### ANNIVERSARY AT COOKE'S

REV. DR. THURLOW FRASER WAS THE PREACHER.

Said the War Will Not End For Many a Day—Bishop of Nova Scotia Preached in St. Luke's.

Cooke's church has passed another milestone. Services held on Sunday marked the sixty-first anniversary of the opening of the church. Rev. Thurlow Fraser, D.D., of Owen Sound, for some time chaplain with the Canadian forces in France, was the preacher for the day, and he delivered two most inspiring sermons, while the choir rendered a special programme of music.

At the morning service Dr. Fraser spoke from the text Matthew xvi, 25: "For whosoever will save his life shall lose it; and whosoever will lose his life for my sake shall find it."

The speaker stated that a great many people had lost the true idea of the Cross and of bearing the Cross. The true interpretation of the Cross was that of living a life of self-denial, service and love, the putting off of the old life, and the taking on of the new.

Referring to the war, Mr. Fraser said that one argument put forth was that if the church had been what it should have been the war would never have taken place.

It had also been stated that the church was not in a position to meet the situation. There was a considerable measure of truth in this. And it was all due to the fact that the church had lost its idea of the Cross. And what was the meaning of it all in relation to the future. The speaker said there was a marked difference between the people who had suffered in this great struggle and those who had not. He pictured the terrible experience of the men at the front. The men who were fighting our battles were saying, "What is wrong with the world that we should have to suffer in this way? Whatever is wrong will have to be put right." There was a cry for social judgment. Men were making their gold out of the blood of others. And all this would have existed for centuries had it not been for this war. This great struggle was but the beginning of the dawning of a better day.

"When will the war come to an end? I do not know. I know when it will not end. Not yet for many a day. We have not yet learned its lesson. If it is to be a lesson of the same conditions would remain. There would be the same sins, and men would have died in vain. The boys who have died have taught us great lessons. They submit themselves to obedience. They have suffered and so must we learn the lesson of self-denial."

Speaking especially to the children, Dr. Fraser told a story from the front with an object lesson. He said one day the Germans sent some bombs over into the horse lines of the 10th Battalion, composed of men from Manitoba and Alberta. As the horses started a stampede a sergeant named Thompson hurried to the horse lines to quiet the horses. As he was thus engaged a shell burst and he was thrown into the air and landed in the big hole made by the shell, none the worse for his experience, and without any ceremony proceeded to "carry on." The call came for all to "carry on." In the face of all hardships and dangers. For his gallant work Serjt. Thompson was the first on the list when the men of his battalion were slated for leave of absence.

**Bishop Worrell Preaches.**

The Bishop of Nova Scotia, Rev. Dr. Worrell, preached here on Sunday in both of his old charges, St. Luke's and St. Mark's. His former congregation gave him an appreciative reception and welcome by attending in very large numbers.

In the morning Bishop Worrell spoke to the congregation of St. Mark's church at Barriefield and dealt in his usual eloquent manner with the subject, "The Power of the Church." He said it has been said that this war has proved the failure of the church. The bishop most emphatically contradicted this by showing the fallacy of the thought. The people were not grasping the opportunity that the church had to offer, but the church is not dead.

In the evening to St. Luke's congregation His Lordship spoke on "Personal Responsibility." This was also a most interesting and powerful address. "We are not only servants of God in our own lives," said the bishop, "but we must expand that influence to our neighbors and our nation. This responsibility is necessary not only to ourselves, but to everything about us."

**Told People to Buy Bonds.**

Rev. J. de P. Wright, preached on "Render to Caesar the things which are Caesar's" Sunday morning in St. Luke's and referred to the duty of Canadians in this trying hour in rendering all the assistance in their power, either by enlisting soldiers for overseas or subscribing to the Liberty Loan.

**At Chalmers Church.**

Rev. H. Dickie of Chatham officiated at both services in Chalmers church on Sunday and preached two inspiring sermons. In the morning he dealt with the question of "Christian Growth" and declared that the churches had not provided proper religious education for the young. Mr. Dickie is a gifted preacher.

### IN THE HALLS OF QUEEN'S

**STUDENTS WANT ELECTION POLL AT THE UNIVERSITY.**

Levana Society Asked to Nominate Its A.M.S. Candidates—Student Charges Assault.

The principle of equal suffrage and representation for the ladies of the university was established at the meeting of the Alma Mater Society on Saturday night. One of the largest crowds of the season was present as a number of matters very important to the students were up for discussion. The Levana Society was requested at the nomination meeting of the A.M.S. to hold two weeks to bring forward such names as they deemed advisable and the whole matter of representation was left in their hands.

A committee consisting of J. M. Munro, W. E. Rankin and Mr. Wright was appointed to interview Judge H. A. Lavell or J. B. Walkem, K.C., to press for the placing of a poll at the university at the forthcoming general elections.

Permission was granted to the Association Society to hold their annual dance in the gymnasium on November 23rd. The floor is to be repaired and gas fixtures are to be installed in the building.

A case of a student who had preferred a charge of assault was referred to the Grand Jury of the A.M.S. for settlement.

The society approved of the activities of the Dramatic Committee during the present session in choosing "Green Stockings" as a suitable production for the Dramatic Club and the secretary was instructed to notify the Senate of the decision.

**FLEW OVER THE CITY.**

Ross Hamilton of Kingston, One of Sunday Aviator Visitors.

In spite of the cold weather which must have been particularly intense high in the air, three aviators came to the city on Sunday afternoon from Deseronto and landed on the Prison farm. Both the landing and the ascent were made gracefully by the three machines.

It was learned that one of the "planes," which did not alight, but flew over the city during the afternoon, was piloted by Ross Hamilton, Rideau street, who is training at Mohawk Camp.

### RINGWORM ON CHILD'S HEAD

Caused Great Distress and Spread to Neck and Ears—Cure Was Speedily Effected When Right Treatment Was Recommended.

Grand Bend, Ont., Nov. 12. — There is no disease of the skin more obstinate than ringworm, and the mother who writes this letter does so fully realizing what it will mean to other anxious mothers to know about Dr. Chase's Ointment.

This remarkable cure was brought about two years ago, and as there has been no return of the distressing disease there can be no doubt that the cure is permanent.

Mrs. D. Stebbins, Grand Bend, Ont., writes: "I am going to try to tell you of my experience with Dr. Chase's Ointment. My little girl had sores come out on her head which looked like ringworms. They were spreading fast and I tried home treatment but nothing helped her. I took her to the doctor, and he opened some of the sores, which were as big as the yoke of an egg. The salve he gave me to put on was very severe, and the poor child would cry for an hour or more after an application. For six weeks it continued to spread all over her head and came down to her neck and ears. She suffered terribly. At last some kind ladies told me about Dr. Chase's Ointment, so I got a box and from the first time I put it on she was relieved of pain, and the second time the swelling was all gone. Before we had finished the first box the sores were nearly all gone. I have told all the people around here about your Ointment, and I cannot praise it too much. It is now two years since my little girl was troubled in this way, and it never came back, so you can see she is completely cured. You are at liberty to use this statement for the benefit of others who may be suffering in a similar manner."

Joseph Brenner, J.P., endorses this statement as follows: "This is to certify that I am personally acquainted with Mrs. D. Stebbins of Grand Bend, Ont., and believe her statement with reference to Dr. Chase's Ointment to be true and correct."
