An Adorable Crocheted Tam for Sports Wear.

By KATHRYN MUTTERER.

Everyone is wearing a crocheted or knitted hat and the most popular shape is the tam. There are plenty of models from which to choose, yet one could search all day and not find anything more adorable than the de-

forms the only trimming. Colors and the more optimistic shades of blue are exceedingly fashionable for sports hats and tams, and there are also some pretty browns and yellows. One has to be careful, however, in selecting brown tones because some of the medium and warm shades do frightful things to graying hair and have a cruel way of snuffing the light and color out of many tints of the hair. The very dark brown that is almost black is a great favorite. With the neutral gray browns on the tams and beige shades the case is different. Here the hair is spared at the expense of the complexion. If one's skin will stand the neutral brown tone well and good; but a dark hair makes a neutral hat more becoming to any woman.

Blues are not nearly so trying, especially the shades that are now in vogue. There are also excellent grays and wonderful soft tans ranging from the very deep to the palest cream tints.

Tams are of many forms, but there is nothing more appealing than the model with one side drooping over the face. It is suitable for skating, tramping and all outdoor sports. Four balls of elderwool are required to make the tam and crochet hook No. 13.

The pom-pom is crocheted in the same stitch as the tam and makes an effective decoration.
