CANADIANS ARE ASSISTING

THE AMERICAN RED CROSS IN NEW YORK

Lady Beck, Her Daughter, and Miss Leonard Taking Great Interest in Horse Show.

A New York despatch says: Society and sport will clasp hands this week for a 100 per cent. benefit to sick and wounded soldiers through the medium of the National Horse Show at Madison Square Garden. Directors of the horse show are paying every expense of the exhibition, estimated at \$60,000, and are turning over to the American Red Cross as an unreserved gift the entire gross receipts, without any deductions whatever, so that money paid for tickets, catalogues, entrance fees, etc., may be as much a contribution to the War Relief Fund as if made in the form of direct donations.

All told, there are no less than seventeen classes exclusively for women on this year's programme, three of these being scheduled for this afternoon and evening. Most notable of all, perhaps, is the competition for teams of hunters to be ridden by women in hunt club uniforms, which is directly due to the zeal of the participants to help the Red Cross. This motive has induced Lady Adam Beck to lead a Canadian team, despite the fact that her brother was killed in France a short time ago.

With her will be Miss Alice Leonard, of Toronto, who comes in the same spirit. Her eldest brother, Lt.-Col. Wood Leonard, commanding the Third Canadian Artillery Brigade, was killed at Vimy Ridge. Another brother, Lt.-Col. Ibbotson Leonard, is now in command of a unit of Canadian Mounted Rifles in France. The third of the Canadian team will be young Miss Marian Beck, whose brilliant riding over the jumps in the Garden was a notable feature of last year's horse show. Nine teams have entered for this spectacular contest on Thursday evening, which will bring into the ring twenty-seven high-mettled thoroughbreds ridden by women.

O.H.A. ANNUAL MEETING

Amateur Hockeyists To Meet At Temple Building Dec. 1st.

Hockey clubs all over the province are organizing for the coming season, and making ready for the 28th annual meeting of the O.H.A., which will be held in the Temple Building, Toronto, on Saturday, December 1st, at 10 a.m. Each club is entitled to one delegate, etc., must be in the hands of the secretary by Saturday of this week; nominations for office by the following Saturday. Certificates are issued to all players. Junior players must be under 20 years of age January 1st, 1918. Official birth certificates are required. Under the required O.H.A. residence rule a player must be a bona fide and continuous resident of the town to which his club belongs since August 1st, 1917. The exceptions are enlisted soldiers, students, teachers, and sailors. The last named must play where they were living last January. Soldiers enlisted for overseas service, like students and teachers, may play in their home towns, with a soldier's team in the town or regimental district in which they are located, or with any team in the town in which they are located. In the case of a returned soldier from overseas he may play wherever he desires to locate, and in the case of an honorably discharged soldier he may play in his home town. Players living in rural districts, villages or police villages must play in their nearest O.H.A. town.

Hendricks May Manage St. Louis.

Jack Hendricks, manager of the Indianapolis Club, of the American Association, has been offered the position of manager of the St. Louis Nationals, to succeed Miller Huggins, who recently went to the New York Americans, according to a story printed here to-day. Hendricks is expected to give his final answer to-day after a conference with James McGill, owner of the Indianapolis Club.

According to latest reports from John McGraw's manager, he will stand pat on the New York Giants for next year. Even Heinie Zimmerman is said to have been pardoned.

EX-CHAMPION AD WOLGAST.

Weights Only Eighty-six Pounds and His Hair is Grey.

Ad Wolgast, once champion of all the lightweights, and once one of the starkest fighters to ever step inside the roped arena, is nearing the end in Milwaukee sanitarium. According to Ad's brother, Louis, the former title-holder is, in truth, but a shadow of his former self. "Ad only weighs eighty-six pounds and his hair is rapidly turning gray," states Louis Wolgast in a letter to a friend. "The chances are he will never leave the sanitarium. Ad wants to become an instructor in boxing in the United States army, but, of course, he could not do that. His physical condition would not permit."

Decline to Meet Giants.

President Comiskey of the world's champion White Sox has declined an invitation from Manager McGraw of the Giants to play a series of exhibition games in the south next spring.

The Detroit Tigers also have refused to play the Giants in March. It will be recalled that during the battles last spring between McGraw and Jennings there was a rumour, in which Cobb spiked Herzog and then refused to take part in the remaining games. A fistic duel was the outcome, the men meeting in private after an exchange of challenges. Cobb was declared the victor.

Plays Football Barefooted.

London Sportsman: Although colonial teams occasionally contain a player who discards boots, it is a rare spectacle on an English ground. At Norbury, Pte. Blackshaw, Australian Machine Gun Depot, played forward in his bare feet. He falls from Cairns, Queensland, and has been accustomed to play football without boots since his boyhood.

Moran Refuses Match.

Frank Moran won't be in the ring with Jim Coffey for a farewell bout Wednesday night in New York, when the Frawley boxing law expires. Although he was assured such a match would draw a \$20,000 house Moran declined, saying he was out of condition.

Sporting Notes

Toronto Hockey Club owners say that the Eastern Clubs should adopt a double-cross as the official crest for their new circuit.

John McGraw, of the Giants, emphatically denies the report that Heinie Zimmerman was to have been sold to the Kankakee. He states the Marathon man will again guard the red-light corner for the Polo Grounds next summer.

Home and home bowling games between Ottawa and Montreal ladies will likely be arranged this winter.

Twelve thousand annually is said to be the salary for which Miller Huggins signed on as manager of the New York Yankees.

Instead of remaining in the International Baseball League, Sam Lichtenhein should buy Victory bonds. He could invest \$25,000 quite satisfactorily in this way.

One of the most enthusiastic members of the Ottawa Y.M.C.A. Business Men's Class is Mr. Hal B. McGivern. "Hal" played football and cricket for many years and is getting in the pink of condition for the coming political struggle.

Pete Scott, Hamilton redskin, who trimmed George Rivet and Frankie Nelson last week, may be matched for a scrap against Pat Moore. They say Scott is a real fighter.

Are American golfers patriotic? Well, rather. In the Independence Day tournaments across the line they raised \$72,000 for patriotic purposes.

Whichever way the pendulum swings Ottawa may benefit by the proposed big baseball merger. Montreal's fight remain in Class A.A. will likely prove futile.

Lieut. Sims, a well known Hamilton football player, who figured on the 227th team last winter, has been killed in action in France. He was only at the front a few weeks when he met death bravely.

BUILDING RINKS FOR U.S. SOLDIERS

Hockey to be Played Between Teams for Entertainment of "Sammys."

An extensive plan for building ice rinks at military training camps and for staging hockey matches between strong amateur teams for the amusement of the soldiers has been submitted by Cornelius Fellowes, proprietor of the St. Nicholas ice rink, New York to the Commission on Training Camp Activities. Mr. Fellowes has offered his services to supervise the building of rinks at each camp, and has also agreed to arrange for matches between the teams which play at St. Nicholas or between local teams and teams made up of drafted soldiers.

In a letter to Dr. Joseph E. Raycroft of Princeton, N.J., a member of the War Department's Commission, Mr. Fellowes says: "There are a number of former hockey players at camps in this vicinity, and I know there will be little difficulty in getting a strong team together. But if this should prove practicable I will gladly arrange to bring down two teams to play for the boys. We will have at least one fast team in this city this winter. We can always arrange to have a visiting team stay over a day to play for the soldiers."

Dr. Raycroft in reply states that at least two camp rinks will be built, and negotiations are now under way with the athletic directors of Camp Upton for a third.
