**COMMENTS OF A SOLDIER**

ON CONDITIONS AT THE COVERED RINK ON MONDAY NIGHT

Men Struggled for Admittance While Ladies Were Made to Wait—Number of Returned Soldiers Had to Pay War Tax.

A returned soldier points out that a great and good work is being done by the Vocational Branch of the Military Hospitals Commission in the re-education and training of the returned soldier. An equally great and surely as good work could be done by a similar institution for the purpose of training some of the young men, and some of the older ones as well, in the art of being gentlemen. He referred to those who, by their conduct Monday evening, while being admitted to the hockey match, made it quite apparent that their gentlemanly instincts would bear a great deal of cultivation and development. It is not in accordance with the ethics of chivalry to see men struggling violently to gain an entrance to a place of public amusement, while ladies in the immediate vicinity wait to be admitted. Such was the condition of affairs which prevailed at the entrance to the covered rink Monday night. Evidently the rule of "ladies first" has no place in the code of those already mentioned. Some returned and particularly disabled soldiers in the waiting queue were indiscriminately jostled and pushed about. People in this city would do well to observe the same respect and deference to wounded men, so noticeable in countries other than our own.

A number of returned men were made to pay the war taxon tickets

for the hockey match. This is a custom which heretofore has not prevailed in this city, and our friend thinks it would be well for the rink management to get in line with the other places of amusement in the city.

JUDGE H. A. LAVELL  
Who is slated for the presidency of the Canadian Club for 1918-19.

**SAILORS SECURED FOOD**

DISTRESS OF VESSELS IN THE ICE HAS BEEN RELIEVED.

Only One Vessel, That Commanded by Capt. Bernier, Arctic Explorer, Managed to Get Out of River—Warm Weather Helped Situation.

According to the latest reports received in the city, the shippers on the steamers caught in the ice in the St. Lawrence river have been secured food. Four vessels it will be remembered which were on their way to the coast, got caught in the ice on December 6th. The news of the sailors having secured food comes from Cape Chatte. Two of the steamers reported a shortage of food and fresh water. The change to warmer weather packed the ice and enabled the crews to get into contact with the shore, where provisions were secured. Of eight ships which started away from Quebec and were caught in the ice, only one, commanded by Capt. Bernier, the noted Arctic explorer, has so far got out of the river.

A scene from "Which One Shall I Marry," the comedy at the Grand on Saturday, Jan. 12th, bargain-matinee and night.

**Colds Settle On the Kidneys**

Hence the Backaches, Rheumatic Pains and Lumbago—Relief Comes When the Action of the Kidneys is Aroused.

Kittarilly, N.S., Jan. 11.—It is not only the lungs that suffer during the cold, damp seasons. The kidneys are almost equally susceptible to sudden changes of temperature, and many a serious case of kidney disease has its beginning with a cold, which settles on the kidneys.

Persons working out of doors are most likely to be victims of such trouble and suffer from backaches, lumbago, rheumatism and crippled, aching limbs, but anyone is liable to sit in a draught, or expose his back to a current of cold air.

Cold settling on the kidneys causes congestion, a clogging of these filtering organs and consequent derangement of the whole digestive and excretory systems. The liver fails to work, the bowels become constipated and the stomach gets upset.

Because of their direct and combined action on these organs, Dr. Chase's Kidney-Liver Pills are of most prompt and most lasting benefit for such derangements. They are positive in their effects and are backed by the experience and intelligence of Dr. A. W. Chase, the famous Receipt Book author.

Mr. Neil A. Cameron, Kittarilly, N.S., writes: "I am glad to recommend Dr. Chase's Kidney-Liver Pills to anyone who is suffering from rheumatism. For about twenty-five years I was bothered more or less with this affliction. I was treated by doctors all over Nova Scotia, and when on business in New York, had an opportunity to consult one of the greatest specialists there; but I never gained more than temporary relief. In an effort to get rid of the accumulating development of the disease, I tried Dr. Chase's Kidney-Liver Pills, and when I had taken eight boxes I was, to my astonishment, totally cured. I therefore heartily recommend these pills to all who suffer from rheumatism, and anyone who doubts this testimonial may write me as proof to the contrary."

(Rev. James A. Collins, P.P., says: "This is to certify that I am personally acquainted with Mr. Neil A. Cameron, and believe his statement is true and to my personal knowledge correct.")

Dr. Chase's Kidney-Liver Pills, one pill a dose, 2 for a box, 3 for \$1.00, at all dealers, or Edman, Bates & Co., Limited, Toronto. Do not be talked into accepting a substitute, imitations only disappoint.

**HAD SUCCESSFUL SEASON**

CANADA STEAMSHIP LINES HAD A BIG BUSINESS

Great Activity of Munition and Other Industrial Plants Had Market Effect on Freight Traffic—Carried Three Million Dollars of Ore.

The Canada Steamship Lines had a very successful season, both on the Upper Lakes and on the St. Lawrence waterway. The great activity of the munition and other industrial plants, and the unprecedented demands of the export trade, had a particularly marked effect on the freight traffic of the Upper Lakes, and kept the whole of the company's fleet working to capacity throughout the season.

The ships of the company handled approximately 3,000,000 tons of ore, 2,500,000 tons of coal, and nearly 40,000,000 bushels of grain. All those figures show a considerable increase over the best previous year in the history of the company.

A feature of the season was the great demand for shipping for the ocean, every vessel that could be secured capable of ocean service being pressed into that work. The company did its share in helping to provide ships for such service.

Just what the company's ships are doing in the ocean trade cannot, for obvious reasons, be disclosed. It might be intimated, however, that the company's interests are being materially benefited.

At the same time, owing to the maturing of plans made some time ago, the company was able actually to increase its carrying capacity by putting new vessels into commission, and acquiring others by purchase.

Although there has been a great shortage of labor in every occupation, the company was fortunate not only in securing competent men to sail the ships, but also good crews, and the whole season was singularly free of accidents as far as the ships of the Canada Steamship Lines were concerned.

**TO IMPROVE THE ROADS**

DANGEROUS CURVE ON MIDDLE ROAD WILL BE ELIMINATED

Front Road, from Portsmouth to Redden's Corners Will Be Completed—Section Gangs Coming.

Even when the roads are full of snow drifts and wheel traffic is practically impossible, A. M. Rankin, M. P., does not let up his enthusiasm in the good roads cause. He is now planning what will be done this year by the Suburban Road Commission and the Provincial authorities.

With reference to the York and the Gananoque roads, Mr. Rankin believes that arrangements are now being made for the proper maintenance of these stretches during the coming year. It will be worked on the Section gang system, and motor trucks will convey the men and materials to keep the roads in shape. As soon as possible the rebuilding of these roads will commence.

The Suburban Road Commission will continue the work started last year on the Front Road, from Portsmouth to Redden's Corners. This will be rebuilt and surfaced to make it a permanent piece of work. The grading and drainage system has been completed.

There are several roads to receive attention this year. The cross road from Redden's Corners to the Bath road will be improved by the elimination of a particularly dangerous part, near the creek bridge. The advice of expert engineers who have looked over the road will be followed.

There are several other places to be attended to, including the "S" curves on the Middle road near the Fingerboard. This is so dangerous that the motor leagues have erected signs and Mr. Rankin purposes to have engineers draft plans for eliminating the curves.

**Plan Big Ice Harvest.**

Cape Vincent, N.Y., Jan. 10.—The St. Lawrence River Ice Company is getting things in readiness for the annual harvest, which it is expected, will be large this season. Never in years has the river frozen over at such an early date, and the ice at present is of excellent quality and of a thickness that will make handling easy. The company has two large houses to fill and as in past years will also fill large contracts for the railroad company and others. This will give employment to a large number of men and boys and will be a good thing for Cape Vincent, as the weekly payroll will be large.

**Great Clearing Sale.**  
Provost, Brock street, has made a great reduction in ready-made clothing and gent's furnishings to make room for his spring goods. Special value in boys' overcoats from 5 to 10 years, in blue and gray, at \$3.50 each—could not be bought wholesale for the above price.

**Sale of Heavy Winter Stockings.**  
Heavy ribbed, all-wool stockings, 60c pair. Ladies' plush-lined stockings at 35c pair. Corrigan's.

**KINGSTON EVENTS 25 YEARS AGO**

William Gilson, of Storrington township, was elected warden of Frontenac county.

William McCormack lost a team of horses in Kingston harbor while drawing ice.

G. Clark sold \$11,000 worth of ice in North Galveston to Kingstonsians.

Ice in the harbor is twenty inches thick. It is twenty years since the ice was so firm.

In the western part of the city there is a great deal of destruction and people tear boards off fences for fuel.

**WINTER GOODS!**

Our Stock of Moccasins, Snowshoes, Overshoes, Overgaiters, Leggings, Hockey Boots, is the largest and most complete in the city.
