825,000 IS SUBSCRIBED

CANVASSERS SECURED \$70,000 FOR VICTORY LOAN MONDAY

Why Should Kingston Not Contribute \$1,500,000—The School Parade On Thursday Afternoon. Approximately \$25,000 has been subscribed to the Victory Loan in this city and the county of Frontenac according to figures given out at headquarters on Tuesday morning. About \$70,000 was secured on Monday by the canvassers who are striving to attain the million mark before the end of the week. If another half million can be found in the last week of the campaign they will be supremely happy when the grand total is announced, and Frontenac will be in the place of honour with one and one-half millions to her credit. It would be an achievement worthy to be placed in the historical annals of the great accomplishments of this city.

THE DESIRE OF ALL NATIONS

Is Coming Soon—Address Given in the I.B.S.A. Hall. An intensely interesting and timely educational and scriptural lecture was given in the I.B.S.A. Hall, Monday evening to a well satisfied audience on the vital subject, "The Desire of All Nations Coming Soon."

The speaker, W. W. Black, V.D.M., Halifax, presented the subject in forceful and convincing language accompanied by many scriptural quotations. He took as the central scripture testimony, "Truth shall spring out of the earth and righteousness shall look down from Heaven. Mercy and truth have met together, righteousness and peace have kissed each other." (Psalm LXXXV.) Mankind has been slow in learning the moral lesson, said the speaker, that moral law violated brings its logical result, retribution just as surely as does natural law, measurable disregard of the lessons of the past, of history should have taught, has brought upon us the climax of trouble which to-day has involved the whole world.

The address was specially free from criticism of nations or peoples, claiming that while it was the duty of the hour to try and get our bearings and try and understand why Divine power does not intervene too quickly "speak peace to the nations, it is not ours specially to criticize, but to try and adapt ourselves to the Lord's arrangements." Concluding, the speaker strongly urged our hearing the scripture testimony, that for a time the administering of affairs of the earth are to be transferred to the rule of Christ, and later handed over to mankind, when reverence for God has taken its proper place on controlling men's minds. Then, God's will, "will be done on Earth as it is now, done in Heaven. 'Man will have come into his own; the 'Lost Eden,' be fully restored."

Spoke in Theatres. The "four-minute men" spoke in the theatres of the city on Monday evening, and throughout the week citizens will have the need for subscribing to the Victory Loan impressed upon them. Judge H. A. Lovell spoke in the Grand, Francis King, R.C., at Griffin's, Mayor Hughes in the Grand Opera House, and J. G. Elliott in the King Edward.

Secured New Quarters. The Women's committee of the Victory Loan through the kindness of Ald. George Wright have secured the use of his office and telephone on Brock street below Wellington as an information booth where questions about the terms of the Victory Bonds may be answered.

MANY OF THE WOMEN WILL HAVE NO VOTE. The letter of J. B. Walker, of Kingston returning officer, which appears in another column, shows clearly what women are to vote at the coming Dominion elections. Wives of widows, mothers, sisters and daughters of soldiers who have served overseas are given the franchise if they are over 21 years of age. Widows and spinners who have voted at the municipal elections by property qualification, but who have not the good fortune to have immediate relatives taking part in the war out of Canada, cannot vote on the 17th of December.

LIQUOR IN BOARDING HOUSE. A Fine of \$200 and Costs or Three Months Imposed in Police Court. Because he had liquor in a place other than his own private dwelling, Henry Smith was on Tuesday morning fined \$200 and costs, with the option of three months in jail. Smith had the liquor in a boarding house.

HANNA GIVEN POWER TO FIX FOOD PRICES. He Can Now Prescribe the Maximum Charge For All Foods.

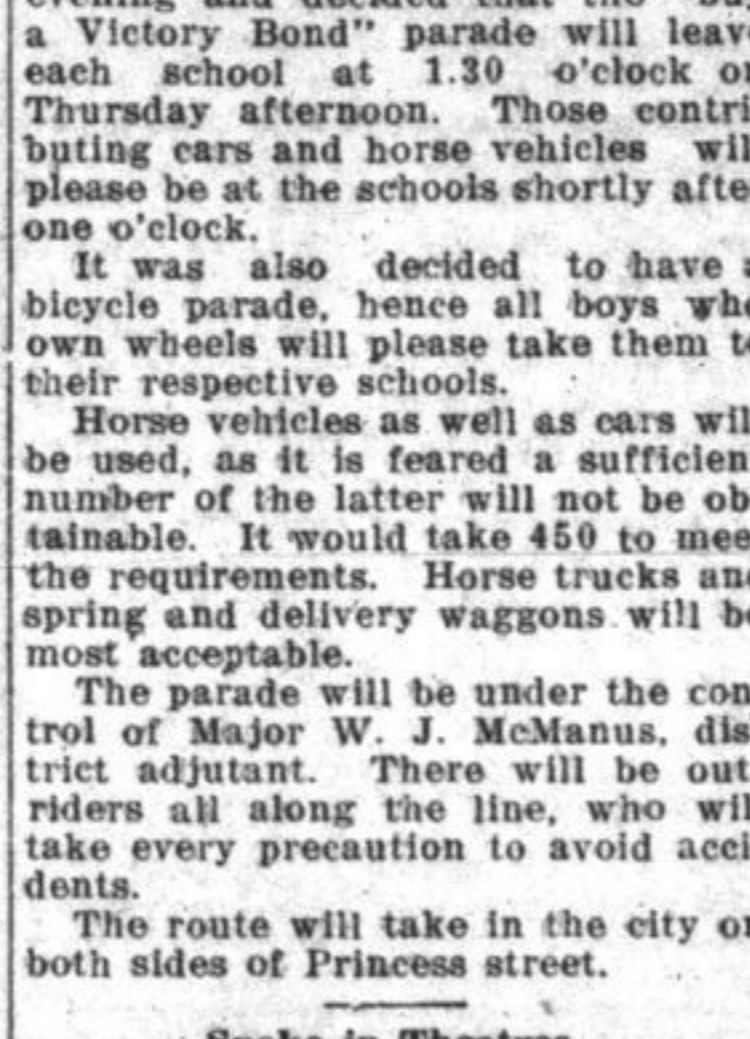

Ottawa, Nov. 20.—Control of the exportation of four classes of commodities is taken by the Government under the order-in-council which has just been made public, and which was outlined in yesterday's despatch to the Mail and Empire. The four classes are: food products, some of which are not indigenous to Canada; animal and vegetable fats, oils and greases, edible and inedible, which are eagerly desired, particularly in the Teutonic Empire; fertilizers, which are required for the augmentation of agricultural production in Canada, and feed of various kinds so necessary to the cattle, sheep and hog breeders of the Dominion if they are to respond effectively to the call for a larger output of food animals. These commodities may be freely exported to Great Britain, and to British possessions and protectorates. Their shipment to other countries is prohibited, with the provision that licenses may be issued by the Minister of Customs, under regulations, framed by the Food Controller of Canada, approved by and issued under the authority of the Governor-in-Council, permitting the exportation of the goods in question "to countries in alliance with the British Empire and having armies in the European fields."
