Face Nothing But Running Sores FROM ECZEMA

No rest day or night for those afflicted with that terrible skin disease, eczema, or, as it is often called, salt rheum. With its unbearable burning, itching, torturing day and night, relief is gladly welcomed. There is no remedy like Burdock Blood Bitters for giving relief to such sufferers; no other remedy has done, or can do so much for those who are almost driven to distraction with the terrible torture. Apply it externally and it takes out the stinging, itching and burning, and promotes a healthy healing. Take it internally and it gets at the source of the disease in the blood, and completely and permanently drives it out of the system. Miss Mary V. Chambers, Annapolis Ridge, N.B., writes, "I used Burdock Blood Bitters for eczema. I had it when an infant, but it left me. Two years ago it came back. I used doctors' medicine, but it did good only while I used it. At last my face was nothing but a running sore. I saw in the paper what B.B.B. did for people. I took it, and today I am free from that terrible disease. Manufactured only by The T. Mitchell Co., Limited, Toronto, Ont.

GANANOQUE

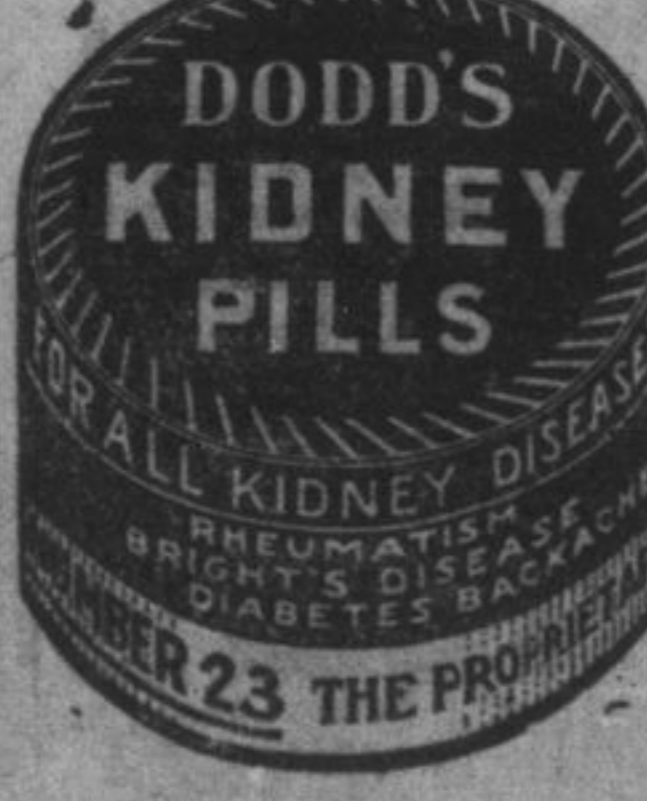

(From Our Own Correspondent) March 20.—Under the auspices of the Little Lights Mission Band of Grace church, George D. Pound, of the Snag Harbor Sailors' Mission, Kingston, conducted a very interesting feature of their entertainment in the lecture hall of Grace church at 8 p.m., giving a fine address, illustrated with about ninety slides portraying various phases of missionary activity. Lieut. H. Ford Berry, B.Sc., graduate of Queen's University, Kingston, who went overseas in 1905 with a British Columbia regiment, transferred into an engineering corps on his arrival in England, with which he saw service at the front and was wounded. On recovering from his injuries in an English hospital, he qualified for a commission, and as a lieutenant saw service with the 4th Battalion. He has been in hospital in England for the past three months, and was recently granted a three months' Canadian leave. He arrived in town yesterday afternoon, and quite a number of townspeople welcomed him home. Lieut. Berry is the only son of Mrs. Thomas G. Berry, Charles street, and brother of the Misses Gladys and Vera Berry, of the staff of the local public school.

Word was received here last evening of the safe arrival in Kingston yesterday of the following Gananoqueans who have been doing their bit for King and country overseas: Sgt. Fred Meggs, Pese, Mosses Bishop, William Jeffery, Hugh Dempster, Arthur Dyer and Martin Naylor. A public welcome will probably be tendered to them this evening. Pte. William Chidley, who went overseas with the 1st Battalion of the 1st Brigade in 1914, and who was invalided home last year, since which time he has been in a convalescent home in Kingston, is spending a short leave of absence in town with friends. Sgt. Stewart Lasher, of "A" Company, 50th Battalion, that wintered here 1915-16, and whose home is in Campbellford, has been reported as wounded in action. He was also among last year's casualties. The name of Pte. Vernon Chadwick, recently reported as having been awarded the military medal, has been officially gazetted. A. E. Meggs, Osborne street, and his two sons, W. E. Meggs, King street, and Stanley Meggs, King street, spent yesterday in Kingston to meet the former's son, Sgt. Fred Meggs, who was reported as arriving in Halifax on Saturday last. A. E. Meggs also has a daughter, nursing sister, Miss Nina Meggs, doing service in the motherland. Roub. Meggs, of Steacy's dry goods store, is an uncle of Sgt. Meggs.

CHILD SUFFOCATED; MOTHER IS CHARGED Miss Marian McKay Accused of Murder—Babe Was 13 Months Old. Perth, March 20.—At the inquest instituted by Coroner Dwyre into the death of Marian Ara-Jella McKay, thirteen months' old child of Miss Marian McKay, unmarried and residing at 22 B. Smith, a maid, the jury brought in the verdict of death by suffocation, by some means unknown to us. The mother of the child gave birth to it thirteen months ago, while engaged in a hotel in Perth. Since then she has cared for it. Her employers have noticed of late that the child, however, was not receiving the care that a mother would ordinarily give her child, and at the inquest Elizabeth Cuddihy, a maid in the same household where the child's mother had been engaged, stated that the mother had on one occasion struck the child on the head with a heavy silver fork, and on other occasions was heard to say that she hated it. The first knowledge of the child's death was given by its mother when, shortly after five o'clock Wednesday morning last, she came to the sleeping room of her employer and said that she had lain on her child while sleeping and it had been suffocated. Evidence was given by a drug store clerk that the child's mother had endeavored to purchase Iodatum from him the previous Tuesday evening, stating that she wanted to kill the cat. He did not sell it to her. Going to another drug store, she asked for strychnine to kill a cat, but not obtaining this, she finally purchased one ounce of chloroform from the same store. The child's stomach was sent to Toronto, and the results of the autopsy is awaited. Crown Attorney A. C. Shaw is instituting a charge of murder against Marian McKay, following the enquiry. The young woman is about thirty years of age, of Scottish parentage. She states that her parents have at different times been inmates of the asylum.

(Canadian Press Despatch) London, March 20.—Figures on the shipping output and tonnage losses of Great Britain will be published regularly hereafter, it was announced in the House of Commons to-day by Sir Eric Geddes. It would not be in the national interest, however, to give the tonnage of losses up to date, the First Lord added. The world's tonnage, exclusive of enemy ships, had fallen two million and a half from the beginning of the war to the end of 1917, Sir Eric stated.

Lieut. G. E. Robinson of Engineering Corps Victim—Formerly Bank Manager

The Whig received word that at 2 o'clock (this) Wednesday afternoon, the dead body of an officer had been found on the ice at the foot of a seventy-five foot cliff, in the eastern part of Brockville. The body had not been identified at press time, but the man is believed to be from Kingston. He was wearing the uniform of a lieutenant of the Engineers of Kingston. The man was also wearing a silver ring, with the initials "G. E. R." The body was found by members of the military police, who were patrolling the ice in search of deserters. The officer's cap was missing. The body is that of a man thirty years old, well built, clean shaven. He is not known in Brockville, and the military authorities at Kingston are being communicated with in order that the officer may be identified. Man Was Identified. Later word was received that the man had been identified as Lieut. G. E. Robinson, and was attached to the Forestry Battalion in Brockville. He was formerly manager of a branch of the Union Bank in Ottawa. Dr. Harding is making an investigation. It is believed that the man's mind became deranged and that it is a case of suicide.

THE WORLD'S NEWS IN BRIEF FORM

Tidings From All Over Told in a Pithy and Pointed Way.

Houses of ill-repute in France have been placed outside the bounds of British troops. The price of live hogs advanced to \$29.50 per cwt. on the Toronto live stock market on Tuesday. The newspaper output in the United States for the first two months of 1918 showed an increase. The debate in the Commons on the address in reply to the speech from the throne was concluded Tuesday night. The American consul at Odessa escaped before the German occupation of that city and is now safe at Roskoff. Ottawa has selected as its chief auditor W. C. Tolley, assistant city auditor of Toronto, at a salary of \$5,000 a year. It is likely that Hon. Charles Macell will be elected deputy speaker. It apparently lies between Lucien Paquet, Mebantic, and Mr. Marcel. Hon. Charles Murphy, in the Commons, made a slashing attack on Hon. Newton W. Rowell, the Toronto Globe, the Toronto Star, and the Christian Science Monitor. The United States food administration announces the first of a series of steps planned to stretch flour supplies sufficiently to feed the country and maintain shipments to the Allies until the next harvest.

Surprisingly Satisfactory. (Canadian Press Despatch) London, March 20.—The British Admiralty announces two fishing vessels sunk last week. If the above Admiralty statement is complete it constitutes a most surprisingly satisfactory record. Fish and meat valued at many thousand dollars have been destroyed in Montreal during the past month as unfit for human consumption. The London & Lake Erie Transportation Company directors decided to offer the road to London at \$420,000 being fifty cents on the dollar.
