Canada's Victory Bonds are always as good, and at most times better, than cash. For this reason, if, for example, you put \$100 in a safe, at the end of fourteen years you would still have your \$100, but only that, and nothing more. But if you put a \$100 Canada Victory Bond in the safe, and then put the interest on the bond in the Savings Bank each six months and let this interest accumulate, you will have at the end of fourteen years at least \$200.

## LEAVING FIELDS FALLOW

### FARMERS STATE THAT THEY CANNOT POSSIBLY DO WORK.

#### In Two Cases the Exemption Tribunals Have Taken the Last of Their Help Away.

That certain farms in this district will not be used to anything like the fullest extent is the basis of reports being received by the Whig. The blame is placed on the Military Service Act.

This weather is ideal for ploughing. In possibly a few days or even less the cold wave which will stop all such work may be here. The fact that there are farms, fields of which are being allowed to lay untouched, shows that Greater Production is to suffer a blow next season.

In an interview a business man well acquainted with the farmers' interests said: "The city people have no conception of the attitude of the farmers at present. As a rule the farmers do not possess in the same degree, the spirit of unity in community work. Conditions of course, account for this. It has come now to the point where the farmer has to decide whether he will sacrifice his health and his wife's health for the sake of making up the deficiency of men who have gone or are going overseas. There is absolutely no help available. School boys' assistance can not be considered as a solution of the problem when hundreds of farmers continue to disregard any offers of help in this direction."

On two farms in Pittsburg township the exemption tribunals have decided that the only male help left must get into khaki. One is the McMaster farm of some 300 acres and the other is the McLean farm. On both of these the only help is from two small boys.

## LIEUT. D. N. M'INTYRE KILLED IN ACTION

### A Graduate of Queen's—Had Been Deputy Minister of Fisheries in B.C.

Word has been received by relatives that Lieut. Douglas N. McIntyre, formerly deputy minister of fisheries for British Columbia, had been killed in action in the Passchendaele battle. The late Lieut. McIntyre was a son of the Rev. C. M. McIntyre, now of Toronto, a retired Methodist minister well known to residents of London, Belleville, Napanee, Chatham, Brandon and other places where he held pastorates. D. N. McIntyre, chairman of the Ontario Railway Commission, is an uncle, and the Misses McIntyre, Johnson street, are aunts. The late Lieut. McIntyre enlisted as a private, resigning from the deputy ministry to enter the ranks. A little later he was given a commission with the British Columbia "Bantams" and left for England last winter with his battalion. He was formerly a widely-known and brilliant newspaper man, having been telegraph editor of the Montreal Star and news editor of the Victoria Colonist. He was deputy minister of fisheries for British Columbia for some six years, and was recognized as a very able and energetic public official. He was an honor graduate of Queen's University, and for years held the track record for the 220 yards run. He leaves to mourn his loss a widow and one young daughter. His only brother is a lieutenant in the same battalion.

Tell Me, Dad!

What's a COUPON?

The word Coupon, my son, is really French and means "something cut off." It comes from the French verb "Couper" to cut.

On a Coupon Victory Bond, there are a lot of tickets like little bank bills, each one dated and good for six months' interest on that bond. When that date comes you just "Couper" or cut off the ticket or "Coupon," take to any bank, and they will hand you out the money—not like trying to collect a bad debt, is it? Just as easy as rolling off a log," as you say.

The "Coupon" shows the bank you are entitled to the interest just the same as the "Coupon" of a reserved seat at the theatre or Massey Hall shows you are entitled to that particular seat—no one else can get it.

By the way that's where the name of the carriage known as a "Coupe" comes from. It is a "cut off carriage," something smaller than a full-sized coach.

I guess you think cutting off Coupons from a Victory Bond for 5 1/2 per cent. interest is a good deal better fun than having to "Couper" a pile of wood on a saw horse, don't you?
