G. R. WARBURTON WAS IN RAILROAD WRECK Train Hit Freight Cars Near Whitby On Sunday Morning.

"They tried to put me out of business," said G. R. Warburton, local Victory Loan organizer, to the Whig on Monday morning. On enquiry it was found that Mr. Warburton was on the train bound for Toronto on Sunday morning which ran into a freight train that had jumped the tracks near Whitby. "It was 8:20 on Sunday morning when I felt the bump as our engine crashed into the freight. In a few minutes the conductor came in, and asked if any of us were hurt. When he received the reply in the negative he felt very happy, and we went out to see what the trouble was. The engine had been smashed and the freight cars were piled up high on the tracks. We were transferred to another train and arrived in Toronto several hours late. Only the fireman was hurt as the engineer had time to jump."

In Toronto Mr. Warburton attended a meeting of Victory Loan workers, and was warmly congratulated on the organization and results of the local Victory Loan canvassers, who have brought Frontenac district to the top of the list in the Eastern division.

SO PER CENT. PROFIT WAS MADE ON BACON

By the Davies Company—Report of the Commission Appointed to Investigate.

Ottawa, Nov. 19.—That the profits made by the William Davies Company, Limited, and Matthews-Blackwell, Limited, more particularly the former, were exceptionally high during the war period and yielded "an extraordinary return upon the capital invested" is the most important statement made in the report of the commission appointed to investigate further the businesses of these two companies.

The commission, which consisted of G. F. Henderson, K.C., chairman, and Messrs. A. B. Brodie and G. F. Clarkson, has made a unanimous report to Hon. T. W. Crothers, Minister of Labor. Incidentally it is pointed out that owing to the action taken by the Government recently, it will be impossible in the future for packing companies to make excessive profits. Under the terms of the order-in-council packers in future can make by way of profit a maximum of 11 per cent. only. They can retain 7 per cent. clear and one-half of their earnings on the money invested between 7 and 15 per cent. Above 15 per cent. all profits are confiscated.

Profits made, according to the report of the commission, ran as high as eighty per cent. on the money invested. This profit was made by the William Davies Company during the year 1916.

TORONTO STAR GIVES LAURIER 89 SEATS Says the Best He Can Hope For is About One Hundred. Toronto, Nov. 19.—The Daily Star (Liberal Unionist) reviews the prospects for straight Laurier candidates in Ontario as follows: "Out of Ontario's 82 constituencies there are only 41, exactly half, in which candidates who can definitely be described as Laurier men are running. In many of the others there will be less minute nominations but nothing could better illustrate the hopelessness of Sir Wilfrid's cause than the situation thus outlined. He is sure of only three seats in the province and if he gets ten altogether he will be doing well. "With a dozen more from the west, a dozen from the Maritime provinces and perhaps 55 from Quebec he would only have 89 members in a house of 235 and Sir Robert Borden's majority would stand at 57. "Probably this is underestimating Sir Wilfrid's strength but the very best he can hope to do is a hundred seats and that leaves a Unionist majority of 85. It will run anywhere from 45 to 60. "Overmuch attention has been paid lately to the Ontario seats where the Unionists are quarrelling among themselves. The generally satisfactory situation and the certainty of a big soldier vote for Union candidates overshadow the bickerings in a few counties.
