This bill provides for the election of six members of the City Council for a three-year term, six of two years, and six for one year, and mayor to be elected by the Council instead of directly by vote of the people. ## The Theatres

### At Griffin's.

A programme of exceptional merit has been secured by the management of the above popular play house to be presented to-day and to-morrow. The headliner is the gifted and beautiful Pauline Frederick, in her latest and most beautiful play, "Mrs. Dane's Defence." This is a gripping and compelling story depicting the struggle of a lone woman for happiness, with better odds against her. In this exacting emotional role, needless to say, Miss Frederick plays with her usual artistic ability, and makes this picture the greatest of her brilliant career. Harry B. Watthall, the peer of all male stars, and universally known for his portrayal of "The Little Colonel" in "The Birth of a Nation" is also appearing in "Saint's Adventure." These two features, along with the thirteenth episode of "The Fighting Trail," completes an unusually interesting programme.

### At The Strand.

From a would-be modern Cleopatra triding with fate and forever in pursuit of pleasure, to an unselfish and devoted woman wrapped up in her two small children—that is the character transition portrayed by the versatile Norma Talmadge in her screen impersonation of the heroine of "The Moth" her newest Selymck picture which will be seen to-night and Wednesday this week at the Strand. Abounding in emotional possibilities and dramatic incidents, the plot is calculated to give the charming star an opportunity to add one more artistic interpretation to her already amazing list of successes. Comedy and topical reels will also be shown.

Although she is better  
Up yonder than here.

And drinks perfect bliss  
At the fountain of love.

Oh may our dear child  
Be a link in the chain;  
It will bring us to heaven  
To meet her again.

### Familiar Quotations

Anything that dulls the sensibilities dulls the capacity for enjoyment. Therefore, if a man makes money by methods that are morally wrong, he blunts his sensibilities, and, by reducing his capacity for enjoyment, actually defeats his own purpose. How often you may find "successful" men who have lost that capacity for enjoyment! It is the law. God is not mocked. —ANONYMOUS.

### WOULD HANG 10,000 PENNSYLVANIA GERMANS

Food Controller Would String Spies to Telegraph Poles and Shoot Them.

Philadelphia, March 5.—"We will not be a strictly free people until 10,000 German propagandists in state have been hanged to telegraph poles and shot full of holes." This statement was made to-day by Howard Heinz, federal food administrator for Pennsylvania, at a luncheon of food officials.

Mr. Heinz has just returned from a state-wide speaking tour. He reports that the activities of the German agents have made serious inroads on food conservation.

"These German agents have been spreading stories that the Allies have been eating white bread and that there is a surplus of wheat in Argentina."

"Without present tonnage we cannot conveniently get the wheat from Argentina to our Allies because of the long haul. It will be next year before we can even catch up with the present sinkings of the U-boats."
