\$4 Saved Two Fingers

The fingers were those of Mr. J. W. Bennett, of 539 Craig St., Montreal. He says, "The hammer had been badly smashed my hand. Two fingers were so severely crushed that the doctors said they would have to be amputated. Naturally I didn't want this, so decided to try Zam-Buk first. I applied Zam-Buk daily, and by the time I had used \$4 worth, the injury was completely healed. My fingers were saved!"

Just another illustration of the healing power of Zam-Buk. Accidents will happen. It may be your turn next. Better get a box and keep it handy. Accidents are less frequent than skin diseases, and remember this—Zam-Buk is just as good for eczema, ulcers, skin diseases, and piles, as for cuts, burns, bruises.

All drug stores and stores 50c. box, or \$1 for \$1.25. Refuse substitutes.

WOMAN SUFFRAGE.

Its War Time Aspect. London, Eng. The women of England are doing their duty. They are taking care of the wounded, or if they cannot assist in work of that kind they are arduing their savings to promote the good work. They are resisting and saving for the soldiers at the front. The suffragists have given so little trouble to the government that it will undoubtedly soften the hearts of those in Parliament, since the "millions" have meant all their money to aid the fighting men of England, and so suffrage may soon come after this terrible war is over.

Thousands of women in Canada have overcome their sufferings, and have been cured of woman's ills by Dr. Pierce's Favorite Prescription. This temperance medicine, though started nearly half a century ago, sells most widely to-day, because it is made without alcohol or narcotics. It can now be had in tablet form as well as liquid, and every woman who suffers from headache, nervousness, should take this "Prescription" of Dr. Pierce. It is prepared from nature's roots and herbs and does not contain a particle of alcohol or any narcotic. It's not a secret prescription for its ingredients are printed on wrapper.

Many a woman is nervous and irritable, feels dragged down and worn out for no reason that she can think of. In ninety-nine per cent. of these cases it is the womanly organism that requires attention; the weak back, dizzy spells and black circles about the eyes, are only symptoms. Go to the source of trouble. When that is corrected the other symptoms disappear.

St. Thomas, Ont.—"I wish to say for the benefit of other women who suffer that I recommend Dr. Pierce's Favorite Prescription as a great help. I have personally recommended the same to many who in turn have been helped a great deal by its use."—Mrs. F. J. Brown, 19 Oliver St., St. Thomas, Ont.
