

CHILDREN HAD WHOOPING COUGH

Whooping cough, although specially a disease of childhood, is by no means confined to that period, but may occur at any time of life. It is one of the most dangerous diseases of infancy, and yearly causes more deaths than scarlet fever, typhoid or diphtheria, and is more common in female than male children.

Whooping cough starts with sneezing, watering of the eyes, irritation of the throat, feverishness and cough. The coughing attacks occur frequently, but are generally more severe at night.

On the first sign of a "whoop" Dr. Wood's Norway Pine Syrup should be administered, as it helps to clear the bronchial tubes of the collected mucus and phlegm.

Mrs. George Cooper, Bloomfield, Ont., writes: "It is with pleasure I can write and tell you that there never was a better cough medicine made than Dr. Wood's Norway Pine Syrup. Our children had whooping cough last winter, and that is the only thing that seemed to help them. It loosens up the phlegm so that they could raise it easily. I will never be without it."

"Dr. Wood's" is 25c and 50c a bottle; put up in a yellow wrapper; three pine trees (the trade mark) manufactured by The T. Milburn Co., Limited, Toronto, Ont.

Will Receive Son's Decoration. The Military Cross awarded the late Captain W. "Hugo" Marris for conspicuous gallantry at Courcelles in May, 1917, but with which he had not been invested before he was killed last October, has been forwarded to the Duke of Devonshire and will be presented to ex-Mayor W. D. Morris, Ottawa, father of the deceased officer, this week. The deceased officer is a nephew of John Morris, of Kingston.

A good name is said to be better than great riches, but with a plutocratic dad a girl may purchase a second-hand title.

ANXIOUS TO SELL POWER UTILITIES COMMISSION HAS MUCH TO DISPOSE OF.

Electrifying the Waterworks to Save \$4,582.20 a Year—Old Gas Holder Needs Repairs.

The Utilities Commission, which met on Monday afternoon, is very anxious to dispose of the hydro power for which it is paying the Hydro-Electric Commission. Manager Folger reports that the power is costing the Commission a cent and a half a kilo-watt-hour. When sales of quantities of the power are effected this cost will be reduced to less than one cent a kilo-watt. Efforts are being made to supply the Locomotive Works, the Mowat Hospital, Portsmouth, the penitentiary, Rockwood Asylum and various business places in the city. Power can be furnished at low rates. When the waterworks electric pumps are installed 300 horse-power will be accounted for, and the Commission is in hopes of being able to dispose of all it is at present taking from the Trent.

Manager Folger reported to the Commission that he had prepared a detailed statement for the City Council with reference to the new electrical apparatus being installed at the waterworks. The net saving by the electrical operation of the pumps is estimated at \$4,582.20. The Council is being asked to issue debentures for the expenditure of \$30,000 for the work, but has withheld granting the Commission's request until detailed information is submitted. Chairman G. Y. Chown will confer with the civic finance committee on Thursday evening and explain the necessity of Council providing the \$30,000 asked for. It is pointed out that not only will cost be saved, but that the operation of the plant will be done more economically.

Street Railway Power. The manager is making every effort to get the necessary machinery installed for supplying the street railway with more power. Only six

weeks remain before the company's summer schedule will come into effect, and this schedule cannot be carried out with the present amount of power furnished. The locomotive works will help the manager by making some of the necessary shafting that companies outside cannot undertake to make at the present time.

Work on the new gas holder is being started under the direction of Mr. Burnett, the Toronto expert, who was here last week. Mr. Burnett will be asked for a report as to repairs required by the old tank.

Hydro Power Act Amended. City Solicitor Whiting reported as to an amendment made at the present session of the Ontario Legislature to the Hydro Power Act. Hereafter a municipal council cannot issue debentures for extensions to an electrical plant without first consulting the Hydro-Electric Commission.

The Commission acceded to the request of the Woman's Council, which asked that due notice be given the public when shoe water was pumped into the mains again.

In reply to the City Council's complaint with regard to the haymarket fountain, the Commission will say that it is not responsible. The repairs must be done by the city.

It was stated that the belting purchased twenty-two years ago for the plant engines has been sold to a Hamilton company for \$400, the same figure as then paid for the material. The manager has retained enough of the belting for the plant's needs.

Financial Statement. Chairman Chown announced that the auditor would present to the City Council at its meeting next week the financial report of the Commission's operations during 1917.

The report of Engineer Evans, on mis-statements in the report of the Canadian Underwriters' Association's report with regard to the waterworks plant was ordered to be forwarded to that association's head office.

Manager Folger was instructed to attend a meeting of the Canadian Gas Association executive at the expense of the Commission.

Table with 2 columns: Item, Amount. Includes Canadian Customs (\$1,655.33), Mrs. M. M. Chapman (\$28.80), Canadian Customs (\$20.00), Buffalo Meter Co. (\$308.99), Canadian Brass Co. (\$135.79), Canadian General Elec. Co. (\$64.80), Canadian Pacific Railway (\$69.12), A. Chown & Co. (\$1,323.35), Collingwood Shipbuilding Co. (\$4.50), J. R. C. Dobbs (\$24.66), Dominion Express Co. (\$1.00), Electrical Maintenance Co. (\$45), Gananogue Power Co. (\$753.57), J. U. Gauthier (\$270.00), Grand & Toy (\$136.60), Imperial Oil Co. (\$2,072.58), McGraw-Hill Pub. Co. (\$3.00), Northern Electric Co. (\$1,322.10), Simmons Bros. (\$12.50), Standard Printing Co. (\$51.90), Jas. Swift & Co. (\$82.90), D. J. Zurbrigg (\$1.55), Express, postage, etc. (\$117.96).

In attendance were G. Y. Chown (chairman), R. N. F. Macriane, R. P. Elliott and T. J. Rigney.

BEST FOR LIVER, BOWELS, STOMACH, HEADACHE, COLDS

They Live the Liver and Bowels and Straighten You Right Up.

Don't Be Bilious, Constipated, Sick, with Breath Bad and Stomach Sour.

Tonight sure! Take Cascarets and enjoy the nicest, gentlest liver and bowel cleansing you ever experienced. Wake up with your head clear, stomach fine, Get rid of sick headache, biliousness, constipation, furred tongue, sour stomach, bad colds. Clear your skin, brighten your eyes, quicken your step and feel like doing a full day's work. Cascarets are better than salts, pills or calomel because they don't shock the liver or gripe the bowels or cause inconvenience all the next day.

THE GREAT WAR VETERANS

PASS RESOLUTIONS CALCULATED TO PROMOTE EFFICIENCY.

Resolutions to Be Sent to Ottawa—Justice Is Demanded for the Returned Soldier.

The Kingston branch of the Great War Veterans' Association of Canada met on Monday night and, after disposing of the usual routine business, discussed at length a number of important resolutions. The following were passed unanimously: That the first and chief business of the citizens of Canada is to get on with the war.

That the time has not yet come for rewarding heroes as such. That any changes advocated by the Kingston branch are in the interest of efficiency and the winning of the war, and are not aimed to obtain soft jobs for returned soldiers.

That inefficient who were returned as such from Valcartier, England and France are not made efficient by the mere fact that they reported at headquarters.

That Canada, at this time, has no place in her economy for drones. That those—not including returned soldiers—who are able to work and who not work, ought to be made work.

That men who have not been overseas, unless of outstanding ability, or were not so able, deal with the problem of lining up the returned soldiers at once in the ranks of our great production army. That the Kingston branch of the G.W.V.A. was asked to endorse the principle that all officers who have not been overseas should go overseas and that we refused this endorsement.

That with a view to the passing of the resolution, names be obtained from official lists of officers, N.C.O.'s and men of Military District No. 3 who have not been overseas be considered quite justifiable and in order.

The medical service and pension system also came under review, which resulted in the passing of the following resolutions:

That the Standing Medical Board be composed of returned men.

That headquarters be asked to appoint returned medical officers in all cases to compose the standing medical boards in all districts, and to deal with all recommendations concerning disability.

That headquarters be asked the reason why men are discharged without pension.

This meeting recommended that all men discharged for "T.B." be allowed full pension.

The pension board be guided by the medical board in awarding pensions.

That Mr. Knight be asked to interview the pension board with a view to ascertaining if the board is governed by the decision of the medical board.

Three delegates are to be appointed at the next meeting, to be held Wednesday, to take the above resolutions to Ottawa for consideration by the Dominion Executive Committee with a view to having representations made to the Government that will secure official action.

The meeting manifested a keen spirit of patriotism and a sincere desire to promote the interest of efficiency and economy, with a view to helping the Empire at a time when all available energy should be directed toward winning the war.

A strong determination that the returned soldier, without distinction of rank, should receive only justice was clearly shown; that the selection of individuals for rewards and honors should be based upon meritorious service only; and that such selection by the Government should

be deferred to a more fitting time than the present.

KINGSTON EVENTS 25 YEARS AGO

The local societies are feeling the effects of the exodus of young men to the United States in search of employment.

A business which is proving profitable is the shipment of hard wood ashes from this port to Florida and other points. During the winter large lots of ashes have been sent away via the G.T.L. The ashes are principally used for fertilizing purposes on fruit lands.

D. Nicol says that before the farmers of Frontenac can raise a good class of horses they will have to get rid of their present inferior stock.

Still in Our Midst. Old man winter is still in our midst. After being given his walking ticket, he did a "come back" stunt Monday night. The mercury took a drop and snow fell.

The SAFEST MATCHES in the WORLD Also the Cheapest! — are EDDY'S "SILENT 500'S" Safest because they are impregnated with a chemical solution which renders the stick "dead" immediately the match is extinguished. Cheapest, because there are more perfect matches to the sized box than in any other box on the market. War time economy and your own good sense, will urge the necessity of buying none but EDDY'S MATCHES.

WARNING! The death of a munition worker was recently reported as a result of blood-poisoning from a slight cut. Now we are all more or less liable to accidents, both at home and at work, but we can protect ourselves against serious consequences by applying Zam-Buk immediately an injury to the skin is sustained. Zam-Buk contains very unusual qualities. It is a strong antiseptic, and at the same time is very soothing and healing. It is, therefore, capable of ending the pain and destroying the poison in a wound before healing. Zam-Buk not only destroys all germs in a wound, but by protecting it from the germ-laden air keeps other diseases out. At the same time the healing essences of Zam-Buk grow new skin, which gradually covers the sore place and a complete cure is the result. There is nothing else known to science which will perform the healing miracles done by Zam-Buk. This is because of the secret herbal composition of this balm. Be prepared for any emergency by keeping a box of Zam-Buk on hand. 50c box, 3 for \$1.25. All dealers or Zam-Buk Co., Toronto. Send no stamp (for postage) and FREE trial box will be sent you.

Glasses Broken! We are equipped to replace any broken lens, no matter where it was made. Quick and sure service. "EYES EXAMINED." J. J. STEWART, Opt.D. OFFICIAN AND OPTOMETRIST Opposite Post Office, Kingston.

Letters to the Editor

Wise Town Fathers of Gananogue. Gananogue, March 23.—(To the Editor): Two weeks ago a man addressed the council requesting that it protect him from his rival rag peddlers coming here occasionally from outside. A committee was appointed and last Tuesday it recommended that a by-law be passed fixing the fee for outside peddlers. It means peddlers at \$5 per day, or \$50 per year, by-law not to apply to dealers who purchase scraps from the manufacturers in carload lots.

It resembles very much the story of a wolf seeking protection from the daring, bold sheep. But where is the logic and justice of the committee to grant the wolf's enormous appetite.

When local dealers cut down prices we find wives, and lots of children, collecting domestic junk, are looking for an outside peddler as a godsend, knowing they will get a half dollar or a quarter instead of two coppers from the local rag man.

If it is logical and just to protect manufacturers from monopoly by a junk dealer why not protect the public, mostly the poor, from the same evil, when a woman or child may get twice or three times more for a bag of rags or rubbers?

By passing such a by-law the sole gainer is one local firm and hundreds of residents are the losers.

It is considered the mayor, W. Wilson, a practical business man, having at heart the interests of the people, will veto such a by-law. —A. ZIVIAN.

Was a Methodist. N. Albertson, 114 Lower Bagot street, writes the Whig in regard to a Verona report of the death of his mother at that place, which appeared in Monday's issue. He states that his mother was not a Roman Catholic, but a member of the Methodist church during her married life and that her husband was also a member of the Methodist church. Mr. Albertson's deceased father was a Royal Arch member. Rev. Mr. Fairburn, Methodist minister, officiated at the burial service at the request of his mother.

No Meeting Arranged. The date in the proclamation having passed for the calling of Frontenac County Council to consider the question of greater production, Warden Reed has the matter under advisement and if he considers a meeting necessary the date will be announced later.

The Hearing Postponed. A resident of Loughboro Township who is accused of cutting down timber on the property of his landlord, is reported missing, and as a result the hearing of the case before Justice of the Peace George Hunter has been postponed.

Mothers find Grape-Nuts A Splendid Food for Growing Children A FOOD THAT BUILDS STRONG AND SURE
