheese Board of Trade the following resolution was moved by J. A. McMuller, and seconded by T. H. Monch, and carried:

"Now that the producing season is nearly over, it is in order to move a resolution thanking the Cheese Commission for the straight-forward and businesslike method in which they have handled the cheese business this season in the face of great difficulties they have had to contend with in the way of securing freight and other difficulties to keep the cheese moving where the whole industry was threatened with all sorts of obstacles owing to the war. These three gentlemen, we feel, have worked hard without any remuneration what-so-ever, but it is certainly fair to think the work they undertook without fuss or noise; in fact, only those directly interested know there is a Cheese Commission, so quietly has the work been done. We have only to think that the cash value of the cheese they have handled this season will amount to from thirty-seven to thirty-eight million dollars, to realize the amount of work this involves."

Napaneese Cheese Board.

Napaneese, Oct. 31.—At a meeting of the Napaneese Cheese Board a similar resolution to that of the above was moved by John Wood, of the Selby factory, and seconded by S. C. Sharry, of the Napaneese factory, which was carried unanimously.

KING CONSTANTINE MERE GERMAN AGENT

Cabled Kaiser All Information From Greek Official Sources.

London, Nov. 1.—From the text of telegrams exchanged between Constantinople and Emperor William before the King's abdication the deciphering of which will be completed shortly by the Greek Government, it develops that Constantine "so put it mildly" was a German agent," says a Reuter despatch from Athens to-day.

"The King promptly cabled the Emperor all information of a military or political nature received from Greek diplomats accredited to the Entente powers and from Greek officers at Salonica," continued the despatch.

"The organization of bands was directed from Berlin. The Emperor ordered the formation of bands of 5,000 men to cut General Sarraill's communications and harass the rear of his forces."

REPORTS ARE FALSIFIED SAYS MR. MURPHY

Neither He Nor Lemieux Said Sir Wilfrid Would Repeal Act.

Ottawa, Nov. 1.—Hon. Charles Murphy declared yesterday that some of the published reports of the Liberal convention for Russell County, held at Vars, were "deliberately falsified." Mr. Murphy says neither he nor Hon. Rodolphe Lemieux nor anyone else at the convention declared that Sir Wilfrid Laurier would repeal the Military Service Act. Nor was there any truth in the statement attributed to Mr. Murphy by some papers that objection had been taken to give a vote to the soldiers overseas.

"As to what Sir Wilfrid will say about the conscription issue," said Mr. Murphy, "we are prepared to wait and let Sir Wilfrid speak for himself."

GR. CLARE PARKER WRITES

Asks His Friends at Home When They Think the War Will Be Over.

Gunner Clare Parker, son of Alexander Parker, has written the following letter to his aunt, Mrs. Andrew Hayes of Mountain Grove:

"I have been down the lines for a few days now, so am feeling somewhat relieved to hear that you are all well and still in England. I expect to go to Blighty before Christmas on pass, and am living in hopes of seeing some of the boys from home then. I received the socks and they were fine. You cannot imagine what a relief it is to have dry change of socks when you are in mud up to your knees and sometimes deeper."

HE THREATENED SUICIDE

THOMAS DAVID, OF PICTON, KICKED UP IN POLICE CELLS

Arrested For Vagrancy, He Declared That He Was a Very Sick Man—Was Sent Back to Picton For a Second Time.

Poor old Thomas David thinks this is a cruel world. Arrested as a vagrant, he declared to Magistrate Farrell, in Police Court on Thursday morning, he was very sick, and wanted to go to an hospital for a week or so.

David belongs to Picton, and a short time ago, was in Kingston, and at that time, was given a railway pass by Mayor Hughes to Picton. Now, according to David's story, he had been sent back to Kingston. So he was taken to Picton. He was brought from one place to another.

He was pretty hot under the collar when the magistrate said that he would have him passed back to Picton again. The Magistrate is of the opinion, and rightly so, that Picton should care for its own poor.

David raved as he was taken into custody, to await the first train for Picton, and threatened to beat his brains out against the wall. However, he did not carry out his threat. He also declared that he would hang himself, but he did not attempt to carry out this threat.

"I am a sick man, and it is a shame I cannot get into some institution that will look after me," he declared. "I would be all right in a short time if I got the right treatment."

Twenty-two Laurier Liberals From West.

Hon. C. W. Cross' Estimate of the Prospects in the Three Provinces.

Winnipeg, Nov. 1.—The Saskatoon correspondent of the Winnipeg Telegram says:

"When Hon. Charles Cross was in Saskatoon Saturday he told the Laurier Liberal Committee, which met him there in British Columbia the Laurier Liberals would elect eight of fourteen members to the next Parliament, nine out of twelve in Alberta, and five out of sixteen in Manitoba. Of these he was confident as he had just come from British Columbia and was in close touch with the other two Provinces. He went from here to confer with the Laurier Committee in Winnipeg, and would meet Sir Wilfrid in Ottawa Wednesday. On his return he would begin the organization in Saskatchewan, he said, and added that he believed Laurier would win in the next election."

Increases have been made on the Grand Trunk railway that will mean an addition to the G.T.R. wage payments of over half a million dollars. The increases are effective from Oct. 1st.

The Royal Piano

It makes no difference whether it is a high social function, an educational affair, or a great artistic event, in this country the piano made by Ye Olde Firme is used in nine cases out of ten. We refer to the

Heintzman & Co. Art Piano

as the Royal Piano, because it was specially selected for the use of Queen Mary when in this country as Princess of Wales. This great Canadian instrument has stood the test for 65 years. In tone, in action, in durability, it is recognized as supreme among pianos, and deservedly bears the title: "World's Best Piano."
