PROMISED THEIR SUPPORT INCIDENTS OF THE DAY

RETAIL MERCHANTS TO HELP
IN INCREASED PRODUCTION.

Initial Steps Taken for Novel Cam-
paign at Meeting in Board of
Trade Rooms Monday Night—
Merchants Also Supported Day-
light Saving.

The members of the Kingston Re-
tail Merchants' Association are en-
thusiastic for greater production.
This was manifested at a very large-
ly-attended meeting held on Monday
night in the Board of Trade rooms,
which was presided over by the pre-
sident, R. J. Rodger, who was asked
by the Canada Food Board to lead a
campaign in this city to help on the
all-important question of increased
food production.

The question was discussed and
the initial steps taken for a cam-
paign. Further arrangements will
be made at another meeting to be
held on Monday evening next.

The president, in opening, gave an
explanation to the members for the
calling of the meeting. Mr. Rodger
said that the Canada Food Board
were desirous of the active co-opera-
tion of the retail merchants in every
town and city in Canada to spread
the gospel of greater food produc-
tion and the education of the people
in conservation, foodstuffs, elimina-
tion of waste and stimulation of home
garden production, by window dis-
plays, educative phrases in their ad-
vertising, placing pamphlets in par-
cels, etc.

Mr. Rodger stated that every man,
woman and child who failed to give
his or her time freely and without
 stint to the carrying on of this im-
portant work lacked the true spirit
of patriotism or displayed ignorance
of the most deplorable kind.

After electing chairmen of com-
mittees the meeting was thrown open
in order that the subject in hand
might be fully discussed.

The following speakers, W. Ander-
son, of Anderson Bros.; Frank Hoag,
D. G. Laidlaw, W. Y. Mills, William
Cook, of the Dominion Textile Com-
pany; A. F. Roney and others most
enthusiastically supported and en-
dorsed the remarks of the president
and promised their support and ac-
tive co-operation, in preaching the
gospel of "more food" for the boys
at the front.

Another feature of the meeting
was a memorial to the Government
on the Daylight Saving Bill, its hearty
support and endorsement and the
belief that Canada would lag far be-
hind in the procession of other na-
tions unless she immediately adopted
this important measure.

Over twenty-five members
joined the Retail Merchants' Associa-
tion of Kingston, which promises to
be a powerful organization.

Those merchants who were un-
able to be present at this meeting
are invited to be present at another
meeting called for next Monday
night, March 11th, in the Board of
Trade rooms, at eight o'clock, when
an opportunity will be given to join
the association and to further dis-
cuss questions of the greatest im-
portance to the merchants as a whole
and of interest to the city of King-
ston and the nation at large.

THE HOSPITAL WANTS MORE FOR TREATMENT OF CHILDREN—TO ASK GOVERNMENT.

The Kingston General Hospital Looks
Forward to a Successful Year—
Large Graduating Class of Nurses.

The General Hospital Board of
Governors met on Monday afternoon.
The management committee men-
tioned that February had been a very
busy month in all parts of the hos-
pital, wards and private rooms being
fully occupied during the whole per-
iod.

Six of this year's graduating class
of nurses have already completed
their training but will not receive
their examinations until the remain-
der of the class is ready in April.
The usual graduating exercises will
be held early in May when about
twenty-five nurses will get their
diplomas. This will be the largest
graduating class the hospital has
ever sent out.

It was decided to join a large de-
putation from most of the hospitals in
Ontario to wait on the Government
for an increased grant per day for
children admitted to the hospital. At
the present rate this is only seven
cents and the general feeling is that
it should be at least twenty cents.
The report contained the follow-
ing clause: "The management are
looking hopefully forward and be-
lieve that notwithstanding the diffi-
culties in financing that we will have
a very successful year in the King-
ston General Hospital as there is
every evidence of the increased popu-
larity of the institution and that its
capacity will be fully taxed."

The financial report was as satis-
factory as could be expected under
the existing financial conditions.

A resolution of sympathy was
passed to the relatives of the late Robert
Hendry who was a governor of the
hospital.

Members present were: R. E.
Kent (chairman), F. G. Lockett
(vice-chairman), Mary Hughes, Rev.
D. Laine, A. F. Chown and R. N. P.
McFarlane.
