A BONSPIEL NEXT MONDAY

LOCAL CURLERS TO SPEND HEATLESS DAY AT RINK.

Travellers to Toronto Spent Ten Hours on the Road Here—Six Rinks Going West on Monday.

That the fuel-saving regulations do not effect the curling games, is the reason why A. B. Cunningham, president of the local club, has decided to have a "free-for-all" bonspiel on Monday morning and afternoon. The games will start at 10 a.m. and should attract a large number of rinks.

According to the latest "dope," Napanee has won the western series championship of the C.O.C. League games and will probably carry off the honors. In the senior fixtures the western series will be decided probably on Saturday, if the local curlers take the trip at that time. The rinks will line up as in the previous game, with Prof. J. F. McDonald and T. M. Ascheline as the senior skips, and Prof. Matheson and A. Turcotte as the junior skips.

The curlers who were "down nine on the ice and five on paper" before Detroit in the Toronto games, this week, left Toronto at 2 p.m. for the "free-for-all" bonspiel on Monday morning and afternoon. At Port Hope they decided to get off and wait for the International Limited, and by doing so did not reach here until midnight.

On Monday, six of the local rinks will journey to Toronto. Two rinks skipped by J. M. Elliott and N. F. MacFarlane, will play off against seven other district cup winners for the championship of Ontario. Two rinks, skipped by Miss A. L. Burch and Miss L. Tandy, will compete in the Ladies' Tankard and the provincial championship. Two rinks, the skips of which may possibly be P. D. Lyman and T. R. Carnovsky, will play in friendly games for the "Russell" loving cup.

FEAT NEAR BROCKVILLE.

Town Council Asking Government to Develop Project. Brockville, Feb. 7.—There are extensive peat fields adjacent to Brockville, which, if developed, would supply a want in the fuel shortage. Local interests have expended much in drainage and experimenting with drying processes without any material results.

IN MEMORIAM

In loving memory of Mrs. Ervin Caird, who died Nov. 11th, 1917:

A wife and mother is called away From sorrow, grief and pain; No more shall know the cares of life Nor suffer death again.

The little children that she left A mother's love won't know; But may the Father's love protect And guide them here below.

The grown up children how they'll miss Her from the home and place; No more they'll hear her loving voice Nor see her smiling face.

For she has gone away from earth We hope to realms of love; Where husband, children, friends and all May meet with Christ above.

Where there will be no parting, And no sin can enter there; And no tears will dim the eyes, In that home so bright and fair.

Mother, sisters, children weep not Though you cannot see her now; For we hope that Jesus placed a crown Upon her loving brow.

Yes, dear school-mate you were patient, With the cross you had to bear; But now the life of care is ended, May you Heaven's blessing share.

Sleep on thou gentle spirit, For rest to thee is given; For all the joys of earth are naught Compared to those of Heaven.

THE YEAR'S OPERATIONS

The inherent strength and solidity of the Company has again been demonstrated by the results of its operations during the past year. For, notwithstanding the burden imposed by the war, the surplus fund has increased to \$4,763,399.68.

EXPANSION OF BUSINESS

One outstanding feature of the year was the large increase in new business. The total new assurances placed on the books was \$20,124,563, an amount which is over 30 per cent. greater than for the preceding year.

STABILITY OF THE BUSINESS

Another very favorable feature is disclosed by the unusually low rate of termination of assurances through lapsation and surrender. Both of these items show a decrease, thus excelling the fine record of 1916 in this respect.

INVESTMENTS

The major portion of the surplus income was invested in Dominion Government War Bonds. Policyholders will approve our course in assisting the Government, as we have done, to the utmost of our ability in financing the war, to win which is of paramount importance.

DIVIDENDS TO POLICYHOLDERS

Summing up the results of the year's operations, it is gratifying to announce that the surplus earnings were such as to make it possible for the Company to continue to pay to policyholders the same liberal scale of dividends as heretofore.

GROWTH IN TEN-YEAR PERIODS				
Year.	Income.	Assets.	Paid to Policyholders.	Business in Force.

THE BADLY WOUNDED WILL BE RETURNED

But Soldiers Unfit For the Trenches Must Do Other Duty.

Ottawa, Feb. 7.—Dealing with the policy of the militia authorities in regard to requests received by the department for leave or discharge to Canada of wounded Canadian soldiers a memorandum issued here states that "all Canadian soldiers, if sick or wounded, are given the very best possible medical attention. If, unfortunately, any men are so seriously wounded as to require prolonged periods of convalescence, they will, if recommended by the medical authorities as fit to travel, be returned to Canada as soon as transport arrangements can be made.

Many enquiries are received asking that soldiers be returned to Canada during convalescence. Nothing is to be gained by submitting these requests to the overseas authorities, as by the time the request has been received and investigated overseas, the soldier has either been recommended for return to Canada, or has sufficiently recovered to return to return to his reserve battalion in England. The soldier, therefore, should take his own case up through the medical office.

Men unfit for service in the field, says the memorandum, must be used for necessary work in England and France. If they are found not fit for useful, or there is no suitable work available, they are sent back to Canada. Any request for the discharge of a soldier on the ground that he is under age, should be accompanied by a certified copy of the boy's birth certificate, or a statutory declaration of the certificate.

The Board of Control will fight increases of salaries to school teachers now in receipt of \$1,800 or over. The United States Government has decided to continue heatless Mondays.
