

THE GREAT WAR VETERANS

ASSOCIATION GROWING RAPIDLY AND NEARS 200 MARK.

Has Outgrown the Old Quarters and is Searching for a Larger Home.

On Friday evening a largely attended meeting of the Great War Veterans Association was held in the club rooms.

R. Easton Burns, chartered accountant, was appointed auditor. It was brought to the notice of the meeting that in the military parade on Monday units consisting of men who have not been overseas were to take precedence of returned soldiers.

Last year when a large number of troops were reviewed at Toronto returned men took precedence of all other troops.

RED CROSS SOLD WHIGS

ON FRIDAY AFTERNOON AND REALIZED SUM OF \$100.

One Thousand Papers Were Donated by the Whig Publishing Company—Those in Charge of the Sale.

Probably \$100 was raised on Friday afternoon for the Red Cross Society by the sale of Whigs. The British Whig Publishing Company donated 1,000 papers, and young ladies of patriotic zeal sold these to the public, and the money raised was turned over to the Red Cross for its splendid work.

Mrs. H. R. Duff, Mrs. Castleman and Miss Kennedy were largely responsible for the success of the enterprise. They enlisted the services of some twenty girls who stationed themselves at the street corners of the business district and sold the papers to the people who were so ungenerous towards anything bearing the name of the Red Cross Society.

The girls taking part were: Miss Clara Farrell, Christie Goodwin, Phyllis Spencer, Ruth McClement, Mariel Boyl, Lorna Stevenson, Bertha Stevenson, Myrtle Howgill, Nora Minnes, Helen McLean, Grace Danlop, May Shepherd, Kathleen Bibby, Doreen Lavel, Aileen Hodgins, Elsie Jones, Mabel Stewart, Florence Cruise, Isabel Webster and Isabel. They handled the sales with grace and tact.

ROCKWOOD HOSPITAL REPORT

Interesting Statistics Are Available in the Latest Summary.

The annual report of the Rockwood Hospital for the insane for the year ending October 31st, 1916, shows that the institution was practically filled to capacity at all times. During the year sixty patients were discharged as recovered and two as not being insane. Eight of the patients are reported to have eloped. Since the hospital opened 5,340 patients have been admitted and 2,497 have been discharged.

Considering the total difference in the number of Germans and English immigrants in the country it is interesting to note that seven of each nationality were admitted during the year. More Roman Catholics were admitted than any other denomination with Methodists second. Persons in educational and higher domestic duties formed the greatest percentage of inmates. Statistics are also given showing the assigned causes of insanity in the cases admitted during the year, the hereditary tendency to insanity, the causes of death of patients and the form of the mental diseases admitted patients were suffering.

A TRIO OF DRUNKS

Three Young Men Found Helpless in Pool Room.

These are supposed to be "dry" days, but there appears to be lots of the "strong stuff" around for those who want it. Three young men were found helplessly drunk in a pool room on Princess street early Friday afternoon and were taken to the lock-up by Constables Mollinger and McCarey in a taxi. The men were in a state that it would have been impossible for the constables to walk them down to the station. They will come before the Magistrate Saturday.

Study and Exercise

Overstudy and lack of exercise make this bloodless children. Study does not usually hurt a child at school unless the studies encroach on time that should be spent in out-of-door exercise. But lack of exercise and over-study is a combination that brings on St. Vitus dance. If your boy or girl at school is thin and pale, listless and inattentive, has a fickle appetite, is unable to stand still or sit still, you must remember that health is much more important than education, and more time should be given to exercise and recreation.
