

SHE DARKENED HER GRAY HAIR

Well Known Lady Tells How She Darkened Her Gray Hair By a Simple Home Made Remedy.

Mrs. E. H. Booth, a well known resident of Buchanan County, Ia., who darkened her gray hair by a simple home-made remedy made the following statement: "Any lady or gentleman can darken their gray or faded hair, and make it soft and glossy with this simple recipe, which they can mix at home. To half a pint of water add 1 ounce of bay rum, one small box of Orlex Compound and 1/4 ounce of glycerine. These ingredients can be purchased at any drug store at very little cost. Apply to the hair every other day until the gray hair is darkened sufficiently. It does not color the scalp; is not sticky or greasy and does not rub off. It will make a gray haired person look 10 to 20 years younger."

OPEN NOSTRILS! END A COLD OR CATARRH

How To Get Relief When Head and Nose are Stuffed Up.

County fifty! Your cold in head or catarrh disappears. Your clogged nostrils will open, the air passages of your head will clear and you can breathe freely. No more snuffling, hawking, mucous discharge, dryness or headache; no struggling for breath at night. Get a small bottle of Ely's Cream Balm from your druggist and apply a little of this fragrant antiseptic cream in your nostrils. It penetrates through every air passage of the head, soothing and healing the swollen or inflamed mucous membrane, giving you instant relief. Head colds and catarrh yield like magic. Don't stay stuffed up and miserable. Relief is sure.

Dandruff Surely Destroys The Hair

Girls—if you want plenty of thick, beautiful, glossy, silky hair, do by all means get rid of dandruff, for it will starve your hair and ruin it if you don't. It doesn't do much good to try to brush or wash it out. The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon. Apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips. By morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it. You will find, too, that all itching and digging of the scalp will stop, and your hair will look and feel a hundred times better. You can get liquid arvon at any drug store. It is inexpensive and four ounces is all you will need, no matter how much dandruff you have. This simple remedy never fails.

CHRISTMAS TREE FUND

WHICH WAS MADE POSSIBLY THROUGH WHIG'S EFFORTS.

The Accounts, Etc., Carefully Checked up and the Ladies' Administration Proved Very Acceptable—A Good Balance on Hand.

Mrs. Arthur Ellis, representing the Ladies' Committee which had in hand the administration of the Whig's Christmas Tree Fund for Soldiers' Kiddies, has handed to the management of this paper all receipts, vouchers, bank book, cheque book, etc., in connection with the disposing of this fund. They have been carefully checked over and found to be correct. Everything was in perfect order and they required very little time to do the work. There is a balance in the Bank of Toronto of \$411.51, with one outstanding cheque of 50 cents. The amount of work done by the ladies, as represented by the bills from the various merchants, must have been very great. One notable feature was the return to the committee of the sum of \$8, tendered to Samuel McCullagh, chief caretaker at the Armories, and his two helpers, for services rendered in connection with the Christmas Trees. In returning the money Mr. McCullagh wrote as follows: "Your cheque received this date, and, although we appreciate your kindness, we do not wish any remuneration for our services as we are only too pleased to do what we can to help you." Everyone connected with the fund, as well as those of the children benefited by it, will think more kindly of Mr. McCullagh and his associate than ever before. The disposition of the balance of the fund has not yet been decided on. It has been proposed to leave it in the bank as the nucleus for a similar fund next Christmas, for undoubtedly there will again be many soldiers' children who will need to be remembered. Another proposal is that the money should be turned over to the Red Cross. We are leaving it to the ladies' committee to consider and decide. They have done so splendidly in administering the fund, which reached the total of \$1,085.35, that we can safely trust them to make the best possible disposal of the balance.

Dr. Hunt Is Coming. Dr. Zell Hunt, the sensational scientific hypnotist is coming to the Strand beginning next Monday. Dr. Hunt will appear at the night performances only, except at the ladies matinee Wednesday and the special Saturday matinee. The doctor is in a class by himself and his exhibitions are declared to be the limit for laughter and thrills. There will be an entire change of programme each night.

Made Appointments. The Grand "Z" of the Grand Chapter of Royal Arch Masons has made these appointments: Grand Master 2nd Veil, C. W. March, Morrisburg; Grand Master 3rd Veil, Harry Cox, Renfrew; Grand Master 4th Veil, J. E. L. Goodwill, Peterboro; Grand Pursuivant, S. E. Gear, Ing. Pictou.

FROM DOMESDAY BOOK.

Letters Written About Kingston to Late Prof. Mowat.

The following letters of date 1841 from John Mowat to Prof. Mowat, then had the Domesday Book at Queen's University, and will be of interest especially to the older readers of the Whig:

Kingston, 24th July, 1841. The masons have got the cellar walls nearly on a level. If you stay away two weeks longer you will be better able to judge how the round corner suits the eye. (a) The college lots are to be sold to-day, about thirty acres, in two-acre lots. The upset price is to be £100 per acre. I may write you this evening again and tell you how they go off. Mr. Machar preached last Sabbath as usual. I saw him last night. He complains very much of the heat. The noise is to go on. McCleod & Logan were the lowest tender, and they have got the job, amt. £900, and something to finish the whole, including the outhouses, etc., of stone. Milo is painting the steeple. It looks much better. (b) Oliver has commenced labours again with Mr. Burns, who is come down. They are accepting the upper flat of Mr. Cartwright's office. Mrs. Machar and child are doing well. I have not time to read this scrawl, but you will guess at the rest. God bless you, my dear boy. Your father, — JOHN MOWAT.

(a) This refers to the building at south-east corner of Princess and Bagot streets, now in 1918 part of the Randolph Hotel. (b) This refers to St. Andrew's church and manse, corner of Princess and Clergy streets.

Kingston, 13th Dec., 1841.

My Dear John. Be pleased to say to Mr. Campbell (f) that I shall have all the information he wants with respect to houses and house rent out and dried for him when he comes up; that he must lay this account to remain at least a week with us. Oliver is about to enter into partnership with his late principal, Mr. Burns, who has dissolved partnership with Captain Strachan. I confess I had my doubts of the propriety of this connection of your brother's. My principal reason is that he is likely to have too much to do, but he promises to be very cautious on that point. Your skates cannot be found. Get a new pair of good one. Yours, etc. — JOHN MOWAT.

(f) Rev. P. C. Campbell, M.A., afterwards professor in Queen's University and principal of Aberdeen University.

WANTS KINGSTON TO GET BUSY

(Continued from Page 1.)

000,000 asked for by the Canadian Northern. The railway had been granted the money to finish the line, and the speaker felt that the reason this amount did not finish up the job was due to the fact that the war came on. "There is one thing we should be awake to," added the speaker in further dealing with the railway problem, "and that is that the time is coming when the people of Canada will cease to pay for that which they don't own."

The speaker believed the Union Government would find a solution for the railway problem. J. M. Campbell considered that the electrifying of the road would be a big proposition. The cost would be enormous, and it could not be done in a day. It would mean spreading the cost over a number of years. There was no doubt about the saving of coal. He felt the railway question would be solved by the new Government.

Capt. Scott thought it would be well to regulate the railway, we now have instead of going into expenditure for a line which would run parallel to one of the others. He favored public ownership.

WHO IS THE MAN?

Who is Seeking Aid and Says He Is Returned Soldier?

The Whig was informed by a citizen, on Wednesday, that on Saturday last a young man made the rounds of the various sections of the city, seeking aid from citizens, telling a story to the effect that he was a returned soldier, and was in need of money and clothing. He also stated that his mother had died recently. Citizens who met the man thought it strange that a returned soldier, who is usually so well cared for, should be going around in this manner, and they doubt the truth of his story.

LIVER TROUBLE and HEARTBURN CURED BY

MILBURN'S LAXA-LIVER PILLS.

When the liver is torpid and inflamed it cannot furnish bile to the bowels, causing them to become bound and costive. The symptoms are a feeling of fullness or weight in the right side, and shooting pains in the same region, pains between the shoulders, yellowness of the skin and eyes, floating specks before the eyes, coated tongue, bad taste in the morning, heartburn, water brash, etc. Milburn's Laxa-Liver Pills gently unlock the secretions, clear away all effete and waste matter from the system, and give tone and vitality to the whole intestinal tract, and are by far the safest and quickest remedy for all diseases or disorders of the liver. Mrs. A. Cummings, Manchester, Ont., writes: "I have used Milburn's Laxa-Liver Pills some time, and can faithfully recommend them to anyone suffering from heartburn and liver trouble. I tried a great many other remedies, but they only relieved me for a time. I believe Laxa-Liver Pills to be a valuable remedy for all sufferers from liver troubles. Milburn's Laxa-Liver Pills are 25c a vial at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont."

A. J. MURRAY PASSED AWAY

FORMER COLLECTOR FOR UTILITIES DIED WEDNESDAY.

Took Over the Management of the Store of His Brother-in-law, the Late A. Arthurs, Last December.

After only a month's illness, Alfred Joseph Murray, one of the best known of Kingstonians, passed away on Wednesday evening. The late Mr. Murray was for a number of years in the employ of the city, leaving his position only December to manage the estate of his brother-in-law, the late A. Arthurs. The late Mr. Murray was born in Aston, Birmingham, England, forty-five years and nine months ago. He came to Canada twelve years later, taking up his residence at Adolphus-town. He was there for seven years. In Kingston his first position was with the Street Railway Company, leaving which he became storekeeper at the electric light plant. Mr. Murray was appointed as collector for the Civic Utilities about a year ago, and carried on these duties successfully until he left the city's employment three months ago to assume the management of the Arthurs' store.

In church work the late Mr. Murray was very active. He attended St. Luke's church, and worked in its interests at all times. In fraternal circles he was an Oddfellow and a Mason. The funeral, which will be held from his late residence, 234 Alfred street, will be conducted by the Masons.

The survivors are a half brother, William Reilly, Montreal; his widow and three children, Alvin C., Dora M. and Maud, all in the city.

ONLY REMOTE CHANCE FOR OUTSIDE TEAMS

To Win at the Toronto Arena Says Referee George Van Horne.

The Toronto Mail-Empire says:—Dye lost control of himself and as Elmer turned his back on his opponent and started to skate away Dye deliberately hit him across the back with his stick and when Elmer turned upon him Dye got in the first blow. The pair staged a short flistic setto before they were parley. They were banished from the ice for five minutes by the referee. The referee undoubtedly should have banished Dye for the rest of the game, but was very lax in his ruling, as he was for the greater part of the evening. Referee George Van Horne, of Kingston, who refereed the junior O.H.A. game last night at the Arena, stated George is a great help to Toronto in a couple of years. George was a member of the Frontenac-Beechgroves, which won the junior O.H.A. championship from Listowel in 1904. Fred ("Cyclone") Taylor played for Listowel. George was also a member of the 14th Regiment of Kingston that won the senior O.H.A. championship in 1908 from Stratford.

HAD RECORD YEAR.

The Sun Life Assurance Company of Canada.

A year of remarkable progress has been achieved by the Sun Life of Canada during 1917 as is shown by the published statement which appears elsewhere in this issue. The big Montreal company again maintained its position as the largest of our Canadian life companies. Its assurances in force now total \$311,809,090, policies issued and paid for during the year amounting to over \$47,909,000, the largest amount ever issued by a Canadian Company. Assets increased by over \$7,000,000 during the year to \$90,160,174, the largest resources held by any Canadian assurance organization. Net surplus over all liabilities and capital now exceeds the handsome sum of \$8,850,000. Sun Life of Canada policy-holders received last year total payments of \$8,840,245, bringing the total sum paid policy-holders since the organization of the company to over \$69,000,000. Cash income for the year reached the fine total of \$19,288,397. The showing of Canada's largest assurance company during the year just passed affords grounds for just pride on the part of the Canadian people and for gratification to Sun Life of Canada policy-holders. It is interesting to record that the Company has now occupied its fine new Head Office building on Dominion Square, Montreal, where adequate room will be afforded for the continued efficient administration of its rapidly expanding business.

Still Another Winter.

Another winter set in around Kingston on Wednesday night. Citizens had an idea that the backbone of the winter had been broken, so there was no welcome on the mat for the change. Late Wednesday night snow commenced to fall, and with the wind that prevailed the drifts were quite deep in some places, although the snowfall on the level was not very heavy.

KINGSTON EVENTS 25 YEARS AGO

Frontenac pays the lowest average salaries to male school teachers in the Province. The average is \$288. The strange spectacle was seen this week in Kingston harbor, of men walking on the ice, without breaking through, while the steamer was able to make regular trips. Ice boats were out in large numbers on the harbor to-day and there were some lively races pulled off.

Is safe, pleasant and harmless to use and gives almost instant relief. It neutralizes stomach acidity and sweetens the food contents so that digestion is easy and painless. Sold by druggists, everywhere.

SORE OVER POSTPONEMENT

Of Junior Game, Which Gave Toronto the Advantage. The Toronto News says: The Kingston Club may have been very sportsmanlike in sending a telegram to the O.H.A. declaring they did not want to play De la Salle last week, when the Irish players were on the sick list, but most of the executive who were present last night did not hesitate to express their views of the O.H.A., and were very sore over the postponement. How this Kingston team, taking their performance last night as a criterion of their ability, managed to win from De la Salle in the first game is a mystery. The youthful Irishmen must have been sadly off-color or the Frontenacs played above their real form when they met in the initial engagement. With one or two exceptions De la Salle out-classed the visitors individually and collectively and on the play should have won by a much larger margin. George Van Horne is not quite as nifty on his skates as in former years, but he was fair and impartial all the way, and made a good job of a difficult game. Elmer and Gratton are nifty stick-handlers, while McKelvey is big and strong on the defence. They played De la Salle off their feet in the first ten minutes of the second period.

The death took place at Parry Sound on March 1st, of John Purvis. He was an ex-Mayor. He was the son of the late William Purvis and was born sixty-two years ago, west of Llyn. He had lived in Parry Sound for forty years.

OLD-TIME REMEDY MAKES PURE BLOOD

Purify your blood by taking Hood's Sarsaparilla. This medicine has been and still is the people's medicine because of its reliable character and its wonderful success in the treatment of the common diseases and ailments—scrofula, catarrh, rheumatism, dyspepsia, loss of appetite, that tired feeling, general debility. Hood's Sarsaparilla has been tested forty years. Get it today.
