### The Theatres

**"Oh Doctor"** at Grand. "Oh Doctor," the Woodhall Amusement Company's newest offering, with all its trademark implies of excellence in musical comedy, is the attraction at the Grand Opera House to-night. It has brilliant, tuneful songs that you will hum and whistle for weeks; a plot that is consistent and filled to the brim with comedy; principals that can sing, dance and act and a chorus of beautiful girls who wear "ahead of the fashion" gowns of such startling design and color creation that the ladies are forced to "sit up and take notice." Hal Johnson the famous impersonator, is the featured member of the cast. Don't overlook "Oh Doctor," for if you fail to see to-night you will miss one of the liveliest fun and girl shows of the season.

**"Pretty Papa."** "Pretty Papa," the musical comedy de luxe, is a melodic mélange of all that is cheerfully inviting, alluringly attractive, fully fascinating and altogether "it." There is not a single moment of the performance which is not fraught with interest and full of "pep." The story is a most ingenious one, highly amusing and absolutely consistent. The big ensembles of male and female choristers are made up of all that is many and beautiful, refreshingly healthful and amply competent. The most critical of theatre-goers will find the production delightful and catchy. The big cast is headed by Norman Hanley, a most original and unnotorious comedian. The big show will appear at the Grand Opera House next Monday evening, with a special matinee at 2.30 in the afternoon.

**At Griffins** This evening will be the last opportunity patrons will have to see the brilliantly beautiful and gifted star Elsie Ferguson, in "Rose of the World." This superbly enacted drama has delighted large audiences at the above popular playhouse during the past two days and is without doubt the event of the season in the world of motion pictures. Miss Ferguson has won most of her laurels in heavy roles and as "Rosemond" the heroine of the film story, she has a part well suited to her talents. Another undeniably attractive portion of our programme is "A Rich Man's Plaything," with the queen of fashion, Yvonne Stratt, in the leading role. These two pictures are ones which no person should miss seeing, as their equal would be difficult to find anywhere in Canada.

**At the Strand.** For Tuesday and Wednesday of next week at the Strand, Constance Talmadge will be seen in a splendid version of Cosmo Hamilton's great novel "Scandal." Miss Talmadge plays the part of a headstrong, self-willed girl who jeopardizes her reputation and the happiness of her family for a whim. It's a story of smart people, wealth and social position. Comedy and topical reels will also be exhibited.

### SAY DAIRYMEN ARE NOT RAISING PRICE

It is Not Their Fault if Cheese is Hoarded They Claim.

Ottawa, Feb. 23.—A surplus of cheese in the hands of speculators should not exist, according to A. E. McGruder, Brinston, of the Eastern Ontario Dairymen's Association. In commenting on the report of the Cost of Living Commissioner, W. F. O'Connor, who found that there was an excess amount of cheese in Canada, Mr. McGruder stated that conditions were beyond the control of farmers.

"It is reported in the evening papers that Mr. O'Connor has found a large surplus of cheese in the hands of speculators," stated Mr. McGruder. "This order of things should not exist. The article goes on to say that we are holding up the people. If our cheese is costing the people 35 cents a pound, it is not the fault of the dairymen. We get 21 3/4 cents f.o.b. Montreal. The article, as I read it, seems to have a tendency towards the belief that we are holding up the public, and I don't agree with it." T. J. Thompson, Spring Brook, secretary of the Eastern Ontario Dairymen's Association, offered the opinion that the surplus cheese in Canada had been bought and paid for by the British Government, and the fact that it was not moved was due to the scarcity of bottoms.

A Lanark military voter in the recent election wrote in the name of Hon. Col. Matheson, who has been dead of five years and was formerly Provincial Treasurer of Ontario, representing Lanark.

EMMONS—At Kingston, on Feb. 19th, 1918, the infant son of Mr. and Mrs. Emmons, 236 Ontario street, aged two months.

### IN MEMORIAM.

In loving memory of Jessie E. Wirtzer, wife of J. D. Shibly, who departed this life Feb. 22nd, 1918, trained nurse of the K.G.H.

Two years have passed, our hearts still sore; As time goes on we miss her more. One of the dearest, one of the best. We miss her most who loved her best. Ofttimes we sit and think of her. When we are all alone. For memory is the only thing that grief can call her own. Some day, we hope to meet her; Some day, we know not when. We shall clasp her hand in a better land. And never part again.

### CITIZENS ARE HELPING

IN AN ENDEAVOR TO BE SAVING ON COAL SUPPLY.

Monday Will Be Observed As a "Heatless Day" in the City—Shorter ours for the Cigar and Tobacco Shops.

There was quite a heavy rush on the fuel controller on Saturday morning, but only those who are absolutely in need of fuel can be given any as the supply is so low.

Judging by the comment on the streets, the advertisement in the Whig on Friday night, calling upon the citizens to use extra precautions in saving coal, caused some stir, but citizens generally understand that the situation is quite serious and are doing their utmost to cut down in their fuel.

"I try to do the very best I can," said one citizen on Saturday. But when you have two or three people laid up at one time owing to illness, it is a rather hard proposition to save coal.

Monday is to be observed as a "heatless" day by all the stores which were closed a week ago, as the situation calls for further conservation.

The fuel controller has been notified by the proprietors of cigar and tobacco stores, that they will be closed all day Monday and that commencing on Tuesday they will be open from 10 a.m. till 10 p.m.

Much depends on the weather as regards coal being brought into Kingston. The Weather Man handed out a most encouraging report on Saturday when he reported "fair and milder."

The Frontenac Law Association members have decided to close their offices on Saturday at 1 p.m., and keep them closed until the following Tuesday morning for the balance of the winter, in order to save fuel.
