

DEAF PEOPLE

Deafness and noises in the head can now be most certainly cured by the newly discovered "French Orlene." This new remedy goes right to the actual seat of the trouble, and effects a complete and lasting cure in a few days.

One box is ample to cure any ordinary case, and has given almost immediate relief in hundreds of cases which had been considered "hopeless."

Mr. D. Borthwick, of Dalhousie, N.B., writes: "Your new remedy, which I received from you some time ago, has completely cured my hearing, after more than twenty years' deafness. I will be pleased to recommend it to all my friends."

Doctors of other equally good reports, awarded securely packed and post paid to any address upon the receipt of postal or money order for \$1. There is nothing better at any price.

Address: "Orlene" Co., H. P. Richards, Watling Street, Darford, Kent, Eng. Please mention this paper.

THE NEW FRENCH REMEDY, "THERAPION" No. 1, CURE FOR ALL FORMS OF DYSPEPSIA, INDIGESTION, ACIDITY, BILIOUSNESS, COLIC, HEADACHE, NEURALGIA, MIGRAINE, BRUISES, SWELLINGS, AND ALL AFFECTIONS OF THE DIGESTIVE TRACT.

Dyspeptics Should Avoid Drugs And Medicines. Try a Little Magnesia Instead. Some people instinctively shut their eyes to danger, and it may be that dyspeptics to take drugs, instead of medicines, artificial digestants, etc.

But closing the eyes does not banish the danger, and it is certain that neither drugs nor medicines possess the power to destroy the harmful excessive acid in the stomach, which is the underlying cause of most forms of indigestion and dyspepsia. They may give temporary relief, but they may also increase the acid, and thus make the stomach as dangerous as ever.

Physicians know this and that is why their advice is so often to sufferers from digestive and stomach trouble is "Just get about an ounce of pure magnesia from your district druggist, and take a teaspoonful in a little water immediately after every meal. This will instantly neutralize all the harmful acid in the stomach and stop all food fermentation, thus enabling you to enjoy hearty meals without experiencing the least pain or unpleasantness afterward."

DR. DEYAN'S FRENCH PILLS A Regulating Pill for Women. 50¢ a box, 2 for \$1.00. Sold at all Drug Stores, or sent to any address on receipt of price. The French Pills Co., St. Catharines, Ontario.

PHOSPHONOL FOR MEN. Restores Vitality for Nerve and Brain; restores "Energy" in Tonic—will build you up, make you fit for \$5. at drug stores, or by mail, receipt of price. THE ROSS & DEAN CO., St. Catharines, Ontario.

It Works! Try It. Tells how to loosen a tender corn so it lifts out without pain.

Ask at any pharmacy for a quarter ounce of freestone, which will cost very little, but is said to be sufficient to rid one's feet of every hard or soft corn or callus.

You apply just a few drops on the tender, aching corn and instantly the soreness is relieved and soon the corn is so shriveled that it lifts out without pain. It is a sticky substance which dries when applied and never inflames or even irritates the adjoining tissue.

This discovery will prevent thousands of deaths annually from lockjaw and infection heretofore resulting from the suicidal habit of cutting corns.

Letters to the Editor

Stick to the Nationalists. Kingston, Nov. 13.—(To the Editor): So John of Frontenac and William of Kingston, like Kaiser Bill, have jessed their party, yet stick to the Nationalists without any word to the electors of Frontenac or Kingston nor a representative meeting of any party or people. Have they thrown away their Conservative friends or denounced Sevigny or Blondin? They simply said, like a past Minister of Militia: "The people be hanged." We are it. You have got to know it sooner or later.

What has Dr. Edwards done for us in the county? As farmers, stock breeders and dairymen, this is what has been done by his party at Ottawa without a protest from him to protect your interest: He supported a bill to allow our wheat to go to the United States free, which I think was all right, but he did not want us to get our flour, bran and shorts back free, and we have to pay duty on the same to feed our cattle, hogs and swine, thus costing us very much more.

He supported extra duties on implements you have to buy to run your farm. He supported extra duties on goods coming from dear Old England to us, and you all know that ships taking troops and food to England cannot return empty, but must be loaded to a certain extent to ride the high seas.

He would not support a vote to conscript the wealth of the country, but would conscript your sons. If the amount of wealth that could be conscripted even in Kingston, not including the railways, shipping companies, wealthy church parishes, foundries, mining concerns, etc. This would have given more money into the treasury of Canada, and not try to get it from duties on your flour, shorts, farming implements, etc. The same Government set a price on your cheese and potatoes to your loss.

Also, Controller Hanna was here and said he would not allow sugar to go over 11c per lb., and almost immediately sugar raised another cent.

If your wheat can go to the United States free, why not your hay? Still another loss to you farmers, and the Tory party nor Dr. Edwards did not protect you. How you have been fooled! Put a farmer in or a business man, and not a pill pointer. In Dorchester Dr. Edwards' dear friend, Sevigny, was not allowed to speak, so much was the opposition against him. How times has changed from a few months ago! The Tory papers say that Bourassa and "his meanest reptiles" are supporting Laurier. I defy the Tory press to prove it. They are trying to place an opposition to all straight Liberals or Union Liberals. Does that look like it? Speak the truth to the people, be fair and speak fair. The people cannot be stampeded now. These are serious times, and the people are thinking seriously, and the cry of race, creed or politics cannot disturb the calm, thoughtful, steady fearlessness of the British subjects of Canada.

Yours, —JAMES TRAVERIS.

Hope For Laurier Candidates. Adolphustown, Nov. 13.—(To the Editor): Saturday the 17th inst., is the day for the electors to decide for the next five years the destinies of our Canada and from sentiments I hear on all sides everywhere the people want change in Government, and think that it cannot be got in this Union Government scheme, that it is only a Tory dodge for extension of power and office. They want a straight Laurier man in the field. If the third party has to be proposed at the eleventh hour he will ride in more than a neck ahead at the winning post. If he is a Laurier man, if the Laurier party is elected, the people look forward to a bright future and say that there will be even in this gloomy hour lots of joy in living.

There is lots of joy in living, if you strike the proper gait, if you always come up smiling in the face of every fate.

If you are keeping step and whistling, you're lively little tune, you'll be living gay and happy as summer days in June.

Keep a level head, don't worry. Help your brothers on the way. Let the sunshine of good humor shine upon you every day.

Speak a cheerful word at all times. Never kick your fellow man, and you'll surely be rewarded. Just keep doing all you can.

There is lots of joy in living if you live your life right. Lots of sunshine and of roses. Keep your eyes turned to the light. Look behind the clouds of trouble. There's silver lining there. And you'll find it if your only living. Your life upon the square. —FRED MEMBERT.

TRENCH POLITICS. When the curtain of fire has shifted And we're scrambling over the top, And the hearts of the boys are uplifted, And the Germans beginning to hop. No one stops to ask of the others, How they voted in contests of yore, For we're all British comrades and brothers, And we're Grit and Tory no more.

Hair Coming Out? Dandruff causes a feverish irritation of the scalp, the hair roots shrink, loosen and then the hair comes out fast. To stop falling hair all at once and rid the scalp of every particle of dandruff, get a small bottle of Dandruff, get a small bottle for a few cents, pour a little in your hand and rub it into the scalp. After several applications the hair stops coming out, you can't find any dandruff.

CONTEMPORARY OPINION

(Continued on Page 3.)

An Important Victory. Montreal Star. The victory of the woman suffrage forces in New York state and city, is the most striking triumph of the woman suffrage cause yet recorded on this side of the Atlantic. In capturing the citadel of the "Conservative East," the woman suffrage forces have achieved definite and significant progress.

In this campaign, the woman suffrage leaders displayed marked political ability. Their appeal to the public in general was put forward most effectively, based on the new estimate of women's efforts and sacrifices in connection with the war. The most determined opponent of the woman suffrage must admit that the political ability displayed in carrying such campaigns for the vote indicates a maturity of political faculties which argues against a hopeless estimate of the result of woman's participation in politics.

The capitulation of New York removes all doubt that woman suffrage, shortly will win over the whole United States.

Here's to Henry. Syracuse Post-Standard. Henry Ford is a pacifist. He hates war. He would spend all he has to prevent war. But Henry Ford is none the less a patriot because he is a pacifist. He was against war before we went to war. Now he is for war until it makes an end to war, and he is for it with all the power he holds in money and goods.

When war was declared he offered to turn his Detroit plant over to the government to be operated without profit. That offer still stands. He has given to the British government his patent rights on tractors without charge. He was asked by the government to put a price on his Boston plant. He answered, "Take it."

He now announces that "until the end of the war he will devote his works wholly to the manufacture of tractors, aircraft engines, ambulances, shells and other appliances and munitions of war." One hundred per cent. American, that's Henry.

Getting Bad Names. Montreal Gazette. Next to New York and San Francisco Montreal is the most immoral city on the continent, declares a local preacher. Generally in making such criticisms, it is the custom to assert that the locality being criticized is the very worst of all the way from London to make an attack on Chicago, which he, in an astonishingly queer book, made out to be on a par with the nether regions. The local assailant of Montreal's inhabitants is evidently convinced that the frequently attacked Windy City has reformed since then. Can it be possible that the famous William Hale Thompson has really swept Chicago clean with his moral broom, despite what his opponents say to the contrary? And have the various other "most immoral cities" also reformed and become pure?

Political News. Fusion efforts in Carleton County, have failed.

It is denied that Hon. Sydney Fisher will oppose Hon. C. C. Ballantyne in St. Lawrence Division, Montreal.

East Edmonton—Unionists have nominated H. A. Mackie, formerly a Conservative. A. R. May is in the field as a Laurier Liberal.

Lt.-Col. J. J. Creelman has retired from the field in St. Antoine, Montreal, rather than oppose Sir Herbert Ames, and is ready to return to the front.

Lt. Sid Wilson, a former Port Arthur Alderman, now overseas, has been tendered a Labor nomination for the riding.

Albert Champagne, late M.P. for Battleground, was nominated by a convention of Laurier Liberals of Battleground.

Hon. John Morrissey of Newcastle, London, Nov. 15.—An Amsterdam despatch to the Daily Mail says a German submarine on Monday torpedoed without warning the Dutch trawler Huibertje at a point twenty-five miles off the Dutch coast. A Dutch boy of fifteen years was killed. Ten survivors were rescued after being seven hours in a small boat and were landed at Ymuiden.

Money and more money is needed to win the war.

BUY BUY BUY Victory Bonds

Steady's Limited

Probs: Fine, same temperature.

Do Your Bit Buy a Victory Bond

Everyone who has the winning of the war at heart will want to share in the Victory loan. When you lend money to the government — at better than 5 1/2% interest — you help feed, clothe, equip and maintain our brave boys overseas — they help Great Britain, who has so far borne the heavy burden of financing the cause of the allies—the cause of civilization.

Try This If You Have Dandruff. There is one sure way that never fails to remove dandruff completely and that is to dissolve it. This destroys it entirely. To do this, just get about four ounces of plain, ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

Be Up-to-date. We have everything to make a home feel that way, at very moderate prices. We study comfort at the least cost. Rugs in all sizes, all shades and designs. Dining room and bed room furniture.

Visit our new Victrola department—a complete stock of Victrolas and records always on hand.
