# In The World Of Sport

### TRIUMPH OF SPORT IS SIDELIGHT OF WAR

Soldiers of Western Hemisphere Spreading Doctrine of Clean Athletics.

Football Magazine:—The Great war which is proceeding at such frightful cost in spreading the cause of liberty throughout the earth is carrying on to a successful issue certain other much needed reforms. The war, with all its evils, will inculcate in millions of people habits of personal thrift, improved business methods, a clearer and truer perception of national and international affairs. Not the least of these minor triumphs in the great victory of democracy which all feel sure must come is the triumph of athletic sport.

Once the common accessory of camp life was the liquor joint and the gambling den. Now, wherever soldiers are gathered, be it in the drill camp or the trenches, diamonds are laid out and baseball and other sports occupy the leisure hours of those who are engaged in the hardest of all tasks, the gruesome trade of war.

The twentieth century is playing tennis and golf and football and baseball and learning, in the breathing of fresh air and the proper exercise of brain and muscle, the great secret of health.

The war, in spreading this wholesome doctrine, may count among its greatest victories the triumph of athletic sport.

### PATRIOTIC DUTY IS TO PLAY BALL

Cessation of Pastime in Major Leagues Would Rob Government of Much Money

When questioned regarding the prospect of baseball and the policy to be pursued by the officials of the game next year, Charles H. Ebbets, President of the Brooklyn Club, had the following to say:

"The policy of the National League, I am positive, will be to continue operations in 1918. I believe it would be unwise to discontinue for three seasons: It is the patriotic duty of owners to continue operations for by so doing the Government will receive from baseball interests a half million, possibly a million, dollars in taxes annually. The public will require recreation during the continuance of the war. Professional baseball would be seriously injured, property interests destroyed, and thousands of young men deprived of the enjoyment of the game if it were discontinued.

"I believe that the game should be continued along precisely the same lines as it has been conducted for the last fifteen years. Salaries should be paid, consistent with the income of

the clubs. The Government requires that the public must pay the tax of ten per cent. on admission tickets to the local internal revenue representative.

"The length of the schedule is a matter for joint action of the National and American Leagues. I favor a 140-game schedule, commencing about April 25th and ending about September 28th. We prefer to pay nineteen or twenty players. Witbert Robinson will manage Brooklyn in 1918."

### FOOTBALL BOOMS IN BRITISH ISLES

Great Crowds and Keen Interest for Soccer Competitions in Old Country.

British soccer leagues are all enjoying prosperous seasons. Attendances have been large, and more enthusiasm is being shown than since the outbreak of war. Attendance runs from twenty to forty thousand, the latter figure being reached in Glasgow cup games.

Of the Liverpool interest in the chief local teams, Liverpool and Everton, the Manchester Sporting Chronicle says:

"The receipts at Goodison Park on Saturday were just below \$1,000. Glasgow has often been described as 'the city of football,' but such a 'game' as this will set the Scottish fathers thinking.

"This sum is a distinct tribute to the popularity of football in Liverpool, as well as a powerful argument in favor of 'caring on.'"

whilst it reflects with equal lustre on the players themselves. The quality of their exhibitions has been such that interest has never abated—nay, it may be said to have increased, and when normal times are restored the clubs will, no doubt, remember the men who have been such good sportsmen and so loyal to their colors."

### THE N.H.A. SUSPENDS New League With Teams in Montreal, Ottawa, and Quebec.

A meeting of the directors of the National Hockey Association will be held within a week, when the N.H.A. will suspend operations for the season, and in all probability a new league will be formed, with teams in Montreal, Ottawa, and Quebec.

This was the opinion expressed by Sam Lichtenhein, president of the Montreal Wanderers, who is back from Toronto, where he was in consultation with the legal representative of the Toronto Hockey Club, who was invited to suspend operations this season.

Sam Lichtenhein is about the first to announce the signing up of a new player. He has secured the signature of a Boston amateur named Gerand, who was picked as one of the forwards on the Boston All-Star team which played against New York's amateur All-Stars last season.

### DE ORO PROVES HE IS A CUE WIZARD

—Special Photographs N. E. H. Service  
Alfred De Oro, the three cushion billiard champion, is right now at the top of his stroke. The veteran cue wielder has never shown to better advantage than at present. Mr. De Oro is No. 1 in the picture, while No. 2 shows John Daly, his recent opponent, in one of their sensational matches.

### THE OLD AMERICA TO BE SAILED AGAIN

Historic Yacht to Have Set of Canvas Same as Used in 1857.

The schooner yacht America has been taken to the Lawley yard at Neponset, Mass., where she will be laid up. She will be stripped of her rigging and her masts will be unscattered. Although she has been found to be in good condition in spite of age and her long rest, she will be given a fresh coat of paint and put in condition for the winter. It is probable that next season this historic old craft will be seen under sail again, even if it is only temporary.

Henry A. Taggard, in whose name the title of the schooner rests at present, has had Arthur Binney, the naval architect, obtain the plans of her old racing rig used in her contest for the America's cup in 1857.

Although nothing has been definitely decided upon by the syndicate that owns the craft, the New York Yacht Club is very anxious to get the schooner and put her in commission as a permanent committee boat for all of its races and for use by the Long Island Sound Yacht Racing Association.

Boston yachtsmen, although they believe that the craft would serve the purpose in New York waters and is essentially a New York craft so far as her racing history goes, desire to have her remain in local waters as the home of the Marine Museum, with a permanent house built around her.

### NO CHANGE IN POLICY.

U. of T. Athletic Directorate Refuses Offer Made By McGill.

The University of Toronto Athletic Directorate has declined the offer of the McGill Athletic Union to play home-and-home football games, the proceeds to be devoted to the Red Cross. T. A. Reed, secretary of the University of Toronto Athletic Directorate, gave out a statement outlining the University athletic policy till the end of the war.

### AS CHARLIE SAYS :

Doughnut and doughnut, the holes look alike, but, oh, what a difference in the taste. Same with cigars.

## Kingston's Electric Store!

We are 10 years in the electrical business this week. To mark the event we will sell our \$4.50 irons and toasters for \$3.25 until Saturday, Nov. 3rd. Thanking our patrons for their valued trade of the past, and trusting to merit their confidence for the future.

H. W. Newman Electric Co., 167 Princess Street. Phone 441

ment outlining the University athletic policy till the end of the war. "There has been considerable correspondence between the McGill Athletic Union and the U. of T. Athletic Directorate regarding the holding of intercollegiate games, he stated. "The matter has been receiving our consideration for some time. Some two years ago the Athletic Directorate of the U. of T. decided to withdraw during the war and devote our athletic activities entirely to inter-faculty contests. In view of the demands on the students for military duties and physical training, it was thought that they had sufficient outlet for their athletic activities. It was, therefore, decided by the Athletic Directorate that it was inadvisable that any change in policy should be made during the progress of the war and until there was a return to ante-bellum conditions."

# OBEY THE LAW!

## Report at once for Service or Claim Exemption

Under the Military Service Act, all men in Class One are soldiers today, absent with leave and without pay. Failure to obey the law amounts to DESERTION and can be punished as such.

Class One includes bachelors and widowers without children (not otherwise excepted) who were 20 years old on the 13th October, 1917, and whose 34th birthday did not occur before January 1st, 1917.

## DO IT TODAY!

The rush in the last few days may be such that in the hurry and stress a number of men may fail to comply with the requirements under the Act. That will not be recognized as an excuse, as every man is being given ample time to report for service, or claim exemption.

GO TO YOUR POST OFFICE TODAY and ask for a form for reporting for service or for claiming exemption. Understand, it is a matter of LAW that all the men in Class One must report for service or claim exemption not later than November 10th, 1917.

Issued by the Military Service Council.
