BOY DIES FROM FALL FROM A HAY LOFT

Frederick Bleecker of Flinton, Passes Away in the General Hospital.

A fall from a hay loft at his Flinton home was the cause of the death of Frederick Bleecker, aged fifteen years, in the General Hospital, on Wednesday morning.

About Feb. 1st, Frederick Bleecker was playing on the farm about six miles from Flinton, where he had always lived. He fell from a hay loft, according to a report received here, and sustained severe injuries to his back. He was brought to the Kingston General Hospital to receive medical treatment, but his back was so badly injured he passed away on Tuesday.

The little fellow was the son of the late Frederick Bleecker, of Flinton, and during his short life showed great promise and his tragic death is deeply regretted over the whole country side. The remains were sent to Flinton on Wednesday morning.

The Theatres

"Furs and Frills" Tonight. The best of musical comedy is promised at the Grand Opera House to-night when Richard Carle brings his engagement. No more interesting theatrical production has occurred this season, theatrically speaking, than the appearance of this famous comedian, who is sure to be welcomed by large audiences in this city where he is a great favorite. He will be seen in one of his most successful musical comedies, "Furs and Frills," written for him by Edward Clark and Silvio Hein. The piece will be adequately and properly staged and presented in a manner thoroughly up to the standard of the Richard Carle productions. A very capable company of fifty entertainers has been engaged by Mr. Carle with special regard to their individual fitness for the characters assigned them, and an artistic performance is sure to be the result. A special feature will be the large chorus of eight stage beauties. Seats are now on sale.

At Griffin's. An exceptionally good audience assembled at Griffin's last evening, and were well pleased with the excellent programme presented. Pauline Frederick in "Mrs. Davis' Defence" was the chief attraction, and kept the audience in suspense from beginning to end. This picture is one of delightful thrills, interwoven through a story of heart interest, in which Miss Frederick plays the leading role in her usual superbly artistic manner. To-night will be the last opportunity given to witness this production, and as Henry B. Walthall in "Saint's Adventure" and the thirteenth episode of "The Fighting Trail."

Tremendous Volcanic Eruption. Never in the entire history of serial pictures has any such tremendous scene ever been filmed as flashed on the screen in the first episode of "The Mystery Ship." The thrilling eruption of a volcano, the blowing up of a great wall and monster gates to a city; the latter single scene alone staged at a cost of \$35,000, is shown. You see all this and more than you've ever seen in any serial ever filmed in "The Mystery Ship." The Universal stupendous, featuring Ben Wilson and Neva Gerber, at the King Edward Theatre on Friday, when the last episode of "The Voice on the Wire" will be shown. Who owns the weird hand?
