Procrastination!

There are thousands of men who have made up their minds to take insurance, but who, for a variety of reasons procrastinate.

As ten per cent. of all deaths are due to accidents and many men apparently of sound health die suddenly, the danger of delay is apparent, but there is a greater danger than this, the danger of becoming uninsurable, which often comes as unexpectedly as an accident.

ALMOST HALF A CENTURY INCIDENTS OF THE DAY

W. H. WORMWITTH CONNECTED WITH WORMWITTH PIANO CO.

Presented With Gold Watch and Chain by Employees on Occasion of His Retirement—An Address of Appreciation.

EX-ALD. W. H. WORMWITTH, Ex-Ald. W. H. Wormwitt is retiring from the Wormwitt Piano Company, with which he has been connected for the past forty-nine years. On Saturday evening there was a most pleasant gathering at the works, when the employees presented Mr. Wormwitt with a gold watch and chain on the occasion of his retirement. The gift was accompanied by an address, which bespoke of the high esteem in which Mr. Wormwitt is held by the staff. The employees in their address pointed out that Mr. Wormwitt had for half a century been connected with the plant, and that his genial presence in the factory was always an incentive for the best. Outside of the factory Mr. Wormwitt has a wide circle of friends, all of whom wish him much joy and happiness. Mr. Wormwitt replied most feelingly after the watch and address had been presented to him. Ernest Huxton made a presentation on behalf of the staff.

SALE AT LIVINGSTON'S

20 PER CENT. DISCOUNT SALE OPENS ON WEDNESDAY.

Fine Stock of Goods Will Be Disposed of in the Usual January Clearance—Big Bargains.

The Whig has an important announcement to make to the people of the city and district to-day, in that the usual January sale at Livingston's, Brock street, will open on Wednesday morning, January 2nd. Twenty per cent. discount is to be allowed on goods purchased at this sale, and with such a splendid stock as this firm carries, it affords an excellent opportunity for all shoppers to take advantage of this offering. The sale is an annual affair, and in view of the fact that the prices have been given such a big boost owing to war conditions, it will be well for all who possibly can to take advantage of the offer made by this most reliable firm.

It is of interest to note that at this sale the selling price of all goods are marked very plainly, and are always disposed of at the price quoted. The firm has been holding these sales for many years, and will continue to do so. It is certainly a great opportunity for all, as woollen goods are selling at the highest figure known in the world, due of course to the war. While the war lasts no person knows just how high the prices will soar. Next year it may be impossible to secure overcoats at any price. The sale takes in all ready-to-wear clothing and gentlemen's furnishings, and also affords the mothers an opportunity of securing boys' suits of the very finest quality at a reasonable price. We would recommend all the mothers to take in the sale. A visit to Livingston's shows a very attractive display. The two big stores are filled to overflowing with a stock that is sure to catch the eye and please the ear. It is a firm that stands for service. It has the very best goods, and the staff of clerks are most obliging and painstaking. They have been with the firm a long time, and know the business from A to Z. The firm has a special advertisement in to-day's Whig telling of the big sale which opens Wednesday.
