The pain then entirely disappeared and soon the sore was completely healed. **Don't Say—
"Call Again."**

Yesterday an army of men started out to sell Victory Bonds.

For the next three weeks theirs will be a colossal task.

From Cape Breton to the Yukon, they will try to call at every city home, every farm home, and every office, factory, and business institution to ask people to buy Victory Bonds.

Conceive, if you can, the magnitude of their work; the hard labour it involves, and the high necessity for it.

Then, realizing all these things, do your utmost to make their task easier.

**Decide now to buy.
Decide the amount you will buy.
Be ready to sign your application
when the salesman calls.**

You should and will buy Victory Bonds, but, don't—please don't—ask the salesman to call again.

The worker's time is limited. He has hundreds of calls to make; and although there is an army of workers, each one has a large field to cover.

Don't say you're going to hold your application for someone else, because each worker is limited to his own district.

The salesman will not accept money. The application blank includes a form of cheque, payable to the Minister of Finance, which you can draw upon your bank; or, if you have not a bank account, there is a form of undertaking which you can use.

**Be Ready—
Don't Say, "Call Again."**

Issued by Canada's Victory Loan Committee in co-operation with the Minister of Finance of the Dominion of Canada.
