VERY PROGRESSIVE WORK

CARRIED ON DURING PAST YEAR BY BOARD OF HEALTH

Still Many Unsanitary Houses in the City—Need for Enlightened Methods for Sewage Disposal—The Mayor's Remarks.

The annual report of Dr. A. R. H. Williamson, Medical Health Officer, presented at the meeting of the Board of Health on Friday afternoon was an enlightening document, and laid stress on the progressive work accomplished during the past year.

Special mention was made of the milk supply and the health officer expressed the opinion that at the present time the supply was just adequate to meet the demands.

Miss MacCallum was also praised for her efforts in inspecting the school children, a work which has prevented the outbreak of disease among the pupils.

There are still many unsanitary houses within the city limits, but owing to the scarcity of suitable accommodation and restricted labor and supply market, this defect cannot be remedied until the war is over.

During the year a number of sewer extensions were made, and the number of houses without sanitary fixtures has been reduced almost to the vanishing point.

The Doctor Did Not Do Her Lasting Good

SO MRS. JOS. ROGER USED DODD'S KIDNEY PILLS.

Popular New Brunswick Teacher Tells What Splendid Results She Got From Dodd's Kidney Pills. Elm Tree, Gloucester Co., N.B., Jan. 25.—(Special)—"When the doctor I consulted failed to do me any lasting good I decided that my kidneys were the root of my troubles and made up my mind to try Dodd's Kidney Pills.

"You may judge of the results when I tell you that I have not lost a day's work as teacher during the past year."

That is the statement of Mrs. Jos. Roger, the well-known and popular teacher here. Just how ill she was before using Dodd's Kidney Pills is best told in her own words.

"My trouble came from a strain," she says, "and I suffered for thirteen months.

"Backache, heart flutterings, sciatica, neuralgia, nervousness, dizziness, and falling memory were among my symptoms.

"I took 12 boxes of Dodd's Kidney Pills in all, and I can say for them that they have done me all that was claimed for them."

If you have any of the symptoms that troubled Mrs. Roger, ask your neighbors if Dodd's Pills are not the remedy you are looking for.

danger of typhoid and intestinal diseases was to be reduced to the minimum, and a communication was read from the Provincial Department of Health advocating the installation of a filtration plant.

After authorization for several accounts to be paid, including one hundred dollars for a new laboratory for some supplies had been made, Mayor Hughes, who presided, took the opportunity to express himself as greatly pleased with the very healthful condition of the city, and to welcome H. Sharpe as a new member of the board.

Dr. W. W. Sande could also be heard to remark, sotto voce, "The city is very fortunate, but is ridiculously healthy from the doctor's point of view."

The Bajas Brewery and Andrew McLean were granted permission to "cut in" in the lower harbor and store it under the supervision of the sanitary inspector.

Those present were Mayor Hughes, Dr. A. R. H. Williamson, Dr. W. W. Sande, Dr. L. E. Crowley, Nicholas Timmerman, H. Sharpe and E. C. Cain.

"BATTALION OF DEATH" ORGANIZERS ARRESTED

One of the Murderers of Kerensky Men Also Under Arrest.

Petrograd, Jan. 26.—Twenty organizers of a plot against the Bolsheviks accused of inspiring the famous "Battalion of Death" to pledge allegiance to the Mensheviks have been arrested.

The entire unit, it was stated, was held in custody at its barracks, and bombs, arms and compromising documents were later found. The Battalion of Death, according to this evidence, was prepared forcibly to back up the Social Revolutionaries of the Right.

One of the murderers of former Kerensky Minister Singaroff and Kokoshkin has been arrested. The Bolshevik authorities declared the identity of all the assassins was known and other arrests might be expected shortly.

FOURTEEN SPIES EXECUTED.

Two of Them Said to Have Been From Detroit.

New York, Jan. 26.—G. S. Thompson, chairman of the press committee of the American Defence Society, in an informal discussion at a luncheon given by the organization here, declared the society had been informed that the United States had executed fourteen spies since the beginning of the war with Germany.

"We are informed," Mr. Thompson said, "that up to date fourteen spies have been shot by direction of the military authorities of the United States since the beginning of the war. At least two of the spies were from Detroit. We believe that this is the sort of information that the public should know."

The marriage of Miss Agnes Lawrence to Kenneth Roy Finley, both of Tweed, was solemnized at Toronto on Jan. 13th.

Skin on Fire With Eczema

The Most Torturing of Skin Diseases—Few Doctors Have Satisfactory Treatment to Offer, But This Ointment Cures.

St. Thomas, Ont., Jan. 26.—Eczema's itch is torture, the skin seems on fire with the burning, stinging humors; at times it becomes almost unbearable, and in desperation you could tear the skin to pieces. You dare not exercise for fear of aggravating the itching; neither can you sleep, for no sooner does the body become warm than the trouble begins, and instead of restful, refreshing sleep, it is scratch, scratch all night long.

There is scarcely a moment's respite from this maddening malady at any time. Of course you have tried nearly all the washes, salves, lotions and medicated soaps, but, like thousands of others, have been disappointed and disgraced.

Mrs. Alex. Perry, 18 Ross St., St. Thomas, Ont., writes: "I cannot recommend Dr. Chase's Ointment too highly, as it cured me of a very bad case of eczema. For six years I was ashamed to go outside my door when anybody called, my face was so affected with this terrible disease. I consulted several doctors, but they could not help me at all. When I heard of Dr. Chase's Ointment being good for eczema, I tried it, and before I had used two boxes I could see it was helping me. Now, since my face is entirely healed, they want to know how I was cured, and I certainly recommend Dr. Chase's Ointment. I cannot speak too strongly in its favor, as I paid out many dollars for doctors' medicines, but did not get any relief until I used Dr. Chase's Ointment."

You may be skeptical regarding the ability of Dr. Chase's Ointment to cure you. Most people are, after trying in vain to get relief from a host of remedies, but Dr. Chase's Ointment will not disappoint you. You will be surprised at the marvellous control which it has over all itching, burning inflammation of the skin, and the wonderful healing power which it possesses. It takes time to thoroughly cure eczema, but Dr. Chase's Ointment will do it. You will find relief after a few applications, and gradually and naturally the cure will follow. Besides being a positive cure for eczema, Dr. Chase's Ointment comes useful in a hundred ways in every home for every form of skin irritation and eruption, chapped hands and chilblains.

Dr. Chase's Ointment, 60 cents a box, at all dealers; or Edgeson, Bates & Co., Limited, Toronto. Do not be talked into accepting a substitute. Imitations only disappoint.
