Hockey Notes

Port William, which has been well advertised by its star hockey players for years, will have a new rink this winter, and can be depended upon to have some keen competition with Port Arthur.

The Portland Club of the Pacific Coast League will be intact this year, as Johnson, Murray, Harris, Tobin, Dunderdale and Barbour, wintered in Portland, and information has been received from Winnipeg that Clem Loughlin and Dick Irvin will also be on hand.

Manager Art Ross, of the Wanderers, said that he had made definite offers to Paddy Moran, but if the latter could arrange to get leave of absence from his Quebec employment and make his residence in Montreal for the winter, he would be tendered a contract.

Lower Ottawa Hockey Association will likely suspend operations for the coming winter, one of the chief reasons for this being the inability of the clubs to charter special excursion trains. Expenses last season came high and in addition the players lost a great deal of time.

Curlers and hockeyists, especially the open-air boys, are hoping that the prophecy of the trappers is wrong, when they say that this will be a mild winter. The knights of the woods base their prediction on the fact that the fur is very thin on the animals this fall.

Ottawa Citizen: The Ontario Hockey Association puts Pittsburgh under the ban because of alleged professionalism, but allows its teams to play that of Detroit. Let's see, wasn't it at Detroit where the scandal occurred last season over the division of gate receipts. Fine amateurism!

It has now developed that Eddie Gerard has not come to terms with the Ottawa Hockey Club. There is a slight difference in the amount Eddie wants and what the club desires to pay. However, the difference is so little that the playing manager is expected to be in the fold very shortly.

President Bate of the Ottawa club says that under no circumstances will Nighbor play for Toronto. President Bate no doubt has in mind the deal that was handed by Denny last winter, when the latter was not permitted to get into the game with Ottawa until the season was half over.

What O.H.A. Accomplished.

Gave special residence rule privileges to players absent from home after August 1st on national service, such as farm work, etc. They will be granted certificates to play upon special application being made to the executive committee.

Amended the residence rule so that players residing in a town where there is no O.H.A. team may play with the city in the nearest O.H.A. town or village of not more than 5,000 population.

After playing seven-man hockey for twenty-seven seasons, adopted the six-man style. This amendment, the most important of the meeting, did not meet with a dissenting vote.

Changed the word "ten" to read "twenty" feet in the rule relating to a player being inside when taking the puck after a rebound from the goalkeeper.

In connection with the six-man game, it was decided that teams be allowed to use one spare or substitute. The change may be made at any time. In the case of an injury, breaking of a skate, etc., the substitute shall come on in order to equalize the team.

Skinner Poulin Will Retire.

"Skinner" Poulin, who made his hockey debut at Smith's Falls, and who has seen extensive service in the Pacific Coast and National Hockey Leagues, admits he is through as referee in the Coast circuit. George Kennedy grabbed Poulin from the Patriks two years ago and paid him \$1,500 for the season. Poulin proved a lemon and was released before the close of last winter, after accepting a big cut. Poulin wanted to go to Ottawa last year, but President Bate and Manager Gerard passed him up.

MOTORBOAT'S TERRIFIC SPEED.

Seventy-mile an Hour Power Craft Becomes Reality.

All records for speed by motor craft have been shattered by Whip-po-Will, Jr., a motorboat owned by Albert L. Judson, president of the American Powerboat Association. Whip-po-Will Jr. cut through the waters of Lake George at the rate of 70.15 miles an hour.

In six one-mile dashes on November 4 over a course surveyed by an official surveyor of the American Powerboat Association, who is an ex-army engineer, the Whip-po-Will, Jr., averaged 64.74 miles an hour. The timing was done by Henry Sampson, jun., official timer; C. F. Chapman, secretary of the Racing Commission, and Capt. W. G. Watts, the official surveyor of the A.P.B.A., under official conditions.

Then two days later, when a slightly smaller propeller and a few minor adjustments to the power plant had been made, the boat developed a speed which averaged 69.39 miles an hour, the best and fastest speed on record to date. On the two best runs, the fourth and sixth, the average of the four watches showed 51 3/5 seconds for the mile, which is equivalent to 70.15 miles an hour, making the 70-mile-an-hour boat a reality.

Sent to Switzerland.

Capt. L. S. ("Lennie") Morrison of Toronto, former well-known O.H.A. player, who has been a prisoner in Germany since early in the war, has been sent to Switzerland, according to a cable received in Toronto. This may mean that he is incapable of further service or that he is to be used in an exchange of prisoners.

Sporting Notes

"Monty" Montgomery is not dead after all. Instead, the famous McGill quarter-back is now reported recuperating in a French hospital.

Capt. Duncan Campbell, M.C., a well-known Montreal athlete, has been killed in action. He acted in the capacity of referee in Montreal hockey circles for a number of seasons.

President Barrow has issued the call for the annual meeting of the International League. It will take place on Monday, December 10th.

A syndicate of Indianapolis men has taken an option on the Indianapolis club of the American Association. Jack Hendricks, manager of the club, obtained the option.

Harry Seibold, the young right hand pitcher of Connie Mack's Athletics, has gone into the National Army. Connie Mack's youngest son, Roy, has enlisted as yeoman at the Charlestown Navy Yard.

The owners of the Toronto Hockey Club have notified Jimmy Murphy, who is ill and wants to resign the management of the team, to hang on to his job and get an assistant.

Capt. Edward Archibald, the well known Toronto West End Y. M. C. A. athlete, who is home on two months' leave, speaks in glowing terms of the boxing tournaments held by the Canadian army.
