IS GIVEN GENERAL RANK

COL. L. W. SHANNON IS MADE A BRIGADIER-GENERAL.

He is the Popular Officer Commanding the London District—He Has Been Forty Years in the Service.

Col. L. W. Shannon, officer commanding Military District No. 1, with headquarters at Wolsley Barracks, has been gazetted a brigadier-general, the announcement to this effect being made in the Canada Gazette Monday.

The promotion which is to date from October 15th, comes to Gen. Shannon as a result of the excellent work he has done since the beginning of the war in directing the work of recruiting, equipment and training the men who have been leaving this district almost continually for the past three years.

General Shannon was receiving the congratulations of the members of the headquarters staff and of his many friends throughout the city and district to-day.

Brigadier-General Shannon has had a long military experience, and has been connected with various phases of military work in Canada for nearly forty years. He received an appointment as second lieutenant in the 14th Regiment, Kingston, in July, 1882, becoming a lieutenant in August of that year, and a captain on June 27th, 1884. Six years later he was raised to his majority, and served as a brigade-major of the 5th Infantry Training Brigade from 1902 to 1906, and of the 7th Infantry Training Brigade from March, 1906, until July 9 of the same year, when he joined the militia staff with the rank of honorary captain.

Since then he had devoted his time entirely to military work, receiving the rank of major in September, 1906, followed by his promotion to the rank of lieutenant-colonel in November, 1914. He served as D.S.A. of Military District No. 1 from September, 1906, until May, 1911, when he became D.A.A.G. and Q.M.G., a post which he held until he was appointed assistant adjutant-general of this district in October, 1913.

In November, 1914 shortly after war broke out he took command of this district, as district officer commanding.

General Shannon is a former newspaperman, having been publisher of the Kingston News for a number of years.

OUR BOYS IN EUROPE AND HOME PROTECTION

The men on the firing line represent the pick of our country's youth. Many were rejected because of physical deficiency. Many times the kidneys were to blame.

If we wish to prevent old age coming on too soon, or if we want to increase our chances for a long life, Dr. Pierce of the Surgical Institute, Buffalo, N. Y., says that you should drink plenty of water daily between meals. Then procure a drug store, Anurie (double strength). This "Anurie" drives the uric acid out and cures backache and rheumatism.

If we wish to keep our kidneys in the best condition a diet of milk and vegetables, with only one meat once a day, is the most suitable. Drink plenty of pure water, take Anurie three times a day for a month.

Send Dr. Pierce 10c for trial pkg. Anurie—many times more potent than lithia, eliminates uric acid as hot water melts sugar. A short trial will convince you.

Preston, Ont.—"I am pleased to express my experience with Anurie. I have been troubled with rheumatism in right limb and hand for several years, and lately in left shoulder. The only way I could get on with my back, I had great difficulty. Sir Robert Kemp and more to get up. Lately I had a very severe pain in my back. I have taken Dr. Pierce's Golden Medical Discovery several times with the most satisfactory results, so I concluded to give his Anurie Tablets a trial. The pain in limb and shoulder has stopped entirely and in right hand it is very slight and getting less all the time. I can now sit or lie in any position I wish without discomfort or pain. I recommended the Anurie Tablets to two parties and they both claim decided improvement. I certainly will recommend them to any one troubled with the kidneys; there is nothing nearly so good; I tried them all."—Gronos Boos, cor. Duke and Waterloo.

BUSY TIME YET TO COME

FOR JUDGE LAVELL, T. M. ASSESSOR AND OTHER OFFICIALS.

Exemption Appeals, County Court and Voters List Appeals Will All Come Together.

In a few days a proclamation is to be issued announcing the date of the sittings of the Court of Appeal on the lists of voters compiled by the enumerators. Reports are to the effect that some of the enumerators have left off names to such an extent that the work of the Court will be very heavy. The Court will sit from December 7th to December 12th.

Probably next week, if the exemption appeal claims are all ready, Judge Lavell and the Exemption Appeal Board under the Military Service Act will commence its sittings. They will continue as long as necessary. As this Board will have to be in session at the same time as the Elections Court of Appeal, the sittings for voters lists' questions will be in the morning and evening and the exemption questions in the afternoons.

On December 11th, the County Court will sit. The jury cases will come on first according to the present arrangements by Judge Lavell. The non-jury cases will come up later, but when the jury is in the judge will if necessary postpone the work on the exemption appeals for a short time.

LAURIER'S DEFENCE.

Champions Free Speech — Speaks of Kitchener Incident.

Ottawa, Nov. 29.—Voluntarism as opposed to compulsion was the text of Sir Wilfrid Laurier's address in Russell Theatre. "He took the first opportunity to refer to the affair at Kitchener, where the Prime Minister was refused a hearing, and at St. Anselme, where Hon. Albert Serigny could not speak. "Mr. Frupp," he said, "has put the question: 'What does Sir Wilfrid Laurier say to such affairs?' I am glad to be able to reply. Mr. Frupp knows my sentiments well. He knows I am in favor of free speech. Mr. Frupp believes in free speech so far as his friends are concerned, but not so far as his opponents are concerned. For Mr. Frupp was one of those who imposed the gag on Parliament last session. I am sorry that the Prime Minister was not allowed to speak at Kitchener. A respectful hearing was due to his rank, to his standing, and to his efforts in support of a bad cause. The gag is the gag, whether applied by a man at a public meeting or in parliament."

The Liberal Chief occupied considerable time in defending his own record since the war commenced. No man in his position in any belligerent country had done so much, he claimed, to help his country win the war as he had done. He expressed surprise that at Sydney the Premier had attempted to belittle his efforts in regard to recruiting. "When," he asked, "did Sir Robert Borden apply to me to help him in recruiting? I am not conscious that he did."

With regard to the Hamilton institution referred to by the Premier, he declared that it was his policy "not to endorse anything unless he knew the parties who made the application." Sir Wilfrid reiterated, amid considerable applause, his faith in the voluntary system of recruiting. To back his argument he cited Australia, where conscription had been defeated in spite of the fact that there was "no Quebec" in Australia, and therefore "racism" could not be advanced as a cause.

On the late Government and the Nationalists' campaign of 1911 he placed the responsibility for the failure of recruiting in Quebec.

ARE MARRYING COLLEENS

American Sailors Take Irish Girls As Brides

In the Neighborhood of an American Naval Base, Nov. 29.—Though I have not the exact figures, I am told that the number of marriages amongst the American sailors since their arrival here is very great, and that in the hotels stationed in Ireland, marriages now nearly number a hundred since they made their headquarters here, just over six months ago. Irish girls and men of the American fleet got on very well together and the smiling blue eyes of Irish colleens captivated the strangers. A large percentage of the American sailors are Irishmen and they have married girls whom they knew before they went to the United States.

Hurrah! How's This

Cincinnati authority says corns dry up and lift out with fingers.

Hospital records show that every time you cut a corn you invite lockjaw or blood poison, which is needless, says a Cincinnati authority, who tells you that a quarter ounce of a drug called freezeone can be obtained at little cost from the drug store but is sufficient to rid one's feet of every hard or soft corn or callus.

You simply apply a few drops of freezeone on a tender, itching corn and soreness is instantly relieved. Shortly the entire corn can be lifted out root and all, without pain.

This drug is sticky but dries at once and is claimed to just shrivel up any corn without inflaming or even irritating the surrounding tissue or skin.

If your wife wears high heels she will be glad to know of this.
