**EXTRA POLLING PLACES**

TO BE ARRANGED FOR BY THE RETURNING OFFICER.

It is Expected That 9,000 Votes May Be Cast in the Coming Election in Posting of Enumerators' Lists.

Conservatives and Liberals alike, agree that the new system established by the Ottawa Government for enumerating the voters who are to cast ballots in the coming elections is anything but satisfactory. Everywhere there are complaints, for some enumerators are not as careful as others. The old system of open registration at appointed places has proven to be the best way of enrolling the voters. There were very few appeals after the registrations in past election years, but there promises to be a great deal of them as the result of the house-to-house enumeration system.

On Monday next two copies of the enumerators' lists of voters in each polling subdivision are to be posted in a prominent place within the subdivision, in a store or office, for instance, so that the people may see if their names are there. If there are omissions or if the lists include names which should not be there, there will be four days in which appeals may be entered to Judge Lavelle, whose appeal sittings will open on the 7th of December and continue at specified times until the 12th.

Returning Officer Walkem is having 9,500 ballots printed for the election and he intends to have at least thirty polling sub-divisions owing to the greatly increased vote to be polled. Formerly twenty-five polls sufficed to record the vote of Kingston in any kind of an election, but Mr. Walkem will add probably half a dozen for Cataraqui, Frontenac, and Rideau wards.

Half-sisters of men overseas have a vote, as they are of blood-relationship. A step-mother however, would not have a vote.

**Ladies Curling Club.**  
Kingston Ladies' Curling Club elected these officers: President, Mrs. W. R. Givens; vice-president, Miss L. Tandy; secretary-treasurer, Miss Ada Birch; skips, Mrs. Givens, Miss Birch, Miss M. Gordon and Miss Tandy.

**CARING FOR THE CHILDREN**

ANNUAL MEETING OF THE CHILDREN'S AID SOCIETY.

Members Have Been Carrying On Noble Work—Dr. A. W. Richardson Re-elected President—Work of Inspector Jack Praised.

That the Children's Aid Society for the city of Kingston and the county of Frontenac is carrying on splendid work, was shown in the reports presented at the annual meeting, which was held in the City Council chamber, on Thursday night, and which was presided over by the president, Dr. A. W. Richardson.

The Inspector, Alexander Jack, presented an interesting report of his work, covering the nine months he has been serving the society, and following the reading of the report, a warm tribute was paid to Mr. Jack for the able manner in which he dealt with all the cases coming under his attention. Although only on the job but a short time the new inspector whose heart and soul is in the work, has rendered able service, and it was most fitting that the members of the Society should recognize this service at the annual gathering.

In presenting his report, Mr. Jack stated that he had received the greatest help from the members of the local police force, in locating families, and that he had also received much assistance from Mr. Smeaton, formerly superintendent of the Orphan's Home.

An interesting point brought out by Mr. Jack was that it had not been necessary to make out any commitments, and he stated that the Ontario Temperance Act had enabled a great number of families to live a better life. The object of the inspector has been to get people coming under his jurisdiction, to give more care and attention to their home, rather than to work for commitments. In this way, it would not be found necessary to remove children from their homes, and he succeeded in having conditions greatly improved in many homes.

A synopsis of the work of the Inspector for the nine months will give the public an idea of the work the Society is doing. During this time the Inspector made 829 calls, had 294 office interviews, sent out 625 letters, visited 125 wards, answered 57 telephone calls and received 628 letters. Three children were sent to the Industrial School, and thirteen were held for a time, and returned to their parents, after conditions were made satisfactory. Thirty-five wards were placed out in foster homes, and of this number, eleven were replacements, this is, children who had been returned to the shelter. Seven children were made wards of the society. There were twenty-two children in the Orphan's Home and St. Mary's-on-the-Lake last fall. At the present time there are none in these shelters.

The report of Inspector Jack, was on motion of Frederick Welch and John McEwen, adopted and ordered placed on the minutes. Mr. Welch took occasion to congratulate the Society and also Inspector Jack, for the splendid work of the year. He made special mention of the fact that to-day the Society had no wards in any of the local homes. This, he pointed out, should be a source of great satisfaction not only to the society, but also to the citizens.

The report of City Auditor Muir, who was called upon to go over the records after the retirement of Mr. Wylie, was also read. The report went into every detail of the work, and on motion of Dr. W. W. Sands and E. W. Mullin, was adopted.

The report of the treasurer, O. V. Bartels, was also presented and adopted. The Society has a balance on hand of \$340.90. Under the heading, "maintenance of children," the following items were noted: "St. Mary's-on-the-Lake, \$400; Orphan's Home, \$246.86; William Scouten, \$15.

Dr. Richardson gave a review of the work carried on by the society and was warm in his praise of the work of Inspector Jack and the city officials who had served the society. On motion of E. W. Mullin, seconded by David Murray, the following officers were elected for the city: President, Dr. A. W. Richardson; vice-president, James Halliday; Secretary, Dr. W. W. Sands; treasurer, Oscar V. Bartels; honorary solicitor, J. L. Whiting, K.C.

Executive—Frederick Welch, S. R. Bailey, J. F. McEwen, W. H. Graham and the Mayor of Kingston. On motion of Dr. G. W. Bell, seconded by W. H. Graham, the same officers were elected for the county with the following on the executive: J. W. Bradshaw, Capt. A. J. Smith, Dr. G. W. Bell, William Murray, and the Warden of the county.

Following the annual meeting the executive held a meeting, when it was decided to invest \$1,000 of the trust funds of the wards of the Society in Victory Loan Bonds.

Inspector Jack also presented his report for the month of November.

**Girls' Hats 59c.**
