MARCH TO VICTORY. Courage is a matter of the blood. Without good red blood a man has a weak heart and poor nerves. In the spring is the best time to take stock of one's condition. If the blood is thin and watery, face pale or pimply, generally weak, tired and listless, one should take a spring tonic. One that will do the spring house-cleaning, an old-fashioned herbal remedy that was used by everybody nearly 50 years ago is still safe and sane because it contains no alcohol or narcotics. It is made up of Blood root, Golden Seal root, Oregon Grape root, Queen's root, Stone root, Black Cherry bark—extracted with glycerine and made into liquid or tablets. This blood tonic was first put out by Dr. Pierce in ready-to-use form and since then has been sold by million bottles as Dr. Pierce's Golden Medical Discovery. It druggists do not keep this in tablet form, send 50 cents for a vial to Dr. Pierce's Invalid Hotel, Buffalo, N. Y., or branch in Bridgeburg, Ont. CENTRAL BUTTE, SASK.—I have used Dr. Pierce's Golden Medical Discovery for a number of years and am pleased to recommend it as a blood purifier. I know it no equal as I used it for my boy. My neighbors and friends were surprised with the results; in fact, I do not think he would be alive today had it not been for the 'Medical Discovery.' I also keep it on hand for coughs as it differs so from other medicines, instead of upsetting the stomach as cough syrups do, it goes to the stomach. I only wish I had known about Dr. Pierce's medicine sooner. Mrs. Percy Wood.
