## In The World Of Sport

### WON'T ACCEPT MORE THAN 10 PER CENT. TAX

The U. S. Government Refuses Ten Cents Per Ticket on Baseball Passes.

Previous to the meeting at Cincinnati President Taft had appointed a committee to consult with Government officials relative to the payment of war taxes on passes to baseball games. At the meeting of this committee was empowered to widen its scope and to include the entire war tax problem as it will concern baseball. For the sake of convenience the National League originally desired to charge ten cents war tax for passes. Inasmuch as a pass is rated as a 75-cent seat, the Government officials refused to agree to accept more than 10 per cent. of this amount. At the meeting yesterday it was definitely agreed that only 10 per cent. of each ticket sold as well as each pass given would be charged for war taxes, but the committee was instructed to consult the Government officials and then map out the best possible system to effect this tax without inconvenience to the public. The old Federal League peace agreement likewise came up at the meeting of the National League members. It was stated unofficially but reliably that the Federal League will be paid shortly and finish written insofar as the National League is concerned.

### EAST SHOULD AWAKEN.

The Coast League Discards Old Penalty Rule.

Official referees of Pacific Coast Hockey Association have been notified of a change in penalty rules to become effective immediately. In the past substitutes have been permitted to immediately take the places of players receiving major fouls of ten minutes or over, but according to the new rule promulgated by President Frank Patrick, no substitute will be permitted for three minutes following the offending player's arrival at the penalty bench. President Patrick further announced that next season a delayed penalty system would be introduced in coast hockey which will preclude any possibility of there being less than six players of a team on the ice at all times.

### Carry Their Own Uniforms.

A movement is on foot that appears to have the backing of every club manager in the major leagues, that is, to abolish the travelling trunk of the ball player. It is planned to have the players roll up their uniforms, bats and other baseball paraphernalia and carry the bundle as they did years ago, thus eliminating that much baggage for the railroads to handle.

### WINS ROAD RACE FOR SECOND TIME

Jack Ross of Olds Has Strong Hold Now on Calgary Herald Trophy.

Jack Ross, of Olds, Alberta, won the eleventh annual Calgary Herald road race for the second time on New Year's day. Harper Miller, of Calgary, finished fully a quarter of a mile behind for second position, and Billy Miller and H. A. Bennett tied for third place.

It was an ideal day for the Marathon, and a crowd of several thousand people turned out to witness the annual classic. Automobiles followed the runners all the way around, and, driving close together, the line of cars stretched for well on to a mile and a half.

Ross won the race last year as well after a close finish with Patton, of the 191st Battalion. Providing he captures the event next season, Ross will own the handsome trophy donated by the Herald.

The time for the race was 39.03 3-5 over the course, which extends fully six and a half miles.

### Doyle Back to Giants.

Larry Doyle will probably be at second base for New York Giants again next year. A trade is now under way whereby Charlie Herzog will go to the Boston Braves and Doyle will return to New York. Doyle was traded to Chicago in the deal that brought Heinie Zimmerman to the Giants. He was only recently traded to Boston with Catcher Art Wilson for Pitcher Tyler, of Boston. Herzog has made it clear that he does not want to play with the Giants next year, and the trade for Doyle is expected to go through.

### Mayor "Joe" Lally.

Congratulations are due "Joe" Lally, the famous Cornwall lacrosse veteran, referee and all round sportsman, who was the hero of a hot majority contest in his home town yesterday. Joe was elected by a substantial majority. The former N.L.E. president has followed municipal politics for many years and his great popularity was indicated by the big vote he polled.

### BIG IN STATURE: THAT'S ABOUT ALL

Fulton and Willard Tallest, Heaviest Pair Ever Matched.

Should Jess Willard and Fred Fulton meet for the Red Cross, as proposed, they will be the two tallest and heaviest men that ever came together for the world's heavyweight championship. Willard will stand six feet seven inches in height, and will weigh about 300 pounds. Fulton will stand six feet five and a quarter inches in height, and will weigh 218 pounds.

Jeffries and Johnson were perhaps the two biggest men ever to battle for the heavyweight crown, but compared to Willard and Fulton, Jeffries and Johnson were dwarfs. Jeffries stood six feet in height, and Johnson six feet and one-half inch.

### Australian Ladies to Swim.
