YOUTH GIVEN SIX MONTHS

PLEADED GUILTY TO THE THEFT
OF FOUR BICYCLES.

Returned Soldier Serving Three
Months for Intoxication Gives
Evidence Against Delbert Bickham
in Liquor Case Before Magistrate.

George St. Louis, a youth wearing
the King's uniform, who had a
mania for stealing bicycles, having a
few days ago pleaded guilty to carrying
off four "bikes" which were not
his property, was on Thursday morning
sentenced by Magistrate Farrell
to six months in jail on each charge,
the sentence to run concurrently.
St. Louis was arrested by Constable
Arnel, and when taken in charge
stated that he could not read or
write.

George Sugar was up a few days
ago for having rags and bones stor-
ed on his premises without having
secured the permission of the Board
of Health. Inspector Timmerman
was the complainant. The latter told
the magistrate that the premises
had been cleaned up, and the charge
was dropped.

Delbert Bickham, who lives at the
corner of Queen and Ontario streets,
was charged with having sold liquor
to a returned soldier. Through his
counsel, he pleaded "not guilty."
The returned soldier swore that he
got a bottle of liquor, for which he
paid \$3, at Bickham's home on Oct.
22nd. The case was enlarged for a
day at the request of Mr. Cunning-
ham, in order to secure a material
witness.

The returned soldier who figures
in the case is now serving three
months in jail, in default of the pay-
ment of a fine of \$200 and costs,
which was imposed upon him for
being intoxicated. He swore that he
drank whiskey in his home, and that
afterwards he attended a meeting of
the Army and Navy Veterans and
was arrested at the meeting for being
intoxicated.

George Plumb was fined \$10 and

STOMACH MEDI- CINES ARE DANGEROUS

DOCTORS NOW ADVISE MAGNESIA

Just how dangerous it is to indi-
cidentally dose the stomach with
drugs and medicines is often not real-
ized until too late. It seems so simple
to swallow a few pills, to take a
tablets of soda, peppermint,
bismuth, etc. after meals, and the
feeling of this drugging is not apparent
until perhaps years afterward, when it
is found that gastric ulcers have almost
eaten their way through the stomach
walls. Regrets are then unavailing;
it is in the early stages when indiges-
tion, dyspepsia, heartburn, flatulency,
etc., indicates excessive acidity of the
stomach and fermentation of food con-
tents that precaution should be taken.
Drugs and medicines are unsuitable and
often dangerous—they have little or no
influence upon the harmful acid, and
that is why doctors are discarding
them and advising sufferers from indig-
estion and stomach trouble to get rid
of the dangerous acid and keep the
food contents bland and sweet by tak-
ing a little pure bisulphate of magne-
sia. Bisulphate of Magnesia is an abso-
lutely pure anti-acid which can be
readily obtained from any drug store.
It is absolutely harmless, is practically
tasteless and a teaspoonful taken in a
little warm or cold water after meals
will usually be found quite sufficient
to instantly neutralize excessive acidity
of the stomach and prevent all possi-
bility of the food fermenting.

Letters to the Editor

Pleads For Unionism.

Kingston, Nov. 29.—(To the Edi-
tor): As a returned soldier, I con-
sider it my duty to try and impress
upon the wives, mothers, sisters and
daughters of all soldiers who have
been overseas, or who are now over-
seas, the absolute necessity of hav-
ing their names placed on the voters'
list when the enumerators call upon
them within the next few days. If
this is not attended to now it will be
too late, and they will not only do
their loved ones an injustice, but
fail to uphold the Union candidate,
W. F. Nickle, and the Union Govern-
ment, who are doing their utmost to
sustain and uphold our brave lads
who are fighting and bleeding for
those of us who are at home, living
in comparative luxury and ease.
Surely we who have fought and bled
and those of our brave lads who are
fighting and bleeding for our Em-
pire can depend on their loved ones
at home "doing their bit" by regis-
tering their vote for the Union can-
didate who are doing their utmost
to give our boys the much-needed re-
inforcements at the front.

I cannot understand why our Can-
adian people are not more alive on
this important subject, as it means
the life and death of the Empire.
Then why not wake up and see to it
that those who are doing their ut-
most for our brave lads in France
and Flanders are supported through-
out thick and thin in this campaign? Do
not put it off as an unimportant
matter! There never was such an im-
portant question before the Canadian
people as at present. All we have to
do is to look at our neighbors in
Quebec. They are alive to the in-
terests of themselves and their lead-
er, Sir Wilfrid Laurier.

A vote for Borden means support
for our boys at the front; a vote for
Laurier means no support. Ask
yourself the question: "Am I loyal to
the boy at the front, or am I not?"
If loyal, then vote for the Union can-
didate.

Yours truly,
—A. J. MILLER,
A Returned Soldier.

GET RID OF HUMORS AND AVOID DISEASE

Humors in the blood cause internal
derangements that affect the
whole system, as well as pimples,
boils and other eruptions. They affect
all the organs and functions, mem-
branes and tissues, and are directly
responsible for the readiness with
which some people contract disease.

For forty years Hood's Sarsaparilla
has been more successful than any
other medicine in expelling humors
and removing their inward and out-
ward effects. It is distinguished for
its thoroughness in purifying the
blood, which it enriches and invigor-
ates. No other medicine acts like it,
for no other medicine is like it.
Get Hood's Sarsaparilla today.
Insist on having Hood's.
