To Stop a Persistent Hacking Cough

The best remedy is one you can easily use at home. Cheap, but very effective.

Thousands of people normally healthy in every other respect, are annoyed with a persistent hacking or bronchial cough year after year, disturbing their sleep and making life disagreeable. It's so needless—there's an old home-made remedy that will end such a cough easily and quickly.

Get from any druggist $\frac{1}{2}$ ounce of Pinex (50 cents worth), pour it into a 16-oz. bottle and fill it with plain granulated sugar syrup. Begin taking it at once. Gradually but surely you will notice the phlegm thin out and then disappear altogether, thus ending a cough that you never thought would end. It also promptly loosens a dry or tight cough, stops the troublesome throat tickle, soothes the irritated membranes that line the throat and bronchial tubes, and relief comes almost immediately. A day's use will usually break up an ordinary throat or chest cold, and for bronchitis, croup, whooping cough and bronchial asthma there is nothing better. It tastes pleasant and keeps perfectly.

Pinex is a most valuable concentrated compound of genuine Norway pine extract and is used by millions of people every year for throat and chest colds with excellent results.

To avoid disappointment, ask your druggist for "2 1/2 ounces of Pinex" with full directions and don't accept anything else. A guarantee of absolute satisfaction or money promptly refunded goes with this preparation. The Pinex Co., Toronto, Ont.

For Women's Ailments

GOT WET FEET TOOK AWFUL COLD COULD NOT SLEEP FOR COUGH.

A bad cold accompanied by a distressing cough that keeps you awake at night is most aggravating, and unless it is attended to at once may develop into something very serious.

Dr. Wood's Norway Pine Syrup is the remedy you should take. It seals the mucous surfaces, relieves oppression and tightness of the chest, removes the accumulation of phlegm, quiets the most obstinate and distressing coughs, and secures rest and sleep at night, not only to the sufferer, but to others whose rest would be otherwise broken.

Mrs. Ezekiel Acker, Lake Pleasant, N.S., writes: "I got wet feet and took an awful cold; could not sleep at night, and would do nothing but cough. My husband got me a bottle of medicine, but it was not worth bringing home. I was going to call the doctor in when a friend asked me to try Dr. Wood's Norway Pine Syrup. I told her I had little faith in it, but she urged me to get a bottle. I did, and I must say that of all the medicine I ever took, it is the best, and relieved me the quickest of anything I ever saw."

"Dr. Wood's" is put up in a yellow wrapper; three pine trees the trade mark; price 25¢ and 50¢; manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

Skin on Fire With Eczema
The Most Torturing of Skin Diseases—Few Doctors Have Satisfactory Treatment to Offer, But This Ointment Cures.

St. Thomas, Ont., Jan. 12.—Eczema's itch is torture, the skin seems on fire with the burning, itching, and stinging; at times it becomes almost unbearable, and in desperation you could tear the skin to pieces. You dare not exercise for fear of aggravating the itching, neither can you sleep, for no sooner does the body become warm than the trouble begins, and instead of restful, refreshing sleep, it is scratch, scratch all night long. There is scarcely a moment's respite from this maddening malady at any time. Of course you have tried nearly all the washes, salves, lotions and medicated soaps, but like thousands of others, have been disappointed and disgusted.

Mrs. Alex. Perry, 18 Ross St., St. Thomas, Ont., writes: "I cannot recommend Dr. Chase's Ointment too highly, as it cured me of a very bad case of eczema. For six years I was ashamed to go near my door when anybody called, my face was so affected with this terrible disease. I consulted several doctors, but they could not help me at all. When I heard of Dr. Chase's Ointment being good for eczema, I tried it, and before I had used two boxes I could see it was helping me. Now, since my face is entirely healed, they want to know how I was cured, and I certainly recommend Dr. Chase's Ointment. I cannot speak too strongly in its favor, as I paid out many dollars for doctors' medicines, but did not get any relief until I used Dr. Chase's Ointment."

You may be skeptical regarding the ability of Dr. Chase's Ointment to cure you. Most people are, after trying in vain to get relief from a host of remedies, but Dr. Chase's Ointment will not disappoint you. You will be surprised at the marvelous control which it has over all itching, burning inflammation of the skin, and the wonderful healing powers which it possesses. It takes time to thoroughly cure eczema, but Dr. Chase's Ointment will do it. You will find relief after a few applications, and gradually and naturally the cure will follow. Besides being a positive cure for eczema, Dr. Chase's Ointment comes useful in a hundred ways in every home for every form of skin irritation and eruption, chapped hands and chilblains.

Dr. Chase's Ointment, 50 cents a box, at all dealers, or Edmondson, Bates & Co., Limited, Toronto. Do not be talked into accepting a substitute. Imitations only disappoint.

Gabardine Skirt in Four-Piece Design.

To make this model, join the goreds as notched and leave left side seam free above the lower large "O" perforation in front gore and finish the edges above for a placket. Form box-plait in front and back goreds, creasing on lines of slit perforations, bring folded edges to corresponding lines of small "o" perforations and press plait; stitch plait along the folded edges from upper edge of skirt to any desired depth. Gather upper edge of side gore between "T" perforations.

Next, take up the darts in the stay, bringing the corresponding small "o" perforations at lower edge together and stitch, graduating seams into nothing at single small

A four-piece skirt in gabardine with plaited front and back and gathered sides. The pockets may be omitted, if desired.

A skirt that has met with unusual success is this four-piece design in plaited effect. The side goreds are gathered at the top, while the front and back are plaited. The adjustment is to the left of center-front under a plait. If desired, the pockets may be omitted. In medium size the design requires 4 1/4 yards 44-inch material. If made without the pockets, 3 1/2 yards will be sufficient.

Skirts that are not plaited all the way around the waist are much less difficult of maintenance than those plaited only at the back and front.

BAKER'S COCOA HAS GREAT FOOD VALUE

THE food value of cocoa has been proven by centuries of use, and dietitians and physicians the world over are enthusiastic in their endorsements of it. It is said to contain more nourishment than beef, in a more readily assimilated form. The choice, however, should be a high-grade cocoa—"Baker's" of course.
