

Its Best Judges

Those best able to judge of the merits of a piano are those who have possessed and used one for many years and have personally put it to every test.

If, after a lifetime of steady use, a person can say that they know of no piano that they would prefer to their own, then that piano must indeed be a good one. There are thousands of owners of the

Heintzman & Co.

Art-Piano Grand or Upright

who, though they have had it in their homes for many years, prefer it to all others.

The Heintzman Piano is built for a lifetime. Its tone is permanent and does not deteriorate with age. It is an investment for a lifetime with big dividends of enjoyment and satisfaction assured.
